FOR FURTHER INFORMATION CONTACT: Carolyn Siu, Office of Mission Critical Operations (Mail Code 7602M), Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 566–1204; email address: siu.carolyn@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through August 31, 2026. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public comments were previously requested via the **Federal Register** on December 15, 2025 during a 60-day comment period (90 FR 57999). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA’s public docket, visit <http://www.epa.gov/dockets>.

Abstract: This ICR addresses the information collection activities associated with the requirement that the EPA receive notice when unregistered pesticides are exported from the United States to foreign purchasers. This statement is to ascertain the purchasers’ understanding that the pesticide product cannot be sold in the United States. Section 17(a)(2) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) requires an exporter of any pesticide not registered under FIFRA Section 3 or sold under FIFRA Section 6(a)(1) to obtain a signed statement from the foreign purchaser acknowledging that the purchaser is aware that the pesticide is not registered for use in, and cannot be sold in, the United States. A copy of this statement, which is known as the Foreign Purchaser Acknowledgement Statement (FPAS) must be transmitted by EPA to the designated national authority or appropriate official of the government in the importing country. This information is submitted via mail or electronically in

annual or per-shipment statements to EPA, which maintains original records and transmits copies, along with an explanatory letter, via email to appropriate government officials of the countries that are importing the pesticide. This ICR also includes burden estimates for the FPAS requirement for unregistered pesticides, as well as the labeling requirement for all exported pesticides, both registered and unregistered as per 40 CFR 158. These burdens were consolidated into this ICR since the implementation of the 1993 pesticide export policy governing the export of pesticides, devices, and active ingredients used in producing pesticides.

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Form Number: 9600–026.

Respondents/affected entities: Entities potentially affected by this ICR include individuals or entities engaged that either manufacture and export pesticides or that reformulate or repackage and export pesticides.

Respondent’s obligation to respond: Mandatory. FIFRA section 17(a)(2).

Estimated number of respondents: 100 (total).

Frequency of response: On occasion.

Total estimated burden: 14,065 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$1,028,658 (per year), which includes \$0 annualized capital or operation & maintenance costs.

Changes in the estimates: There is a decrease of 2,595 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease reflects EPA’s adjustment of the estimated total annual number of responses to reflect the actual number of FPAS received by the Agency in recent years (2022 to 2024). This change is an adjustment.

Courtney Kerwin,

Deputy Director, Data and Enterprise Programs Division.

Public Meetings of the Clean Air Scientific Advisory Committee (CASAC) on Oxides of Nitrogen

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Branch is announcing two public meetings of the Clean Air Scientific Advisory Committee (CASAC). A virtual meeting will be held to receive public comments for the CASAC to consider in their peer review of EPA’s *Draft Integrated Science Assessment (ISA) for Oxides of Nitrogen (NO_x)—Health Criteria*. A face-to-face meeting will be held to conduct the peer review of the NO_x ISA.

DATES: The public virtual meeting will be held on Wednesday, September 9, 2026, from 1 p.m. to 4 p.m. Eastern Time. The public face-to-face meeting will be held on Wednesday, September 16, 2026, from 9 a.m. to 5 p.m. Eastern Time and Thursday, September 17, 2026, from 8:30 a.m. to 2 p.m. Eastern Time.

ADDRESSES: The meeting on September 9, 2026 will be conducted virtually only. Registration will be required to participate in the meeting. To register, please visit the CASAC website: <https://casac.epa.gov> and click on the September 9, 2026, meeting or visit: https://usepa.zoomgov.com/webinar/register/WN_cGm2ObD5Rja-WqUcetsUGQ.

The September 16–17, 2026, meeting will be held in person at the Raleigh Marriott Crabtree Valley Hotel, 4500 Marriott Dr., Raleigh, NC 27612. The meeting will also be streamed online, and registration will be required to watch. To register, please visit the CASAC website: <https://casac.epa.gov> and select the September 16–17, 2026, meeting or visit: https://usepa.zoomgov.com/webinar/register/WN_CTPZS7-VRK2RG4mCPx8Gkw.

FOR FURTHER INFORMATION CONTACT: For further information concerning this Notice, please contact Aaron Yeow, Designated Federal Officer (DFO), via telephone at (202) 564–2050, or email at yeow.aaron@epa.gov. General information about the CASAC, as well as any updates concerning the meeting announced in this document, can be found on the CASAC website at <https://casac.epa.gov>.

SUPPLEMENTARY INFORMATION:

Background: The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409(d)(2), to review air quality criteria and NAAQS and recommend to the EPA Administrator any new NAAQS and revisions of existing criteria and NAAQS as may be appropriate. The CASAC shall also: advise the EPA Administrator of areas in which additional knowledge is required to appraise the adequacy and basis of existing, new, or revised NAAQS; describe the research efforts necessary to provide the required information; advise the EPA Administrator on the relative contribution to air pollution concentrations of natural as well as anthropogenic activity; and advise the EPA Administrator of any adverse public health, welfare, social, economic, or energy effects which may result from various strategies for attainment and maintenance of such NAAQS. As amended, 5 U.S.C., App. Section 109(d)(1) of the Clean Air Act (CAA) requires that EPA carry out a periodic review and revision, as appropriate, of the air quality criteria and the NAAQS for the six "criteria" air pollutants, including oxides of nitrogen.

The CASAC is a federal advisory committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C. chapter 10, and conducts business in accordance with FACA and related regulations. The CASAC will comply with the provisions of FACA and all appropriate SAB Branch procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the CASAC will hold two public meetings to receive public comments and to peer review the NO_x ISA.

Availability of meeting materials: All meeting materials, including the agenda, will be available on the CASAC web page at <https://casac.epa.gov>.

Procedures for providing public input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments pertaining to the committee's charge or meeting materials. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for the CASAC

to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comments should follow the instructions below to submit comments.

Oral statements: In general, individuals or groups requesting an oral presentation virtually will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Persons interested in providing oral statements should contact the DFO listed in the **FOR FURTHER INFORMATION CONTACT** section; preferably via email, by September 2, 2026, to be placed on the list of registered speakers.

Written statements: Written statements will be accepted throughout the advisory process; however, for timely consideration by CASAC members, statements should be submitted to the DFO by September 2, 2026. Written statements should be supplied by email to the DFO listed in the **FOR FURTHER INFORMATION CONTACT** section. Submitters are requested to provide an unsigned version of each document because the SAB Branch does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the CASAC website. Copyrighted material will not be posted without the explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact the DFO listed in the **FOR FURTHER INFORMATION CONTACT** section; at least ten business days before the meetings, to give the EPA as much time as possible to process your request.

V. Khanna Johnston,

Chief, Science Advisory Board Branch.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Residential Lead-Based Paint Hazards Disclosure Requirements (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), Residential Lead-Based Paint Hazards Disclosure Requirements (EPA ICR Number 1710.10 OMB Control Number 2070-0151) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through August 31, 2026. Public comments were previously requested via the **Federal Register** on November 26, 2025 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

DATES: Comments may be submitted on or before September 28, 2026.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OPPT-2017-0631, to EPA online using www.regulations.gov (our preferred method), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 2821T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Carolyn Siu, Office of Mission Critical Operations (Mail Code 7602M), Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 202-566-1205; email address: siu.carolyn@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through August 31, 2026. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.
