

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the associated funerary objects described in this notice to a requestor may occur on or after October 9, 2026. If competing requests for repatriation are received, the Texas Parks and Wildlife Department must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the associated funerary objects are considered a single request and not competing requests. The Texas Parks and Wildlife Department is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: September 1, 2026.

Notice of Inventory Completion Amendment: University of California San Diego, San Diego, CA

AGENCY: National Park Service, Interior.

ACTION: Notice; amendment.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of California San Diego has amended a notice of inventory completion published in the **Federal Register** on March 18, 2026. This notice amends the Indian Tribes or Native Hawaiian organizations with cultural affiliation.

DATES: Repatriation of the human remains and associated funerary objects may occur on or after October 9, 2026.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects to Eva

Trujillo, University California of San Diego, 9500 Gilman Drive, La Jolla, CA 9209, email e7trujillo@ucsd.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the University of California San Diego, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Amendment

This notice amends the determination of cultural affiliation published in a Notice of Inventory Completion in the **Federal Register** (91 FR 13055, March 18, 2026). Repatriation of the human remains or associated funerary objects in the original notice of inventory completion has not occurred.

Determinations

The University of California San Diego has determined that:

- There is a connection between the human remains and associated funerary objects described in the original notice and the Miccosukee Tribe of Indians; Seminole Tribe of Florida; and The Muscogee (Creek) Nation.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in the original notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in the original notice to a requestor may occur on or after October 9, 2026. If competing requests for repatriation are received, the University of California San Diego must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The University of California San Diego is responsible for

sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: September 1, 2026.

Notice of Intended Disposition: U.S. Department of the Interior, National Park Service, Knife River Indian Villages National Historic Site, Stanton, ND

AGENCY: U.S. Department of Interior, National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the U.S. Department of the Interior, National Park Service, Knife River Indian Villages National Historic Site (KNRI) intends to carry out the disposition of human remains removed from Federal or Tribal lands to the lineal descendants, Indian Tribe, or Native Hawaiian organization with priority for disposition in this notice.

DATES: Disposition of the human remains in this notice may occur on or after October 9, 2026. If no claim for disposition is received by September 9, 2027, the human remains in this notice will become unclaimed human remains.

ADDRESSES: Send written claims for disposition of the human remains in this notice to Tom Smith, Superintendent, Knife River Indian Villages, P.O. Box 9, Stanton, ND 58571, email Tom_Smith@nps.gov.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of KNRI, and additional information on the human remains in this notice, including the results of consultation, can be found in the related records.

Abstract of Information Available

Human remains representing, at least, one individual have been identified. No associated funerary objects are present. In 2024, the human remains were identified during laboratory analysis of collections removed between 2019–2021 from an archeological setting within KNRI, in Mercer County, North Dakota.

Determinations

The KNRI has determined that:

- The human remains described in this notice represent the physical remains of at least one individual of Native American ancestry.
- The Three Affiliated Tribes of the Fort Berthold Reservation, North Dakota has priority for disposition of the human remains described in this notice.

Claims for Disposition

Written claims for disposition of the human remains in this notice must be sent to the appropriate official identified in this notice under **ADDRESSES**. If no claim for disposition is received by September 9, 2027, the human remains in this notice will become unclaimed human remains. Claims for disposition may be submitted by:

1. Any lineal descendant, Indian Tribe, or Native Hawaiian organization identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows that they have priority for disposition.

Disposition of the human remains in this notice may occur on or after October 9, 2026. If competing claims for disposition are received, KNRI must determine the most appropriate claimant prior to disposition. Claims for joint disposition of the human remains are considered a single claim and not competing claims. KNRI is responsible for sending a copy of this notice to the lineal descendants, Indian Tribes, and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3002, and the implementing regulations, 43 CFR 10.7.

Dated: September 1, 2026.

Notice of Inventory Completion: University of California Riverside, Riverside, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of California has completed an inventory of human remains and has determined that there is a cultural affiliation between the human remains and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains in this notice may occur on or after October 9, 2026.

ADDRESSES: Send written requests for repatriation of the human remains in this notice to Michael Chavez, Repatriation Coordinator, University of California Riverside, 900 University Avenue, Riverside, CA 92521, email mchavez@ucr.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the UC Riverside and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing, at least, one individual have been identified. No associated funerary objects are present.

In September of 1985, human remains representing one adult Native American individual, represented by approximately 15 human bone fragments (Accession #: UA–2022–001 Catalogue #: 6111 (UCR–2125)), were recovered during the excavation of a swimming pool at a private residence in Beverly Hills. The human remains were removed by Detective Zoeller of the Beverly Hills Police Department and brought to Dr. Judy Suchey, forensic anthropologist at CSU Fullerton, for analysis. Dr. Suchey examined the remains and believed that they likely represented a prehistoric individual, rather than a modern forensics case. Dr. Suchey sent the remains to the UCR Radiocarbon Laboratory under the

direction of Dr. Ervin Taylor to determine an age. According to laboratory records the individual was approximately 2150 years old and therefore was confirmed to be a Native American ancestor. Dr. Taylor, for reasons unknown, kept the remains and did not alert anyone at UCR of the presence of Native American ancestral remains on campus, despite being asked by campus administration in the early 2000s about possible human remains from the radiocarbon laboratory.

In 2022, Megan Murphy, UCR Repatriation Coordinator, discovered the remains along with a large amount of other hidden materials in an off-campus storage facility that had been used by the late Dr. Taylor to conceal the samples he retained from the laboratory. Megan Murphy contacted Megan Lonski, CSU Fullerton NAGPRA Repatriation Coordinator, who confirmed that no other remains from said individual were at the CSUF campus. Murphy and Lonski then contacted the Los Angeles County Medical Examiner's office to determine if any additional remains could be present at their facility. Investigators with the LA Medical Examiner's office confirmed that they could not locate any additional remains. The absence of any known remains from said individual at other locations along with the comparison of the photographs of the burial compared with the remains present at UCR suggest that the entire individual was sent by Dr. Suchey to UCR for radiocarbon dating. Due to the individual being housed at UCR, the notice and subsequent repatriation will be handled by UCR. No known funerary objects were found with the remains and no known individual could be identified.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains described in this notice.

Determinations

The University of California has determined that:

- The human remains described in this notice represent the physical remains of, at minimum, one individual of Native American ancestry.
- There is a connection between the human remains described in this notice and the Morongo Band of Mission Indians, California and the Santa Ynez Band of Chumash Mission Indians of the Santa Ynez Reservation, California.
