

Public comments were previously requested via the **Federal Register** on November 26, 2025 during a 60-day comment period (90 FR 54325). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: This ICR covers the information collection activities associated with the reporting and recordkeeping requirements for sellers', lessors', and their agents' disclosure activities in target housing including the allowance of up to ten days for an optional risk assessment or inspection before being obligated under purchase or lease contract.

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Form Numbers: EPA Forms 9600-040 and 9600-041.

Respondents/affected entities: Entities potentially affected by this ICR include lessors of real estate and real estate agents North American Industrial Classification System (NAICS) codes 5311 and 5312.

Respondent's obligation to respond: Mandatory. 40 CFR 475.

Estimated number of respondents: 39,979,082 (total).

Frequency of response: On occasion.

Total estimated burden: 4,456,371 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$130,820,508 (per year), which includes \$0 annualized capital or operation & maintenance costs.

Changes in the estimates: There is decrease of 1,024,698 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease, which is discussed in more detail in the ICR, reflects EPA's updating of burden estimates for this collection based on recent data on the number of home sales and new rental agreements over the past few years, as well as the number of real estate agents assisting buyers, sellers, and lessors of

properties. This change is an adjustment.

Deputy Director, Data and Enterprise Programs Division.
