

SUPPLEMENTARY INFORMATION: The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

OMB Control Number: 3060–1321.

Title: Section 73.619, Contours and service areas; § 73.625, TV antenna system; § 73.5006, Filing of petitions to deny against long-form applications; § 73.6024, Transmission standards and system requirements; § 73.6025, Antenna system and station location.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; not for-profit institutions.

Number of Respondents and Responses: 100 respondents and 100 responses.

Estimated Time per Response: 0.50 hours.

Frequency of Response:

Recordkeeping requirement; on occasion reporting requirement.

Obligation to Respond: Required to obtain or retain benefits.

The statutory authority for this information collection is contained in sections 154(i) and 325(a) of the Communications Act of 1934, as amended.

Total Annual Burden: 50 hours.

Total Annual Cost: None.

Needs and Uses: The Commission is requesting an extension of this information collection in order to receive approval/clearance from the Office of Management and Budget (OMB) for three years. Other information collection requirements that are covered under this collection have not changed since last approved by OMB.

47 CFR 73.619(b)(5) requires that in determining coverage, the elevation or contour intervals must be taken from a high quality bald earth map or dataset such as the United States Geological Survey Topographic Quadrangle Maps or the National Elevation Dataset.

47 CFR 73.625(c)(3)(v) requires that all azimuth plane patterns be plotted in a PDF attachment to an application in a size sufficient to be easily viewed; paragraph (vii) requires that if an elevation pattern is submitted in the application form, similar tabulations and PDF attachments must be provided for the elevation pattern; and paragraph (viii) requires that if a matrix pattern is submitted in the application form, similar tabulations must be provided as

necessary in the form of a spreadsheet to accurately represent the pattern.

Similarly, 47 CFR 73.6025 requires that applications for modified Class A TV facilities proposing the use of directional antennas include the documentation in § 73.625(c)(3).

47 CFR 73.5006 requires that within ten days following the issuance of a public notice announcing that a long-form application for an AM, FM, or television construction permit has been accepted for filing, petitions to deny that application may be filed in the Commission's Licensing and Management (LMS) database.

47 CFR 73.6024 requires that a Class A station within 275 kilometers of the U.S.-Mexico border must specify the full service emission mask in an application on FCC Form 2100.

Federal Communications Commission.

BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for Office of Management and Budget Review; Head Start State Collaboration Office Grant Application

AGENCY: Office of Head Start, Administration for Children and Families, Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Office of Head Start (OHS), Administration for Children and Families (ACF) is proposing a new information collection activity for the Head Start State Collaboration Office (HSCO) Grant Application. HSCO grants are authorized under the Head Start Act and support coordination between Head Start agencies and state systems serving young children and families. OHS has

developed new application instructions to align HSCO grant activities with states and federal priorities, including improving outcomes in child welfare, strengthening family formation, supporting effective service delivery, and enhancing early childhood education. This proposed information collection is necessary to support consistent implementation of program objectives and alignment across all states.

DATES: Comments due September 30, 2026.

ADDRESSES: The public may view and comment on this information collection request at: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202608-0970-009. You can also obtain copies of the proposed collection of information by emailing infocollection@acf.hhs.gov. Identify all emailed requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: OHS proposes collecting application materials from all states and territories receiving HSCO grants. These grants are non-competing and statutorily required. The new application instructions will guide states in aligning Collaboration Office activities with updated federal priorities and strengthening integration of Head Start within state early childhood systems.

The application will include brief narrative and structured responses describing state plans for coordination, systems integration, and program implementation. The request will ensure consistent documentation of proposed activities and enable ACF OHS to effectively administer and oversee the grants.

Existing HSCO grants will be extended through February 28, 2027, to allow time for PRA approval and transition to new grant awards. Following approval, OHS will issue new application instructions, and states will be provided with a defined application window to submit materials in advance of new 5-year grant awards.

Respondents: State governments (including the 50 states, the District of Columbia, and territories) receiving HSCO grants.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Annual number of responses per respondent	Average burden hours per response	Annual burden hours
HSCO Grant Application	52	1	10.4	540.8
