A **Federal Register** notice with a 60-

comments on this collection of
information was published on March 3,
2026 (91 FR 10410). We received one
comment, available at [https://

2022-0005-0028](https://www.regulations.gov/comment/BIA-2022-0005-0028) with pertinent
summary below.

Comment 1: The National Indian
Education Association (NIEA)
recommends establishing mechanisms
for tribal data ownership and
governance; incorporating tribally
defined indicators of success, including
language and cultural measures;
ensuring meaningful consultation in
system design and renewal; increasing
transparency in how data informs
funding decisions; strengthening
safeguards for sensitive information;
and reducing unnecessary
administrative burden on Tribal
schools.

Agency Response to Comment 1:
Under 25 CFR 43, BIE maintains the
security and confidentiality of student
records with appropriate administrative,
technical and physical safeguards. The
Native American Student Information
System (NASIS) is a centralized system
for supporting school administrators,
teachers, staff, students, parents/
guardians, and Central Office staff.
NASIS access resources may be found at

www.bie.edu/events-and-consultation/
nasis-virtual-trainings](https://www.bie.edu/events-and-consultation/nasis-virtual-trainings).

As part of our continuing effort to
reduce paperwork and respondent
burdens, we are again soliciting
comments from the public and other
Federal agencies on the proposed ICR
that is described below. We are
especially interested in public comment
addressing the following:

(1) Whether or not the collection of
information is necessary for the proper
performance of the functions of the
agency, including whether or not the
information will have practical utility;
(2) The accuracy of our estimate of the
burden for this collection of
information, including the validity of
the methodology and assumptions used;

(3) Ways to enhance the quality,
utility, and clarity of the information to
be collected; and

(4) How might the agency minimize
the burden of the collection of
information on those who are to
respond, including through the use of
appropriate automated, electronic,
mechanical, or other technological
collection techniques or other forms of
information technology, *e.g.*, permitting
electronic submission of response.

Comments that you submit in
response to this notice are a matter of
public record. Before including your
address, phone number, email address,
or other personal identifying
information in your comment, you
should be aware that your entire
