DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; NIST MEP Client Impact Survey

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice of Information Collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before October 27, 2026.

ADDRESSES: Interested persons are invited to submit written comments by mail to Maureen O'Reilly, Management Analyst, NIST, 100 Bureau Drive, MS 1710, Gaithersburg, MD 20899 or by email to PRANIST@nist.gov. Please reference OMB Control Number 0693–0021 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Melissa Davis, NIST MEP, by phone at 301.975.5039, or by email at melissa.davis@nist.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

Sponsored by NIST, the Manufacturing Extension Partnership (MEP) is a national network of state-designated manufacturing extension centers working with small and

medium-sized manufacturers (SMMs) to assist them in developing new products and customers, expanding and diversifying markets, adopting new technologies, developing workforce strategies and solutions, and enhancing value within supply chains, ultimately improving SMM productivity and competitiveness. The information collected will provide the MEP Program with information and intelligence regarding outcomes associated with MEP Center technical assistance provided to U.S. based manufacturers. The collected information will assist in determining the performance of the MEP Centers at both local and national levels, provide information critical to monitoring and reporting on MEP programmatic performance, support a greater understanding of the effect of MEP Center technical assistance on U.S. SMMs, provide local insights on manufacturing trends, and assist management in policy decisions. Responses to the collection of information are voluntary. The information collected will include MEP client inputs regarding their sales, costs, investments, and employment, as well as inputs on client competitiveness challenges. MEP clients will take the survey online. Customers will only be surveyed once per year under this collection. Data collected in this survey is confidential.

II. Method of Collection

Information will be collected electronically.

III. Data

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the

methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

National Oceanic and Atmospheric Administration

[RTID 0648–XF994]

Fisheries of the South Atlantic; Southeast Data, Assessment, and Review; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, Commerce.

ACTION: Notice of webinar.

SUMMARY: The Southeast Data Assessment and Review (SEDAR) 90 assessment process of South Atlantic Red Snapper will consist of a Data Workshop, a series of Assessment Webinars, and a Review Workshop. See **SUPPLEMENTARY INFORMATION.**

DATES: The SEDAR 90 Assessment Webinar 11 will be held from 9 a.m. until 12 p.m. EDT on October 2, 2026.

ADDRESSES:

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

Meeting address: The SEDAR 90 Assessment Webinar 11 will be held via webinar. The webinar is open to members of the public. The established times may be adjusted as necessary to

accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from or completed prior to the time established by this notice. www.sedarweb.org.

FOR FURTHER INFORMATION CONTACT:

Emily Ott, SEDAR Coordinator; (843) 302-8434. Email: Emily.Ott@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with the NMFS and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the SEDAR process. SEDAR is a participatory process for developing, evaluating and reviewing information used for fisheries management advice. This multi-step process for determining the status of fish stocks in the Southeast Region may include (1) a data stage, (2) an assessment stage, and (3) a review stage. Each stage produces a report summarizing decisions made during that stage. A final stock assessment report is produced at the end of a SEDAR process documenting data sets used, model configurations, and the opinions from the independent peer review. Participants for SEDAR projects are appointed by the Gulf, South Atlantic, and Caribbean Fishery Management Councils and National Marine Fisheries Service Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants may include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations; International experts; and staff of Councils, Commissions, and State and Federal agencies.

The items of discussion in the SEDAR 90 Assessment Webinar 11 are as follows:

Participants will review recommendations made on Assessment Webinar 10 and continue discussion of new modeling topics. Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of

the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 25, 2026.
