(a) *Location.* The following area is a designated zone within which a safety zone with a radius of up to 500-yards, will be established for aerial displays. The designation of a safety zone as being subject to enforcement under this rule requires the coordinates defining the center of the designated zone to be within the boundaries of the area described as follows: All waters of the Upper Bay, in the vicinity of Liberty Island and Governors Island, from surface to bottom, encompassed by a line connecting the following points beginning at 40°42'20.9" N, 74°02'05.7" W, thence to 40°42'05.8" N, 74°00'58.5" W, thence to 40°41'35.7" N, 74°00'14.3" W, thence to 40°40'46.5" N, 74°01'09.7" W, thence to 40°41'26.2" N, 74°03'17.3" W, and along the shoreline back to the beginning point. These coordinates are based on the North American Datum 83 (NAD 83).

(b) *Definitions.* As used in this section, *designated representative* means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel and a Federal, State, and local officer designated by or assisting the Captain of the Port New York (COTP) in the enforcement of the safety zone.

(c) *Regulations.* (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP's designated representative.

(2) To seek permission to enter, contact the COTP or the COTP's

representative on VHF-FM channel 16 or by telephone at (718) 354-4356. Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative.

(d) *Effective dates and enforcement periods.* This rule is effective from September 1, 2026, through September 30, 2026, but it will only be subject to enforcement at specific times and in specific locations dependent on when the aerial displays will be taking place. The COTP will make notification of the exact dates, times, and center point location of the 500-yard radius for each safety zone in advance of each enforcement period for the locations above in paragraph (a) of this section to the local maritime community through marine broadcasts, local notice to mariners, or by on-scene oral notice.

[Docket No. USCG-2026-1022]

Safety Zones; Fireworks Displays in the USCG East District—Beach Haven, NJ

AGENCY: Coast Guard, DHS.

ACTION: Notification of enforcement of regulation.

SUMMARY: The Coast Guard will enforce a safety zone in Little Egg Harbor, NJ, to provide for the safety of life on navigable waterways during a barge-based fireworks display. Our regulation for marine events within the USCG East District identifies the boundaries of the regulated area. During the enforcement period, no person or vessel may enter, remain in, or transit through the regulated area, and anyone in the vicinity must comply with directions from the Patrol Commander or any Official Patrol displaying a Coast Guard ensign.

DATES: The safety zone identified in entry 7 of table 1 to paragraph (h)(1) of 33 CFR 165.506 will be enforced from 9 p.m. through 10 p.m. on September 5, 2026, or, alternatively, on a rain date of September 6, 2026, with the same times.

FOR FURTHER INFORMATION CONTACT: If you have questions about this

notification of enforcement, call or email Petty Officer Dominick Dobridge, U.S. Coast Guard, Sector Delaware Bay, Waterways Management Division, telephone 206-815-6688, option 3, or email SecDelBayWWM@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the safety zone in entry 7 of table 1 to paragraph (h)(1) to 33 CFR 165.506 from 9 p.m. through 10 p.m. on September 5, 2026, or on a rain date of September 6, 2026, with the same times. This enforcement period varies from the July dates provided in the table, but the enforcement periods for each safety zone in paragraph (h) of § 165.506 are subject to change, as noted in 33 CFR 165.506(c).

Activating the enforcement period is necessary to ensure safety of life on the navigable waters of the United States immediately prior to, during, and immediately after a barge-based fireworks display in Little Egg Harbor, NJ. The regulated area includes all waters of Little Egg Harbor within a 500-yard radius of the fireworks barge position. The approximate position for the barge is latitude 39°34'09.32" N, longitude 074°14'31.67" W. During the enforcement period, as reflected in § 165.506(d), vessels may not enter, remain in, or transit through the safety zone unless authorized by the Captain of the Port or designated Coast Guard patrol personnel on-scene.

In addition to this notification in the **Federal Register**, the Coast Guard will provide notice of this enforcement period via Local Notice to Mariners and Broadcast Notice to Mariners.

R. Rivera,

Captain, U.S. Coast Guard, Captain of the Port, Sector Delaware Bay.
