

The NRT monitoring system includes subsets of questions aimed at the different project participants (*i.e.*, Principal Investigators (PIs), and trainees), and allows for data analysis and data report generation by authorized NSF staff. The collection takes a census approach and generally includes three categories of descriptive data: (1) Staff and project participants (data that are necessary to determine individual-level treatment and control groups for future third-party study or for internal evaluation); (2) project implementation characteristics (also necessary for future use to identify well-matched comparison groups); and (3) project outputs (necessary to measure baseline for pre- and post- NSF-funding-

level impacts). NRT awardees will be required to report data on an annual basis for the life of their award.

Use of the Information: NSF will primarily use the data from this collection for program planning, management, and audit purposes to respond to queries from the Congress, the public, NSF's external merit reviewers, external third parties who serve as advisors, the NSF Office of the Inspector General, and as a basis for either internal or third-party evaluations of individual programs. This information is required for effective administration, communication, program and project monitoring and evaluation, and for measuring attainment of NSF's program, project,

and strategic goals. The data collection is primarily used for accountability and evaluation purposes, including responding to queries from external experts. Some data collected under this collection will serve as baseline data for future research and evaluation studies.

NSF-funded contract or grantee researchers and internal or external evaluators in part may identify control, comparison, or treatment groups for NSF's education and training portfolio using some of the descriptive data gathered through this collection to conduct well-designed, rigorous research and portfolio evaluation studies.

Complaint

AGENCY: Postal Regulatory Commission.

- I. Background
- II. Ordering Paragraphs

I. Background

This complaint stems from a dispute between the Postal Service and

Complainant regarding delivery of mail to his home. Complainant asserts three causes of action in his Complaint. Specifically, Count I alleges that the Postal Service has breached a settlement agreement between the parties. Count II alleges that the Postal Service violated 39 U.S.C. 403(1) by failing to maintain an efficient system of sorting and delivering the mail. Count III alleges that the Postal Service violated 39 U.S.C. 403(c) by discriminating against him in the delivery of his mail.

Pursuant to 39 U.S.C. 3662(b), the Commission concludes that Complainant has raised sufficient issues of material law and fact as to Count III. The Commission shall dismiss Counts I and II.

The Commission appoints a presiding officer to preside over the conduct of the proceedings, including but not limited to scheduling, discovery, potential hearings, and briefing in this matter. The Commission finds good cause to waive the appointment of an officer of the Commission designated to represent the interests of the general public in this proceeding as required by 39 CFR 3022.30(c) because the violations alleged in the Complaint pertain solely to Complainant rather than the general public.

II. Ordering Paragraphs

It is ordered:

1. The Commission finds that Complainant's Formal Complaint for Systemic Breach of Settlement Agreement and Violation of Service Standards, filed July 16, 2026, raises material issues of law and fact.

2. Complainant's Motion for Leave to File a Supplemental Filing and Notice of Ongoing Severe Mail Misrouting as Substantive Evidence, filed July 16, 2026, is granted.

3. The Motion of the Rural Carrier Protection & Accountability Alliance for Leave to File Amicus Curiae Brief in Opposition to Postal Service Motion to Dismiss, filed August 6, 2026, is granted.

4. The Complainant's Motion for Leave to Reply, and Reply to Respondent's Opposition to the Motion to Strike, filed August 26, 2026, is granted.

5. The Pro Se Complainant's Motion to Strike Respondent's Untimely Motion to Dismiss, and Alternate Opposition to the Motion to Dismiss, filed August 13, 2026, is denied.

6. The United States Postal Service Motion to Dismiss, August 5, 2026, is granted except for the claim related to the alleged violation of 39 U.S.C. 403(c), for which it is denied.

7. Pursuant to 39 CFR 3010.106, the Commission appoints Joseph K. Press as presiding officer in this proceeding.

8. Pursuant to 39 CFR 3022.12(b) and 3022.14, the Postal Service is directed to file an answer to the Complaint within 10 days of this Order.

9. After the Postal Service files its answer, the presiding officer shall set a procedural schedule, which will incorporate an opportunity for the parties to pursue settlement.

10. The presiding officer shall, pursuant to 39 CFR 3010.335, provide a public written intermediate decision including findings of fact and conclusions of law on the issues raised in this proceeding.

11. In accordance with 39 CFR 3022.41, if a complaint is resolved informally, in whole or in part, subsequent to Commission action under 39 CFR 3022.30(a)(1), the Complainant must promptly file: (1) a statement explaining the resolution; and (2) a motion to dismiss or amend the complaint based on the resolution.

12. The Commission dockets staff shall make Complainant's Motion for Leave to File a Supplemental Filing and Notice of Ongoing Severe Mail Misrouting as Substantive Evidence and Formal Request for Reasonable Accommodations/Section 508 Waiver of Electronic Filing Requirements, both filed by Complainant on July 16, 2026, publicly available on the dockets system.

13. This Order, or an abstract thereof, shall be published in the **Federal Register**.

By the Commission.

Attorney-Advisor.
