SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through August 31, 2026. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public comments were previously requested via the **Federal Register** on November 18, 2025 during a 60-day comment period (90 FR 51748). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA’s public docket, visit <http://www.epa.gov/dockets>.

Abstract: EPA administers certification programs for pesticide applicators under section 11 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). FIFRA allows EPA to classify a pesticide as “restricted use” if the pesticide meets certain toxicity or risk criteria. The regulations in 40 CFR part 171 include procedures for certification programs for States, Federal agencies, Indian tribes, or U.S. territories who wish to develop and implement their own certification plans and programs, after obtaining EPA approval. This ICR addresses the paperwork activities performed by respondents to comply with training and certification requirements associated with applicators of restricted use pesticides (RUPs). Due to the potential of improperly applied RUPs to harm human health or the environment, pesticides under this classification may be purchased and applied only by “certified applicators” or by persons under the direct supervision of certified applicators. Currently all 50 states, the

District of Columbia, 6 territories, 4 tribes and 5 federal agencies are authorized to run their own certification programs within their jurisdictions, but each agency’s certification plan must be approved by EPA before it can be implemented. Agencies authorized by EPA to administer a certification program are collectively referred to as “authorized agencies.” In areas where no authorized agency has jurisdiction, EPA may administer a certification program directly, (e.g., Federal program). Federal programs require RUP dealers to maintain records of RUP sales and to report and update their names and addresses with the pesticide regulatory agency for enforcement purposes. This ICR also addresses how registrants of certain pesticide products are expected to perform specific, special paperwork activities, to comply with the terms and conditions of the pesticide registration (e.g., registrants of anthrax-related pesticide products).

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Form Numbers: 8500–17 and PFN–3400–5.

Respondents/affected entities: Entities potentially affected by this ICR include agricultural establishments, pest control officials, pesticide registrants, pesticide dealers, and administrators of environmental protection programs, governmental pest control programs, pesticide applicator certification programs (e.g., authorized agencies), and RUP dealers (only for EPA administrated programs). North American Industrial Classification System (NAICS) codes are identified in question 12 of the ICR supporting statement.

Respondent’s obligation to respond: Mandatory, FIFRA sections 3 and 11, and 40 CFR part 171.

Estimated number of respondents: 2,722,243 (total).

Frequency of response: On occasion.
Total estimated burden: 3,350,305 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$165,574,064 (per year), which includes \$0 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is decrease of 309,989 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease is due to updated burden estimates. Respondents are now familiar with the regulations and certifying authorities have moved from

the intensive 2017 update process into the easier implementation phase of updating their certification programs. During this phase, certifying authorities may experience some paperwork burden if modifications to approved plans are needed, though these changes would only occur on an as-needed basis and are more limited in scale compared to the previous burden estimates. These changes are adjustments.

Courtney Kerwin,

Deputy Director, Data and Enterprise Programs Division.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Confidential Business Information Claims Under the Toxic Substances Control Act (TSCA) (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), Confidential Business Information Claims under the Toxic Substances Control Act (TSCA) (EPA ICR Number 2706.03, OMB Control Number 2070–0223) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through August 31, 2026. Public comments were previously requested via the **Federal Register** on April 27, 2026 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

DATES: Comments may be submitted on or before September 28, 2026.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA–HQ–OPPT–2025–3955, to EPA online using www.regulations.gov (our preferred method or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 2821T, 1200 Pennsylvania Ave. NW, Washington, DC 20460).

EPA’s policy is that all comments received will be included in the public docket without change including any personal information provided, unless

the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through August 31, 2026. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public comments were previously requested via the **Federal Register** on February 25, 2026 during a 60-day comment period (91 FR 19250). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA’s public docket, visit <http://www.epa.gov/dockets>.

Abstract: EPA is renewing the information collection concerning the assertion and maintenance of claims of business confidentiality (also known as Confidential Business Information or “CBI”) under the Toxic Substances Control Act (TSCA), 15 U.S.C. 2601, *et seq.* The Frank R. Lautenberg Chemical Safety for the 21st Century Act, Pub. L. 114–182 referred to in this Notice as “Lautenberg”), made significant amendments to TSCA including new provisions governing the assertion of CBI claims and requirements concerning Agency review and treatment of confidentiality claims. Among the changes to TSCA are new provisions on EPA review, submitter maintenance, time limitations for CBI claims, and an

option to extend confidentiality claims for up to 10 additional years. 40 CFR 703 specifies Agency procedures for reviewing and communicating with TSCA submitters about confidentiality claims, including requirements for submitters to maintain contact information, procedures EPA will use to provide notices to submitters concerning their claims, and the manner in which EPA will notify submitters concerning the impending expiration of certain claims.

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Form Numbers: PFN–7710–56; 6300–017; 7710–25; 7710–56; 9600–010; 9600–030; 9600–031; 9600–032; 9600–034; 9600–035; 9600–036; 9600–049; and 9600–060.

Respondents/affected entities: Entities potentially affected by this ICR include Entities potentially affected by this ICR include North American Industrial Classification System (NAICS) codes identified in question 12 of the ICR.

Respondent’s obligation to respond: Mandatory. 15 U.S.C. 2713 and 40 CFR 703.

Estimated number of respondents: 1,504 (total).

Frequency of response: On occasion.

Total estimated burden: 623 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$53,050 (per year), which includes \$0 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is a decrease of 709 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This change, which is discussed in more detail in the ICR, reflects EPA’s successful implementation of the Lautenberg provisions governing the assertion of CBI claims through the finalization of the Confidential Business Information Claims Under the Toxic Substances Control Act (TSCA) rule published on June 7, 2023 (88 FR 37155) which amended and reorganized requirements concerning Agency review and treatment of confidentiality claims. This information collection also accounts for provisions that allow submitters the opportunity to request an extension of CBI claims and for EPA to review time limitations for CBI claims and extension of confidentiality claims

for up to 10 additional years. This change is an adjustment.

Courtney Kerwin,

Deputy Director, Data and Enterprise Programs Division.
