Geological Survey

[Docket No. USGS–2026–0331; GR26ZS00MD86700; OMB Control Number 1028–0140]

Agency Information Collection Activities; Terrestrial Analogs Survey Submission to the Office of Management and Budget for Review and Approval; Terrestrial Analogs Survey

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the U.S. Geological Survey (USGS) is proposing to renew an information collection with revisions.

DATES: Interested persons are invited to submit comments on or before October 8, 2026.

ADDRESSES: You may submit comments by one of the following methods:

■ **Internet:** <https://www.regulations.gov>

Search for and submit comments on Docket No. USGS–2026–0331.

■ **U.S. Mail:** USGS, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192.

FOR FURTHER INFORMATION CONTACT: To request additional information about this information collection request (ICR), contact Amber Gullikson by email at agullikson@usgs.gov or by phone at 928–556–7009. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may

also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the PRA (44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on Thursday, July 2, 2026 (91 FR 40553). No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comments addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used.
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your

address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: The USGS developed and released a survey to assess the terrestrial analog needs of the planetary science community. The goal was to assess the current state of terrestrial analog studies and determine community needs related to the use of field sites for training and research, data dissemination and archiving, and sample collections. The survey was designed to gather feedback from community members who have a self-described interest in the use of terrestrial analogs. The web-based questionnaire contained a total of 33 questions and was designed to take <10 minutes to complete. The questionnaire was divided into four sections: (1) “Respondent Details,” (2) “Field Analog Use,” (3) “Data Portal Use,” and (4) “Geologic Materials Collection Use.” Comment boxes were provided for 12 of the 33 questions, which allowed respondents to provide more detailed comments to individual questions. The questionnaire received a total of 248 responses. We identified 21 notable findings which are matched with one or more recommendations to be addressed by the planetary science community. The purpose of the revision is to assess the current terrestrial analog needs of the planetary science community and evaluate how well the community perceives the previous survey’s findings, recommendations, and the changes implemented in response to those needs, to determine whether those changes have been effective or if additional measures are necessary.

Title of Collection: Assessing Community Needs for Terrestrial Analog Studies.

OMB Control Number: 1028–0140.

Form Number: None.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: The planetary science community, which includes scientists from universities, institutions, government agencies, and students (both undergraduate and graduate). The questionnaire received a total of 248 responses.

Total Estimated Number of Annual Respondents: 223.

Total Estimated Number of Annual Responses: 223.

Estimated Completion Time per Response: Average of 12.5 minutes to complete entire survey.

Total Estimated Number of Annual Burden Hours: 112 Hours.

Respondent’s Obligation: First ten questions were on demographic and background information, which were all mandatory. The remaining sections, that is, Field Analog Use, Data Portal Use, and Terrestrial Analog Sample Collection Use were all voluntary.

Frequency of Collection: On occasion.

Total Estimated Annual Non-hour Burden Cost: None.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Chris Okubo,

USGS Astrogeology Science Center Director, Southwest Region.

National Park Service

[NPS–NERO–CEBE–41825; PPNECEBE00, PMPSPD1Z.YM0000]

Cedar Creek and Belle Grove National Historical Park Advisory Commission; Notice of Public Meeting

AGENCY: National Park Service, Interior.

ACTION: Meeting notice.

SUMMARY: In accordance with the Federal Advisory Committee Act of 1972, as amended, the National Park Service is hereby giving notice that the Cedar Creek and Belle Grove National Historical Park Advisory Commission (Commission) will meet as indicated below.

DATES: The Commission will meet via teleconference and in person on Thursday, September 17, 2026; Thursday, December 17, 2026; and Thursday, March 18, 2027. All scheduled meetings will begin at 9:00 a.m. and will end by 11:00 a.m. (EASTERN).

ADDRESSES: The Commission will meet via teleconference and in person at the Middletown Town Hall Council Chambers, 7875 Church Street, Middletown, Virginia 22645 on September 17, 2026, the December 17, 2026, and March 18, 2027, meetings will be held at the Warren County Government Center, 220 North

Commerce Avenue, Front Royal, Virginia 22630. Information on joining the teleconference will be available on the Cedar Creek and Belle Grove National Historical Park website at <https://www.nps.gov/cebe/learn/management/park-advisory-commission.htm>.

FOR FURTHER INFORMATION CONTACT:

Karen Beck-Herzog, Site Manager, Cedar Creek and Belle Grove National Historical Park, P.O. Box 700, Middletown, Virginia 22645, telephone (540) 868–9176, email karen_beck_herzog@nps.gov, or visit the park website: <https://www.nps.gov/cebe/index.htm>. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION:

The Commission was designated by Congress to provide advice to the Secretary of the Interior on the preparation and implementation of the park’s general management plan and to advise on land protection (16 U.S.C. 410iii–7). The meeting is open to the public. Individuals who are interested in the park, the implementation of the plan, or the business of the Commission are encouraged to attend the meeting. Interested members of the public may present, either orally or through written comments, information for the Commission to consider during the public meeting. Attendees and those wishing to provide comment are strongly encouraged to preregister through the contact information provided. Written comments may be sent to Karen Beck-Herzog (see **FOR FURTHER INFORMATION CONTACT**). All comments received will be provided to the Commission. A detailed final agenda will be posted 48 hours in advance of the meeting on the Commission’s website at <https://www.nps.gov/cebe/learn/management/park-advisory-commission.htm>. If a meeting date and location are changed, the Superintendent will issue a press release and use local newspapers and/or radio stations to announce the rescheduled meeting. Detailed minutes of the meeting will be available for public inspection within 90 days of the meeting.

Purpose of the Meeting: The topics to be discussed include: general management plan next steps, visitor services and interpretation, land
