**SUPPLEMENTARY INFORMATION:**

**I. Background**

DOL is continuing to develop a new public facing data service consistent with the requirements of title II of the Foundations for Evidence-Based Policymaking Act of 2018, the goals described in DOL's Enterprise Data Strategy, and feedback from a prior public request for information on how DOL can optimally structure its public data offerings available through Docket No. DOL–2021–0005 at [www.regulations.gov](https://www.regulations.gov).

To best ensure that this service will optimally meet current, evolving, and long range needs among public, private, and Federal data users, specifically with respect to the kinds of data offered, the formats of machine readable data made accessible, the software and services that can connect to the Application programming Interface (API), and the kinds of documentation provided, DOL anticipates collecting a limited number of characteristic data elements from prospective users. These data elements will guide DOL efforts to provide questions about familiarity with APIs usage, preferred software, questions about topics of analysis to ensure that our creation of tutorials, code examples, documentation, and data schema best reflect the collective needs of our users. The information will also be used to

identify patterns and trends among users to inform proper administration of the service. DOL will not disclose any of the information being collected to the public.

DOL experience shows that the number of applicants to our public data services will vary considerably but will almost certainly exceed 10 or more persons (ref: 5 CFR 1320.3(c)(4)(ii)), so DOL seeks to obtain and maintain PRA clearance to conduct this information collection.

**II. Desired Focus of Comments**

OASP is soliciting comments concerning an information collection of user registrations to access a public Application Programming Interface providing machine readable subsets of public data generated by DOL programs and activities. OASP is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information has practical utility;
- Evaluate the accuracy of OASP's estimate of the burden related to the information collection, including the validity of the methodology and assumptions used in the estimate;
- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the information collection on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Documents related to this information collection request are available at <https://regulations.gov> and at DOL–OASP located at 200 Constitution Ave. NW, Washington, DC 20210. Questions about the information collection requirements may be directed to the person listed in the **FOR FURTHER INFORMATION** section of this notice.

## DEPARTMENT OF LABOR

### Privacy Act of 1974; System of Records

**AGENCY:** Department of Labor.

**ACTION:** Notice of a New Matching Program.

**SUMMARY:** In accordance with the Privacy Act of 1974, as amended, and Office of Management and Budget (OMB) guidance on computer matching, the Department of Labor (DOL) is providing notice of the establishment of a new matching program. Pursuant to the Payment Integrity Information Act of 2019 (PIIA), DOL is establishing a new matching program consisting of the computerized comparison of systems of records for benefits programs at DOL with the Do Not Pay (DNP) Working System, which is administered by the Department of Treasury's (Treasury) Bureau of the Fiscal Service. This matching program will enable the DOL programs listed in the appendix of this notice to compare records maintained in their respective systems of records with records maintained in the DNP Working System for the purposes of identifying and preventing improper payments and conducting any related recovery activities by verifying through DNP prepayment or pre-award eligibility.

**DATES:** Comments must be received no later than October 1, 2026. The new matching program will be effective 30 days after publication of this notice through September 10, 2029.

**ADDRESSES:** We invite you to submit comments on this notice. You may submit comments by any of the following methods:

- *Federal e-Rulemaking Portal:* <https://www.regulations.gov> or <https://www.federalregister.gov>. Follow the instructions for submitting comments.

All comments will be made public and will be posted without change to <https://www.regulations.gov>, including any personal information provided.

**FOR FURTHER INFORMATION CONTACT:**

Mara S. Blumenthal, DOL Privacy Program, by telephone at 202-693-3181, or by email at [privacy@dol.gov](mailto:privacy@dol.gov).

**SUPPLEMENTARY INFORMATION:** The Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100-503) amended the Privacy Act of 1974 (5 U.S.C. 552a) by establishing procedural

safeguards related to agencies' use of records when performing certain types of computerized matching. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for individuals when agencies perform these functions. Additionally, the Payment Integrity Information Act of 2019 (31 U.S.C. 3351 *et seq.*) provides the head of the agency operating the DNP Working System with the authority, in consultation with OMB, to waive the requirements in 5 U.S.C. 552a(o) in any case or class of cases for matching activities conducted under the DNP Initiative (31 U.S.C. 3354). Pursuant to this authority, the Secretary of the Treasury, after consulting with the OMB Director, authorized the issuance of a four-year waiver of the requirement for entering into a matching agreement under 5 U.S.C. 552a(o) for the class of matching programs that meet all of the criteria defined in OMB Memorandum M-25-32, *Preventing Improper Payments and Protecting Privacy through Do Not Pay*.

DOL, in consultation with Treasury, has determined that the DNP matching program described in this notice is eligible for the waiver described in OMB Memorandum M-25-32, which is effective from September 10, 2025 through September 10, 2029. For purposes of this notice, matching activities conducted between the Federal benefit programs listed in the appendix to this document and the DNP Working System constitute a single agency-wide matching program implementing DNP for DOL's listed programs.<sup>1</sup>

### Participating Agencies

The DOL programs listed in the appendix of this notice will match against the DNP Working System, which is maintained by the Bureau of the Fiscal Service at the U.S. Department of the Treasury.

### Authority for Conducting the Matching Program

The Payment Integrity Information Act of 2019 (31 U.S.C. 3351 *et seq.*) establishes the DNP Initiative and requires, for the purposes of identifying and preventing improper payments, each executive agency to have access to, and use of, the relevant databases in DNP to verify payment or award eligibility. Additional applicable authorities for this matching program include Executive Order 13520, *Reducing Improper Payments* (74 FR 62201); Executive Order 14249, *Protecting America's Bank Account Against Fraud, Waste, and Abuse* (90 FR
