BILLING CODE 4910-13-P

CONSUMER PRODUCT SAFETY COMMISSION

16 CFR Part 1263

[Docket No. CPSC-2023-0004]

Notice of Availability and Request for Comment: Revision to the Voluntary Standard for Products Containing Button Cell or Coin Batteries

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of availability and request for comment.

SUMMARY: The U.S. Consumer Product Safety Commission's (Commission or

CPSC) mandatory rule, Safety Standard for Button Cell or Coin Batteries and Consumer Products Containing Such Products, incorporates by reference UL 4200A, Standard for Safety for Products Incorporating Button Batteries or Coin Cell Batteries. UL notified the Commission that it has revised this incorporated voluntary standard. CPSC seeks comment on whether the revision improves the safety of button cell or coin batteries and consumer products containing such products.

DATES: Comments must be received by September 17, 2026.

ADDRESSES: You can submit comments, identified by Docket No. CPSC-2023-0004, by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: <https://www.regulations.gov>. Follow the instructions for submitting comments. Do not submit through this website: confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. CPSC typically does not accept comments submitted by email, except as described below.

Confidential Written Submissions: CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal. If you wish to submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public, you may submit such comments by email to cpsc-os@cpsc.gov.

Instructions: All submissions must include the agency name and docket number. CPSC may post all comments without change, including any personal identifiers, contact information, or other personal information provided, to: <https://www.regulations.gov>. Do not submit to this website: confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. If you wish to submit such information, please submit it according to the instructions for confidential written submissions.

Docket: For access to the docket to read background documents or comments received, go to: <https://www.regulations.gov>, and insert the docket number, CPSC-2023-0004, into the "Search" box, and follow the prompts.

FOR FURTHER INFORMATION CONTACT: Daniel Taxier, Project Manager, Division of Mechanical and Combustion Engineering, U.S. Consumer Product

Safety Commission, 5 Research Place, Rockville, MD 20850; telephone: (301) 987-2211; email: dtaxier@cpsc.gov.

SUPPLEMENTARY INFORMATION: Reese's Law was enacted to protect children six years old and younger against hazards associated with the ingestion of button cell or coin batteries during reasonably foreseeable use or misuse conditions. 15 U.S.C. 2056e(a)(1). Section 5 of Reese's Law broadly defines a "button cell or coin battery" as "(A) a single cell battery with a diameter greater than the height of the battery; or (B) any other battery, regardless of the technology used to produce an electrical charge, that is determined by the Commission to pose an ingestion hazard." Notes to 15 U.S.C. 2056e.

Section 2(a)(2) of Reese's Law mandates that the Commission establish, by rulemaking, warning label requirements for consumer products containing button cell or coin batteries, and for packaging of button cell or coin batteries. The warning labels required by section 2(a)(2) of Reese's Law must: (1) clearly identify the hazard of ingestion; and (2) instruct consumers, as practicable, to keep new and used batteries out of the reach of children, to seek immediate medical attention if a battery is ingested, and to follow any other consensus medical advice. 15 U.S.C. 2056e(b).

Under this authority, the Commission issued a mandatory safety rule that incorporates by reference ANSI/UL 4200A, Standard for Safety for Products Incorporating Button Batteries or Coin Cell Batteries, approved on August 30, 2023 (UL 4200A-2023), with additional requirements, codified at 16 CFR part 1263 (88 FR 65274 (September 21, 2023) and 88 FR 65296 (September 21, 2023)). This mandatory standard includes performance requirements and test procedures, as well as requirements for warning labels and instructions, to address the ingestion hazard associated with button cell or coin batteries and consumer products containing such products.

Section 2(f) of Reese's Law specifies the process for when a voluntary standards organization revises a standard that the Commission previously had incorporated by reference under section 2(e). First, the voluntary standards organization must notify the Commission of the revision. Once the Commission receives this notification, the Commission may reject or accept the revised standard in whole or in part. To reject a revised standard, the Commission must notify the voluntary standards organization within 90 days of receiving the notice of

revision that the revised voluntary standard, in whole or in part, does not improve the safety of the consumer product covered by the standard and that the Commission is retaining all or part of the existing consumer product safety standard. If the Commission does not take this action, the revised voluntary standard will be considered a consumer product safety standard issued under section 9 of the Consumer Product Safety Act (CPSA) (15 U.S.C. 2058), effective 180 days after the Commission received notification of the revision (or a later date specified by the Commission in the **Federal Register**). 15 U.S.C. 2056e(f)(2).

