

determined that the drivers included in this notice should be permitted to operate commercial motor vehicles. The commenter has not provided information showing that FMCSA's analysis, with respect to any driver named in this notice, was insufficient or incorrect.

V. Basis for Renewing Exemptions

In accordance with 49 U.S.C. 31136(e) and 31315(b), each of the five applicants have satisfied the renewal conditions for obtaining an exemption from the epilepsy and seizure disorders prohibition. The five drivers in this notice remain in good standing with the Agency, have maintained their medical monitoring and have not exhibited any medical issues that would compromise their ability to safely operate a CMV during the previous 2-year exemption period. In addition, the Agency has reviewed each applicant's certified driving record from their State Driver's Licensing Agency (SDLA). The information obtained from each applicant's driving record provides the Agency with details regarding any moving violations or reported crash data, which demonstrates whether the driver has a safe driving history and is an indicator of future driving performance. If the driving record revealed a crash, FMCSA requested and reviewed the related police reports and other relevant documents, such as the citation and conviction information. These factors provide an adequate basis for predicting each driver's ability to continue to safely operate a CMV in interstate commerce. Accordingly, FMCSA concludes that extending the exemption for each renewal applicant for a period of 2 years is likely to achieve a level of safety equivalent to, or greater than, the level of safety that would be achieved without the exemption.

VI. Terms and Conditions

The exemptions are extended subject to the following conditions: each driver must (1) remain seizure-free, maintain a stable treatment, and report to FMCSA within 24 hours if they experience a seizure during the 2-year exemption period; (2) submit to FMCSA annual reports from their treating physicians attesting to the stability of treatment and that the driver has remained seizure-free; (3) undergo an annual medical examination by a certified medical examiner, as defined by 49 CFR 390.5T; (4) provide a copy of the annual medical certification to the employer for retention in the driver's qualification file, or keep a copy in their driver's qualification file if they are self-

employed; (5) report to FMCSA the date, time, and location of any crashes, as defined in 49 CFR 390.5T, within 7 days of the crash; (6) report to FMCSA any citations and convictions for disqualifying offenses under 49 CFR parts 383 and 391 within 7 days of the citation and conviction; and (7) submit to FMCSA annual certified driving records from their SDLA. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local law enforcement official. In addition, the driver must meet all the applicable commercial driver's license testing requirements.

VII. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VIII. Conclusion

Based on its evaluation of the five renewal exemption applications and supporting materials, and one late-filed comment received, FMCSA announces its decision to grant a 2-year exemption to each of the following drivers from the epilepsy and seizure disorders prohibition in 49 CFR 391.41(b)(8).

As of March 15, 2026, and in accordance with 49 U.S.C. 31136(e) and 31315(b), the following five individuals have satisfied the renewal conditions for obtaining an exemption from the epilepsy and seizure disorders prohibition in the FMCSRs for interstate CMV drivers:

Andrew Anzalone (MA)
Ramon Hinojosa (AZ)
Richard Packer (ID)
Brian Adam Runk (PA)
Keith White (PA)

The drivers were included in docket numbers FMCSA-2014-0215, FMCSA-2021-0026, or FMCSA-2023-0039. Their exemptions were applicable as of March 15, 2026, and will expire on March 15, 2028.

In accordance with 49 U.S.C. 31315(b), and FMCSA's policy of issuing medical exemptions for a 2-year period to correspond with the medical certificate, each exemption will be valid for 2 years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) the person fails to comply with the terms and conditions of the exemption, as set forth in the initial renewal notice (*see* 91 FR 11591) and incorporated herein; (2) the exemption has resulted in a lower level of safety than was maintained prior to

the exemption being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of Title 49, chapter 313 or section 31136.

B. Privacy Act

In accordance with 49 U.S.C. 31315(b)(6), DOT solicits comments from the public on the exemption requests. DOT posts these comments, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice DOT/ALL–14 FDMS (Federal Docket Management System), which can be reviewed under the “Department Wide System of Records Notices” link at <https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notices>. The comments are posted without edit and are searchable by the name of the submitter.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315(b) to grant exemptions from the FMCSRs. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including the applicant’s safety analysis. The Agency must provide an opportunity for public comment on the request.

The Agency reviews the application, safety analyses, and public comments submitted and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level of safety that would be achieved absent such exemption, pursuant to the standard set forth in 49 U.S.C. 31315(b)(1). The Agency must publish its decision in the **Federal Register** (49 CFR 381.315(b)). If granted, the notice will identify the regulatory provision from which the applicant will be exempt, the effective period, and all terms and conditions of the exemption (49 CFR 381.315(c)(1)). If the exemption is denied, the notice will explain the reason for the denial (49 CFR 381.315(c)(2)). The exemption may be renewed (49 CFR 381.300(b)). FMCSA grants medical exemptions from the FMCSRs for a 2-year period to align with the maximum duration of a driver’s medical certification.

III. Background

On March 11, 2026, FMCSA published a notice announcing its decision to renew exemptions for 12 individuals from the hearing standard in 49 CFR 391.41(b)(11) to operate a CMV in interstate commerce and requested

comments from the public (91 FR 12040).¹ The public comment period ended on April 10, 2026, and no comments were received.

The Agency evaluated the eligibility of these applicants and determined that renewing these applicants’ exemptions would likely achieve a level of safety that is equivalent to, or greater than, the level of safety that would be achieved by complying with 49 CFR 391.41(b)(11).

