

practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might further reduce the information collection burden for small business concerns with fewer than 25 employees.

OMB Control Number: 3060-1319.

Title: Enhanced A-CAM

Cybersecurity and Supply Chain Risk Management Plan Requirements.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities, and State, Local or Tribal governments.

Number of Respondents and Responses: 450 respondents; 900 responses.

Estimated Time per Response: 10–50 hours.

Frequency of Response: One-time and on occasion reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 154(i), 214, 218–220, 254, 303(r), and 403.

Total Annual Burden: 27,000 hours.

Total Annual Cost: No Cost.

Needs and Uses: On July 24, 2023, the Commission released the *Enhanced A-CAM Order* (Order), 88 FR 55918, August 17, 2023, WC Docket No. 10–90 et al., FCC 23–60, which adopted a voluntary path for supporting the widespread deployment of 100/20 Mbps broadband service throughout the rural areas served by carriers currently receiving Alternative Connect America Cost Model (A-CAM) support and in areas served by rate-of-return carriers eligible to receive legacy support by the end of 2028. The Commission extended by 10 years beyond the remaining five years, for a total of 15 years, the term of support for electing carriers and set a methodology for determining support amounts for locations without 100/20 Mbps broadband service within a potential budget of no more than \$1.27 billion annually, or no more than \$1.33 billion annually if certain conditions are met, using an updated version of the A-CAM. By adopting this program, the Commission furthered its long-standing goals by promoting the universal availability of voice and broadband networks, while also taking measures to

minimize the burden on the nation's ratepayers. The Commission also adopted requirements for the Enhanced A-CAM program to complement existing Federal, state, and local funding programs, so that broadband funding can be used efficiently to maximize the deployment of high-quality broadband service across the United States.

To ensure that the Enhanced A-CAM program does not deprive rural consumers in high-cost areas of broadband service that is as secure as the service deployed pursuant to other Federal funding initiatives, the Commission required Enhanced A-CAM carriers to implement operational cybersecurity and supply chain risk management plans by January 1, 2024—the start of the Enhanced A-CAM support term. Enhanced A-CAM carriers were required to submit such plans to the Universal Service Administrative Company (USAC) and certify they have done so, by February 12, 2024. Failure to submit the plans and make the certification results in 25% of monthly support being withheld until the carrier comes into compliance. If a carrier makes a substantive modification to its cybersecurity or supply chain risk management plan, the Commission requires that the carrier submit its updated plan to USAC within 30 days of making that modification.

The purpose of this information collection is to collect the operational cybersecurity and supply chain risk management plans required of the Enhanced A-CAM carriers and address the burdens associated with that requirement.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

FEDERAL MARITIME COMMISSION

[Docket No. 26–12]

Samsung Electronics America, INC., Complainant v. CMA CGM S.A., Respondent; Notice of Filing of Complaint and Assignment

Notice is given that a complaint has been filed with the Federal Maritime Commission (the “Commission”) by Samsung Electronics America, Inc. (the “Complainant”) against CMA CGM S.A. (the “Respondent”). Complainant states that the Commission has subject-matter jurisdiction over this complaint pursuant to the Shipping Act of 1984, 46 U.S.C. 41301, and over Respondent as a vessel-operating “ocean common

carrier,” as that term is defined by 46 U.S.C. 40102(7) and (18).

Complainant is a corporation organized and existing under the laws of the state of New York, with a place of business in Englewood Cliffs, New Jersey.

Complainant identifies Respondent as a société anonyme existing under the laws of the Republic of France with a principal place of business in Marseille, France.

Complainant alleges that Respondent violated 46 U.S.C. 41102(c), and 46 CFR 545.4 and 545.5. Complainant alleges these violations arose from the assessment of demurrage and detention charges arising from delays and circumstances beyond Complainant's control; failure to perform inland transportation obligations; improper cargo holds, billing, and dispute resolution practices; and other acts or omissions of Respondent.

An answer to the complaint must be filed with the Commission within 25 days after the date of service.

The full text of the complaint can be found in the Commission's electronic Reading Room at <https://www2.fmc.gov/readingroom/proceeding/26-12/>. This proceeding has been assigned to the Office of Administrative Law Judges. The initial decision of the presiding judge shall be issued by September 1, 2027, and the final decision of the Commission shall be issued by March 15, 2028.

(Authority: 46 U.S.C. 41301; 46 CFR 502.61(c))

Served: September 1, 2026.

David Eng,

Secretary.
