Animal Plant and Health Inspection Service

Title: African Swine Fever; Importation of Live Dogs for Resale from Regions Where ASF. Exists or Is Reasonably Believed to Exist.

OMB Control Number: 0579–0478.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pests or diseases of livestock or poultry. The Secretary may also prohibit or restrict import or export of any animal or related material if required to prevent the spread of any livestock or poultry pest or disease. The AHPA is contained in title X, subtitle E, sections 10401–18 of Public Law 107–171, May 13, 2002, the Farm Security and Rural Investment Act of 2002; 7 U.S.C. 8301, *et seq.* The Animal and Plant Health Inspection Service (APHIS) Veterinary Services (VS) business unit is responsible for preventing foreign animal disease outbreaks in the United States, and monitoring, controlling, and eliminating a disease outbreak should one occur.

APHIS has determined that dogs imported from African swine fever (ASF)-affected countries for resale purposes, along with their bedding, represent a possible pathway for the introduction of disease. To block this pathway, APHIS has issued a Federal Order imposing several restrictions on the importation of dogs for resale from regions where ASF exists or is reasonably believed to exist. Importers will need to verify that they have met these restrictions by completing and submitting a Dog Import Record form, ASF VSDIR 1.

Need and Use of the Information: This form helps APHIS determine where dogs are coming from (to assess the risk of whether they could have been exposed to ASF), where they are going, and, most importantly, measures taken to ensure neither the dogs nor anything that came with them can spread ASF. Both parts of the VS Dog Import Record must be completed and submitted for each shipment of imported dog or dogs intended for resale.

The form also contains space for a detailed list of bathing confirmation for the individual dog or dogs imported, including the dogs' microchip numbers; name; age; gender; breed, color and markings; and the date of bathing. Each

person bathing the dog or dogs must sign the form, as well as the importer.