On August XX, 2026, UL notified the Commission that it had approved and published a revised version of the voluntary standard, UL 4200A–2026. CPSC is assessing the revised voluntary standard to determine, consistent with section 2(f) of Reese’s Law, its effect on the safety of button cell or coin batteries and consumer products containing such products subject to 16 CFR part 1263. The Commission invites public comment to inform CPSC staff’s assessment and subsequent Commission consideration of the revisions in UL 4200A–2026.

UL 4200A–2026 is copyrighted. UL 4200A–2026 is available for review in several ways. A read-only copy of the revised standard UL 4200A–2026, is available to view at no cost, on UL’s website at <https://www.ulstandards.com/IBR/logon.aspx>. Additionally, interested parties can purchase a copy of the UL standard from UL, 151 Eastern Avenue, Bensenville, IL 60106, Telephone: 1–888–853–3503 or online at: <http://ulstandards.ul.com/>. Finally, interested parties can schedule an appointment to inspect a copy of the standard at CPSC’s Office of the Secretary, U.S. Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814, telephone: 301–504–7479; email: cpsc-os@cpsc.gov.

Comments must be received by September 17, 2026. Because of the short statutory time frame Congress established for the Commission to consider revised voluntary standards under section 2(f) of Reese’s Law, CPSC will not consider comments received after this date.

Alberta E. Mills,
Secretary, Consumer Product Safety
Commission.

BILLING CODE 6355–01–P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MB Docket No. 26–234; RM–12026; DA 26–900; FR ID 364902]

Television Broadcasting Services Colusa, California

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This document proposes to amend the Table of TV Allotments (Table) of the Federal Communications Commission’s (Commission) rules in response to a petition for rulemaking filed by One Ministries, Inc. (Petitioner), the licensee of NCE television station KEDS(TV) (KEDS or Station), Colusa, California (Colusa). The Petitioner requests the substitution of UHF channel *14 in place of its current VHF channel *2 at Colusa in the Table with the technical parameters specified in the Petition. In support of its channel substitution request, the Petitioner asserts that allowing the Station to move to a UHF channel would serve the public interest by improving signal reception for viewers. The Petitioner observes that the Commission has recognized that VHF channels have certain characteristics that have posed challenges for their use in providing digital television service, including propagation characteristics allowing undesired signals and noise to be receivable at relatively farther distances. Additionally, the Petitioner notes that the Commission has observed large variability in the performance of indoor antennas available to consumers, with most antennas receiving fairly well at UHF and the substantial majority not so well to very poor at high-VHF. An engineering statement provided by the Petitioner confirms that the proposed channel *14 contour would provide full principal community coverage to Colusa.

DATES: Comments must be filed on or before October 5, 2026 and reply comments on or before October 19, 2026.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 45 L Street NE, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for the Petitioner as follows: James Oyster, Law Offices of James L. Oyster, 108 Oyster Lane, Castleton, VA 22716.

FOR FURTHER INFORMATION CONTACT: Emily Harrison at Emily.Harrison@fcc.gov

[fcc.gov](https://www.fcc.gov), (202) 418–1665 or Mark Colombo at Mark.Colombo@fcc.gov, (202) 418–7611.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission’s *Notice of Proposed Rulemaking*, MB Docket No. 26–234; RM–12026; DA 26–900, adopted August 27, 2026, and released August 27, 2026. The full text of this document is available online at <https://www.fcc.gov/edocs>.

This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, therefore, it does not contain any proposed information collection burden “for small business concerns with fewer than 25 employees,” pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, *see* 44 U.S.C. 3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, do not apply to this proceeding.

Members of the public should note that all *ex parte* contacts are prohibited from the time a notice of proposed rulemaking is issued to the time the matter is no longer subject to Commission consideration or court review, *see* 47 CFR 1.1208. There are, however, exceptions to this prohibition, which can be found in § 1.1204(a) of the Commission’s rules, 47 CFR 1.1204(a).

See §§ 1.415 and 1.420 of the Commission’s rules for information regarding the proper filing procedures for comments, 47 CFR 1.415 and 1.420.

Providing Accountability Through Transparency Act: The Providing Accountability Through Transparency Act, Public Law 118–9, requires each agency, in providing notice of a rulemaking, to post online a brief plain-language summary of the proposed rule. The required summary of this notice of proposed rulemaking is available at <https://www.fcc.gov/proposed-rulemakings>.
