SUPPLEMENTARY INFORMATION:**History**

FAA Order JO 7400.11K, Airspace Designations and Reporting Points, effective September 15, 2025, listed

Class A, B, C, D and E airspace areas; air traffic service routes; and reporting points. Due to the length of these descriptions, the FAA requested approval from the Office of the Federal Register to incorporate the material by reference in the Federal Aviation Regulations § 71.1, effective September 15, 2025, through September 15, 2026. During the incorporation by reference period, the FAA processed all proposed changes of the airspace listings in FAA Order JO 7400.11K in full text as proposed rule documents in the **Federal Register**, unless there was good cause to forego notice and comment. Likewise, all amendments of these listings were published in full text as final rules in the **Federal Register**. This rule reflects the periodic integration of these final rule amendments into a revised edition of FAA Order JO 7400.11M, Airspace Designations and Reporting Points. The Director of the Federal Register has approved the incorporation by reference of FAA Order JO 7400.11M in § 71.1, as of September 15, 2026, through September 15, 2027. This rule also explains the procedures the FAA will use to amend the airspace designations incorporated by reference in part 71. This rule also updates §§ 71.5, 71.15, 71.31, 71.33, 71.41, 71.51, 71.61, 71.71, and 71.901 to reflect the incorporation by reference of FAA Order JO 7400.11M.

Incorporation by Reference

This document incorporates by reference FAA Order JO 7400.11M, Airspace Designations and Reporting Points, dated July 30, 2026, and effective September 15, 2026, in § 71.1. FAA Order JO 7400.11M is publicly available as listed in the **ADDRESSES** section of this final rule. FAA Order JO 7400.11M lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends 14 CFR part 71 to reflect the approval by the Director of the Federal Register of the incorporation by reference of FAA Order JO 7400.11M, effective September 15, 2026, through September 15, 2027. During the incorporation by reference period, the FAA will continue to process all proposed changes of the airspace listings in FAA Order JO 7400.11M in full text as proposed rule documents in the **Federal Register**, unless there is good cause to forego notice and comment. Likewise, all amendments of these listings will be published in full text as final rules in the **Federal Register**. The FAA will periodically integrate all final rule amendments into a revised edition of FAA Order JO

7400.11 and submit the revised edition to the Director of the Federal Register for approval for incorporation by reference in § 71.1.

FAA Order JO 7400.11, Airspace Designations and Reporting Points is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Order 2100.6B, “Rulemaking and Guidance Procedures” (March 10, 2025); and (3) is expected to result in, at most, de minimis costs from compliance with applicable operating requirements or minor flight rerouting for operators choosing to navigate around the controlled airspace. Since these amendments are routine and the expected impact to operators is de minimis, the FAA certifies that this Final Rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

SUPPLEMENTARY INFORMATION:

I. Discussion of Rulemaking

The goal of this rulemaking is to amend two sections of the First Step Act (FSA) Time Credits regulation to accord with the best reading of the FSA and to conform with recent case law trends. On January 19, 2022, the Bureau of Prisons (BOP) codified its procedures regarding the earning and application of time credits as authorized by the FSA (hereinafter, “FSA Time Credits” or “Time Credits”), which provides that eligible inmates earn Time Credits toward prerelease custody or early transfer to supervised release for successfully completing certain approved programs or activities assigned to each inmate based on the inmate’s risk and needs assessments.

On February 19, 2025, President Donald J. Trump issued Executive Order (E.O.) 14219, “Ensuring Lawful Governance and Implementing the President’s ‘Department of Government Efficiency’ Deregulatory Initiative,” which directs all executive agencies to identify certain “classes of regulations” enumerated in Section 2(a) of the E.O. and subject to certain exemptions in Section 7. 90 FR 10583 (Feb. 25, 2025). Pursuant to that executive order, BOP reviewed its regulations and identified two sections of its FSA Time Credits regulation as ones to which revisions should be made to ensure the regulatory scheme is based on the best reading of the underlying statutory authority.
