[Docket No. CP26-549-000]

ETC Tiger Pipeline, LLC; Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Franklin Farms Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental document that will discuss the environmental impacts of the Franklin Farms Project involving construction and operation of natural gas facilities by ETC Tiger Pipeline, LLC (ETC Tiger) in Richland Parish, Louisiana. The Commission will use this environmental document in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies regarding the project. As part of the National Environmental Policy Act (NEPA) review process, the Commission takes into account concerns the public may have about proposals and the environmental impacts that could result from its action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. This gathering of public input is referred to as "scoping." The main goal of the scoping process is to focus the analysis in the environmental document on the important environmental issues. Additional information about the Commission's NEPA process is described below in the *NEPA Process and Environmental Document* section of this notice.

By this notice, the Commission requests public comments on the scope of issues to address in the environmental document. To ensure that your comments are timely and

¹¹ These Average Burden Hours estimates are rounded based on previously approved Total Burden Hours and respondents. The Total Annual Burden Hours reflect the already approved levels.