The physical qualification standard for drivers regarding hearing, found in 49 CFR 391.41(b)(11), states that a person is physically qualified to drive a CMV if that person first perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5–1951.

This standard was adopted in 1970 and was revised in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid (35 FR 6458, 6463 (Apr. 22, 1970) and 36 FR 12857 (July 8, 1971)).

IV. Discussion of Comments

FMCSA received no comments in this proceeding.

V. Basis for Renewing Exemptions

In accordance with 49 U.S.C. 31136(e) and 31315(b), each of the 12 applicants have satisfied the renewal conditions for obtaining an exemption from the hearing requirement. The 12 drivers in this notice remain in good standing with the Agency. In addition, the Agency has reviewed each applicant’s certified driving record from their State Driver’s Licensing Agency (SDLA). The information obtained from each applicant’s driving record provides the Agency with details regarding any moving violations or reported crash data, which demonstrates whether the driver has a safe driving history and is an indicator of future driving performance. If the driving record revealed a crash, FMCSA requested and reviewed the related police reports and other relevant documents, such as the

¹ FMCSA has thoroughly reviewed all applications and issued exemptions that correctly list each exemption holder’s name. However, in the **Federal Register** notice (91 FR 12040), it incorrectly states an exemption holder’s name and license state as, “Lakeisha Rosbia (AK).” Instead it should state, “Lakeshia Rosbia (AR)” and the correction is reflected in this notice.

citation and conviction information. These factors provide an adequate basis for predicting each driver’s ability to continue to safely operate a CMV in interstate commerce. Accordingly, FMCSA concludes that extending the exemption for each of these drivers for a period of 2 years is likely to achieve a level of safety equivalent, or greater than, to the level of safety that would be achieved absent such exemption.

VI. Terms and Conditions

The exemptions are extended subject to the following conditions: each driver (1) must report to FMCSA any crashes, as defined in 49 CFR 390.5T, within 7 days of the crash; (2) must report to FMCSA any citations and convictions for disqualifying offenses under 49 CFR parts 383 and 391 within 7 days of the citation and conviction; (3) must submit to FMCSA annual certified driving records from their SDLA; and (4) is prohibited from operating a motorcoach or bus with passengers in interstate commerce. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local law enforcement official. In addition, the driver must meet all the applicable commercial driver’s license testing requirements. Each exemption will be valid for 2 years unless rescinded earlier by FMCSA.

VII. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VIII. Conclusion

Based upon its evaluation of the 12 renewal exemption applications and supporting materials, FMCSA announces its decision to grant a 2-year exemption to each of the following drivers from the hearing requirement in 49 CFR 391.41(b)(11).

As of March 4, 2026, and in accordance with 49 U.S.C. 31136(e) and 31315(b), and FMCSA’s policy of issuing medical exemptions for a 2-year period to correspond with the medical certificate, the following 12 individuals have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in the FMCSRs for interstate CMV drivers:

Baldemar Barba (TX)
Antonio Brown (LA)
William Darnell (AZ)
Lucius Fowler (IL)
Alexander Lindsay (OH)
Adrian Lopez (TX)
Rage Muse (MN)
Jodyann Nipper (IA)

Michael Paul (IL)
William Rivas (CA)
Lakeshia Rosbia (AR)
Robert Troeller (WI)

The drivers were included in docket numbers FMCSA–2017–0057, FMCSA–2017–0058, FMCSA–2019–0111, FMCSA–2021–0017, FMCSA–2023–0021, FMCSA–2023–0024, or FMCSA–2023–0025. Their exemptions were applicable as of March 4, 2026, and will expire on March 4, 2028.

In accordance with 49 U.S.C. 31315(b), each exemption will be valid for 2 years from the effective date unless revoked earlier by FMCSA. In accordance with 49 U.S.C. 31315(b), and FMCSA's policy of issuing medical exemptions for a 2-year period to correspond with the medical certificate, each exemption will be valid for 2 years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) the person fails to comply with the terms and conditions of the exemption, as set forth in the initial renewal notice (*see* 91 FR 12040) and incorporated herein; (2) the exemption has resulted in a lower level of safety than was maintained prior to the exemption being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of Title 49, chapter 313 or section 31136.

III. Background

The physical qualification standard for drivers regarding seizures and loss of consciousness provides that a person is physically qualified to drive a CMV if that person has “no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause the loss of consciousness or any loss of ability to control” a CMV (49 CFR 391.41(b)(8)). To assist in applying this standard, FMCSA publishes guidance for medical examiners (MEs) in the form of medical advisory criteria in Appendix A to 49 CFR part 391.¹ In 2007, FMCSA published recommendations from a Medical Expert Panel (MEP) that FMCSA tasked to review the existing seizure disorder guidelines for MEs.² The MEP performed a comprehensive, systematic literature review, including evidence available at the time. The MEP issued recommended criteria to evaluate whether an individual with a history of epilepsy, a single unprovoked seizure, or a provoked seizure should be allowed to drive a CMV.

On January 15, 2013, FMCSA began granting exemptions, on a case-by-case basis, to individual drivers from the physical qualification standard regarding seizures and loss of consciousness in 49 CFR 391.41(b)(8) (78 FR 3069). The Agency considers the
