revision that the revised voluntary standard, in whole or in part, does not improve the safety of the consumer product covered by the standard and that the Commission is retaining all or part of the existing consumer product safety standard. If the Commission does not take this action, the revised voluntary standard will be considered a consumer product safety standard issued under section 9 of the Consumer Product Safety Act (CPSA) (15 U.S.C. 2058), effective 180 days after the Commission received notification of the revision (or a later date specified by the Commission in the **Federal Register**). 15 U.S.C. 2056e(f)(2).

On August XX, 2026, UL notified the Commission that it had approved and published a revised version of the voluntary standard, UL 4200A–2026. CPSC is assessing the revised voluntary standard to determine, consistent with section 2(f) of Reese's Law, its effect on the safety of button cell or coin batteries and consumer products containing such products subject to 16 CFR part 1263. The Commission invites public comment to inform CPSC staff's assessment and subsequent Commission consideration of the revisions in UL 4200A–2026.

UL 4200A–2026 is copyrighted. UL 4200A–2026 is available for review in several ways. A read-only copy of the revised standard UL 4200A–2026, is available to view at no cost, on UL's website at *https://www.ulstandards.com/IBR/logon.aspx.* Additionally, interested parties can purchase a copy of the UL standard from UL, 151 Eastern Avenue, Bensenville, IL 60106, Telephone: 1–888–853–3503 or online at: *http://ulstandards.ul.com/.* Finally, interested parties can schedule an appointment to inspect a copy of the standard at CPSC's Office of the Secretary, U.S. Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814, telephone: 301–504–7479; email: *cpsc-os@cpsc.gov.*

Comments must be received by September 17, 2026. Because of the short statutory time frame Congress established for the Commission to consider revised voluntary standards under section 2(f) of Reese's Law, CPSC will not consider comments received after this date.

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.

BILLING CODE 6355–01–P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MB Docket No. 26–234; RM–12026; DA 26–900; FR ID 364902]

Television Broadcasting Services Colusa, California

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This document proposes to amend the Table of TV Allotments (Table) of the Federal Communications Commission's (Commission) rules in response to a petition for rulemaking filed by One Ministries, Inc. (Petitioner), the licensee of NCE television station KEDS(TV) (KEDS or Station), Colusa, California (Colusa). The Petitioner requests the substitution of UHF channel *14 in place of its current VHF channel *2 at Colusa in the Table with the technical parameters specified in the Petition. In support of its channel substitution request, the Petitioner asserts that allowing the Station to move to a UHF channel would serve the public interest by improving signal reception for viewers. The Petitioner observes that the Commission has recognized that VHF channels have certain characteristics that have posed challenges for their use in providing digital television service, including propagation characteristics allowing undesired signals and noise to be receivable at relatively farther distances. Additionally, the Petitioner notes that the Commission has observed large variability in the performance of indoor antennas available to consumers, with most antennas receiving fairly well at UHF and the substantial majority not so well to very poor at high-VHF. An engineering statement provided by the Petitioner confirms that the proposed channel *14 contour would provide full principal community coverage to Colusa.

DATES: Comments must be filed on or before October 5, 2026 and reply comments on or before October 19, 2026.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 45 L Street NE, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for the Petitioner as follows: James Oyster, Law Offices of James L. Oyster, 108 Oyster Lane, Castleton, VA 22716.

FOR FURTHER INFORMATION CONTACT: Emily Harrison at *Emily.Harrison@fcc.gov,* (202) 418–1665 or Mark Colombo at *Mark.Colombo@fcc.gov,* (202) 418–7611.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's *Notice of Proposed Rulemaking,* MB Docket No. 26–234; RM–12026; DA 26–900, adopted August 27, 2026, and released August 27, 2026. The full text of this document is available online at *https://www.fcc.gov/edocs.*

This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, therefore, it does not contain any proposed information collection burden ''for small business concerns with fewer than 25 employees,'' pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, *see* 44 U.S.C. 3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, do not apply to this proceeding.

Members of the public should note that all *ex parte* contacts are prohibited from the time a notice of proposed rulemaking is issued to the time the matter is no longer subject to Commission consideration or court review, *see* 47 CFR 1.1208. There are, however, exceptions to this prohibition, which can be found in § 1.1204(a) of the Commission's rules, 47 CFR 1.1204(a).

See §§ 1.415 and 1.420 of the Commission's rules for information regarding the proper filing procedures for comments, 47 CFR 1.415 and 1.420.

Providing Accountability Through Transparency Act: The Providing Accountability Through Transparency Act, Public Law 118–9, requires each agency, in providing notice of a rulemaking, to post online a brief plain-language summary of the proposed rule. The required summary of this notice of proposed rulemaking is available at *https://www.fcc.gov/proposed-rulemakings.*

Chief of Staff, Media Bureau.

Proposed Rule

For the reasons discussed in the preamble, the Federal Communications Commission proposes to amend 47 CFR part 73 as follows:

PART 73—RADIO BROADCAST SERVICES

■ 1. The authority citation for part 73 continues to read as follows:

Authority: 47 U.S.C. 154, 155, 301, 303, 307, 309, 310, 334, 336, 339.

