Defense Services Proposed to be Sold: None

(viii) *Date Report Delivered to Congress:* July 15, 2026

*as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Kuwait—C-17 Sustainment

The Government of Kuwait has requested to buy the following non-major defense equipment: major and minor modification equipment and support; aircraft components, parts, and accessories; instruments and lab equipment; spares and repair parts, consumables and accessories, and repair and return support; ground handling equipment; unclassified Computer Program Identification Numbers; pyrotechnics equipment; cartridges, chaffs, and flares; communications equipment; electrical items support equipment; classified and unclassified software and software support, classified and unclassified publications and technical documentation; clothing, textiles, and individual equipment; personnel training and training equipment; jet fuel; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$484 million.

This proposed sale will support the foreign policy and national security objectives of the United States by improving the security of a major non-NATO ally that has been an important force for political stability and economic progress in the Middle East.

The proposed sale will improve Kuwait's capability to meet current and future threats by ensuring the operational readiness of its C–17 fleet. Kuwait's C–17 fleet provides strategic airlift capabilities that directly support U.S. and coalition operations around the world. Kuwait will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be The Boeing Company, located in Arlington, VA. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations between the purchaser and contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Kuwait.

There will be no adverse impact on U.S. defense readiness as a result of this proposed

BILLING CODE 6001–FR–P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DOD–2026–OS–1915]

Proposed Collection; Comment Request

AGENCY: Office of the Under Secretary of Defense for Personnel and Readiness (OUSD(P&R)), Department of Defense (DoD).

ACTION: 60-Day information collection.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the OUSD(P&R) announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by November 2, 2026.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Director of Administration and Management, Oversight and Compliance Directorate, Regulatory Division, 4800 Mark Center Drive, Mailbox #24, Suite 05F16, Alexandria, VA 22350–1700.

Instructions: All submissions received must include the agency name, docket number, and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <https://www.regulations.gov> for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Department of War Education Activity (Executive Services Division), ATTN: James Revell, 4800 Mark Center Drive, Alexandria, VA 22350 or call at (571) 372-5821.

SUPPLEMENTARY INFORMATION: Title; Associated Form; and OMB Number: Department of War Education Activity (DoWEA) Employment Opportunities for Educators; DoWEA Forms 5010, 5011, and 5013; OMB Control Number 0704-0370.

Needs and Uses: The information collection requirement is necessary to obtain information on prospective applicants for educator positions with the Department of War Education Activity. The information is used to verify employment history of educator applicants and to determine creditable previous experience for pay-setting purposes on candidates selected for positions. In addition, the information is used to ensure that those individuals selected for employment with the Department of War Education Activity possess the abilities which give promise of outstanding success under the unusual circumstances they will find working abroad. Completion of all forms is entirely voluntary.

Affected Public: Individuals and households.

Annual Burden Hours: 6,930.

Number of Respondents: 23,100.

Responses per Respondent: 1.

Annual Responses: 23,100.

Average Burden per Response: 18 minutes.

Frequency: On occasion.

The primary objective of the information collection is to screen applicants for educational qualification and employment eligibility, to obtain pertinent evaluation information about an applicant to assist management in making a hiring decision, and to obtain applicant consent to obtain personal information from former employer about applicants' employment. The forms associated with this data collection include: (1) Department of War Education Activity Supplemental Application for Overseas Employment

(DoWEA Form 5010). The primary objective of this voluntary form is to ascertain applicants' eligibility for educator positions. (2) Department of War Education Activity Professional Evaluation (DoWEA Form 5011). This form is provided to officials who served in managerial and supervisory positions above the applicant as a means of verifying abilities and qualifications of applicants for educator positions. (3) Department of War Education Activity Verification of Professional Educator Employment for Salary Rating Purposes (DoWEA Form 5013). The purpose of this voluntary form is to verify employment history of educator applicants and to determine creditable previous experience for pay-setting purposes. The paper forms and electronic data systems containing the sponsor and dependent personally identifiable information are secured in accordance with the requirements of Federal law and DoW regulations.

Dated: August 31, 2026.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 6001-FR-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP26-34-000; Docket No. CP26-35-000]

Forza Pipeline LLC; Notice of Availability of the Environmental Assessment for the Proposed Forza Pipeline Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Forza Pipeline Project (Project), proposed by Forza Pipeline LLC (Forza) and Bull Run Pipeline LLC (Bull Run) in the above-referenced dockets.¹ Forza requests authorization to construct and operate a new interstate natural gas pipeline (Line FZA-A) and certain other facilities located in New Mexico and Texas. The Project would provide up to 750,000 dekatherms per day (Dth/d) of firm interstate natural gas transportation service from the Delaware Basin production areas in southeastern New Mexico to multiple delivery points at or

near the Waha Hub in Texas. Forza also requests authorization to enter into a lease agreement pursuant to which Forza would lease 750,000 Dth/d of natural gas transportation from Bull Run.

Any person wishing to comment on the EA may do so. To ensure consideration of your comments on the proposal prior to making a decision on the Project, it is important that the Commission receive your comments on or before 5:00 p.m. Eastern Time on September 28, 2026. Instructions for filing comments are provided on page 3.

FERC is the lead federal agency for authorizing interstate natural gas transmission facilities under the Natural Gas Act of 1938 and the lead federal agency for preparation of the EA. The EA assesses the potential environmental effects of the Forza Pipeline Project in accordance with the requirements of the National Environmental Policy Act (NEPA)² and the Commission's implementing regulations.³ The principal purposes of the EA are to: identify and assess the potential effects on the natural and human environment; describe and evaluate reasonable alternatives; identify and recommend mitigation measures; and facilitate public involvement in the environmental review process. The EA concludes that approval of the proposed Project would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Bureau of Land Management (BLM) participated as a cooperating agency in the preparation of the EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis. The BLM will adopt and use the EA to support its decision-making process regarding whether to issue a right-of-way grant for the portion of the project located on BLM-administered land. Although the cooperating agency provided input to the conclusions and recommendations presented in the EA, the agency will present its own conclusions and recommendations in its respective Records of Decision for the Project.

The EA addresses the potential environmental effects of the construction and operation of the following Project facilities:

² National Environmental Policy Act of 1969, as amended (Public Law [Pub. L.] 91-190, Title 42 United States Code 4321-4347, as amended by Pub. L. 94-52, July 3, 1975; Pub. L. 94-83, August 9, 1975; Pub. L. 97-258, 4(b), September 13, 1982; Pub. L. 118-5, June 3, 2023; Pub. L. 119-21, July 4, 2025).

³ Title 18 Code of Federal Regulations Part 380.

¹ For tracking purposes under the National Environmental Policy Act, the unique identification number for documents relating to this environmental review is EAXX-019-20-000-1771401929.
