

14011); and OMB Memorandum M–25–32, *Preventing Improper Payments and Protecting Privacy Through Do Not Pay*. Additional information regarding the statutory authorities for the collection and maintenance of information for each of the DOL programs that will conduct matches with the DNP Working System are contained within the systems of records notices listed in the appendix below.

Purpose(s)

The purposes of the matching program are identifying and preventing improper payments and conducting any related recovery activities by verifying through Do Not Pay prepayment or pre-award eligibility. Data elements that are necessary for eligibility determinations for a relevant DOL program that are contained in records from DOL systems of records will be compared with records in the DNP Working System. When there is a match between a record provided by the DOL program and a record in the DNP Working System, the

DNP Working System will provide to the submitting DOL program notice of a potentially matching record and will identify the database(s) that contain the potentially matching record(s). The DOL program will then review the information to determine whether additional action is needed. If no matches are identified, the DNP Working System will provide a no match response to the submitting DOL program.

Categories of Individuals

Applicants for, or recipients of, Federal funds from those DOL programs listed in the appendix below.

Categories of Records

Data elements that will be matched include: entity name (which may include individual name and/or business/trading names, if applicable); Social Security Number (SSN); Individual Taxpayer Identification Number (ITIN); bank account information, including account number and financial institution routing

number. Data elements that will not be matched but will be part of the matching program include: Date of birth and employment records.²

System(s) of Records

The Systems of Records that will be matched against the DNP Working System are listed in the Appendix to this notice. The records involved in the matching program from DOL/GOVT–1 are those maintained by DOL.

Appendix

Below is a list of the DOL programs that will match records with the DNP Working System. For purposes of this notice, matching activities conducted between the Federal benefit programs listed in the following appendix and the DNP Working System constitute a single agency-wide matching program implementing DNP for the agency. An asterisk (*) designates the last full **Federal Register** notice that includes all of the elements that are required to be in a system of records notice.

1. The statutory definition of the term “matching program” means “any computerized comparison of—(i) two or more automated systems of records or a system of records with non-Federal records” for certain enumerated purposes. 5 U.S.C. 552a(a)(8) (emphasis added). There is a separate statutory definition for “Federal benefit program.” See OMB Memorandum M–25–32 at Appendix II, page 2, sec. a.3.iii.1 (recognizing that a single agency matching program may consist of multiple systems of records). Thus, this notice applies to the DNP matching program for multiple Federal benefits programs and associated systems of records within DOL.
2. “A matching program covers not only the actual computerized comparison, but the investigative followup and ultimate action, if

any” (Final Guidance Interpreting the Provisions of Pub. L. 100–503, the Computer Matching and Privacy Protection Act of 1988, 54 FR 25822, (June 19, 1989)).