■ 2. In § 73.622, in the table in paragraph (j), under California, revise the entry for ''Colusa'' to read as follows:

§ 73.622 Digital television table of allotments.

* * * * *

(j) * * *

Community	Channel No.
* * * * *	
California	
* * * * *	
Colusa	*14

BILLING CODE 6712–01–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 260817–0010]

RIN 0648–BO24

Pacific Halibut Fisheries; Catch Sharing Plan; Modify Pacific Halibut Individual Fishing Quota (IFQ) Vessel Use Caps in IFQ Regulatory Areas 4A, 4B, 4C, 4D, and 4E

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes regulations to modify the Pacific halibut (halibut) Individual Fishing Quota (IFQ) Program to revise vessel harvest limitations for IFQ halibut harvested in IFQ regulatory Areas (Areas) 4A, 4B, 4C, 4D, and 4E by establishing a vessel harvest limit of five percent of the total annual commercial catch limit across Areas 4A, 4B, 4C, 4D, and 4E. This action would also exclude IFQ halibut harvest derived from quota held by a Community Quota Entity (CQE) in Area 4B from accruing under the proposed five percent vessel harvest limit across Areas 4A, 4B, 4C, 4D, and 4E. This action would provide additional flexibility for halibut IFQ Program fishery participants in Areas 4A, 4B, 4C, 4D, and 4E, where fishery conditions continue to be challenging. This action would promote the goals and objectives of the IFQ Program, the Northern Pacific Halibut Act of 1982 (Halibut Act), and other applicable laws.

DATES: Submit comments on or before October 5, 2026.

ADDRESSES: A plain language summary of this proposed rule is available at *https://www.regulations.gov/docket/NOAA-NMFS-2026-1025.* You may submit comments on this document, identified by NOAA–NMFS–2026–1025, by any of the following methods:

- *Electronic Submission:* Submit all electronic public comments via the Federal e-Rulemaking Portal. Visit *https://www.regulations.gov* and type NOAA–NMFS–2026–1025 in the Search box. Click on the ''Comment'' icon, complete the required fields, and enter or attach your comments.
- *Mail:* Submit written comments to Gretchen Harrington, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region NMFS. Mail comments to P.O. Box 21668, Juneau, AK 99802–1668.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on *https://www.regulations.gov* without change. All personal identifying information (*e.g.,* name, address), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter ''N/A'' in the required fields if you wish to remain anonymous).

Electronic copies of the draft Regulatory Impact Review for a Proposed Regulatory Amendment to Adjust Vessel Cap Limitations for IFQ Halibut Harvested in IPHC Regulatory Area 4 (referred to as the Analysis) and the draft Categorical Exclusion prepared for this action are available at *https://www.regulations.gov* or from the NMFS Alaska Region website at *https://www.fisheries.noaa.gov/region/alaska.*

FOR FURTHER INFORMATION CONTACT: Lis Henderson, 907–586–7228, *lis.henderson@noaa.gov.*

SUPPLEMENTARY INFORMATION:

Authority for Action

The International Pacific Halibut Commission (IPHC) and National Marine Fisheries Service (NMFS) manage fishing for halibut through regulations established under the authority of the Halibut Act. The IPHC promulgates regulations governing the halibut fishery under the Convention between the United States of America and Canada for the Preservation of the Halibut Fishery of the Northern Pacific Ocean and Bering Sea (Convention). The IPHC's regulations are subject to approval by the Secretary of State with the concurrence of the Secretary of Commerce (Secretary). NMFS publishes the IPHC's regulations as annual management measures pursuant to 50 CFR 300.62. The IPHC's 2026 annual management measures were published in the **Federal Register** on March 25, 2026 (91 FR 14464).

The Halibut Act provides the Secretary with general responsibility for carrying out the Convention and the Halibut Act, including the authority to adopt regulations necessary to carry out the purposes and objectives of the Convention (16 U.S.C. 773c(a) and (b)). The Halibut Act also provides the North Pacific Fishery Management Council (Council) with authority to develop recommendations for regulations, including limited access regulations, that are in addition to, and not in conflict with, IPHC regulations (16 U.S.C. 773c(c)). Regulations the Council recommends may be implemented by NMFS only after approval by the Secretary.

The Council has exercised its authority to develop recommendations for halibut management programs for the subsistence, sport, and commercial halibut fisheries off Alaska. The Secretary has exercised its authority to implement the commercial halibut IFQ fishery management program, also known as ''the IFQ Program'' (58 FR 59375, November 9, 1993). The IFQ Program for the halibut fishery is implemented by Federal regulations at 50 CFR part 679.

Background

This proposed rule would modify the vessel harvest limitations for IFQ halibut harvested in Areas 4A, 4B, 4C, 4D, and 4E (collectively referred to in this preamble as ''Area 4''). This action is intended to provide additional flexibility to vessels harvesting IFQ halibut in Area 4 and to encourage harvest of CQE-derived IFQ halibut in Area 4B. This section provides brief descriptions of: (1) the IFQ Program; (2) IFQ halibut vessel use caps; and (3) catch utilization in Area 4. A more detailed description of the background information and need for this proposed rule is provided in the Analysis prepared for this action (see **ADDRESSES**).
