

SECURITIES AND EXCHANGE COMMISSION**[OMB Control No. 3235–0518]****Agency Information Collection Activities; Proposed Collection; Comment Request; Extension: Form CB—Tender Offer/Rights Offering Notification Form**

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

An entity conducting an exempt cross-border business combination or rights offering is required to file a Form CB (17 CFR 249.480) to the extent the party would have had a filing obligation if the transaction were not eligible for the exemption. Form CB is intended to help the Commission determine whether a transaction meets the eligibility requirements of the exemptive rules. Form CB also helps to ensure that information about the transaction is publicly available in order to help security holders make informed investment decisions. We estimate that approximately 49 respondents make one Form CB filing per year, for a total of approximately 49 responses annually. We estimate that respondents incur approximately 0.12 burden hours per Form CB filing, for a total annual reporting burden of 6 hours (0.12 hours per response × 49 responses). We estimate that respondents incur \$225 cost burden per Form CB filing, for a total annual cost burden of \$11,025 (\$225 cost per response × 49 responses).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the

information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Please direct your written comments on this 60-Day Collection Notice to Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Tanya Ruttenberg via email to PaperworkReductionAct@sec.gov by November 9, 2026.

Dated: September 8, 2026.

Assistant Secretary.

[Release No. 34–106281; File No. SR–NYSENAT–2026–24]

Self-Regulatory Organizations; NYSE National, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Connectivity Fee Schedule

September 4, 2026.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b–4 thereunder,³ notice is hereby given that on September 2, 2026, NYSE National, Inc. (“NYSE National” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Connectivity Fee Schedule (“Fee Schedule”) regarding colocation services and fees to make a non-substantive change to the lists in Colocation Notes 4 and 5. The proposed rule change is available on the Exchange’s website at www.nyse.com and at the principal office of the Exchange.

² 15 U.S.C. 78a.

³ 17 CFR 240.19b–4.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**1. Purpose**

NYSE National, Inc. (“NYSE National” or the “Exchange”) proposes to amend the Connectivity Fee Schedule (“Fee Schedule”) regarding colocation services and fees to make a non-substantive change to the lists in Colocation Notes 4 and 5.

Colocation Note 4 includes a table of “Included Data Products” that lists the market data feeds that Users⁴ can connect to at no additional cost when they purchase a service that includes access to the LCN or IP network.⁵ The list currently includes three “NMS Feeds,” two of which are referred to as “CTA” and “CQ.”

Similarly, Colocation Note 5 lists the market data feeds available over the NMS network. As in Colocation Note 4, the list in Colocation Note 5 currently includes three “NMS Feeds,” two of which are referred to as “CTA” and “CQ.”

The names “CTA” and “CQ” do not actually refer to the data feeds themselves, but rather, to the names of the NMS Plans pursuant to which the data feeds are currently disseminated—

⁴ For purposes of the Exchange’s colocation services, a “User” means any market participant that requests to receive colocation services directly from the Exchange. See Securities Exchange Act Release No. 83351 (May 31, 2018), 83 FR 26314 at n.9 (June 6, 2018) (SR–NYSENAT–2018–07). As specified in the Fee Schedule, a User that incurs colocation fees for a particular colocation service pursuant thereto would not be subject to colocation fees for the same colocation service charged by the New York Stock Exchange LLC, NYSE American LLC, NYSE Arca, Inc., and NYSE Texas, Inc. (together, the “Affiliate SROs”). Each Affiliate SRO has submitted substantially the same proposed rule change to propose the change described herein.

⁵ See 83 FR 26314, *supra* note 3.

i.e., the CTA Plan⁶ and the CQ Plan.⁷ The actual names of the data feeds are “CTS” and “CQS.”⁸

Beginning April 1, 2027,⁹ the CTS and CQS data feeds will be produced and disseminated pursuant to a different NMS Plan, the “CT Plan.” There will be no changes to the actual data feeds disseminated, and they will retain their current names of CTS and CQS.

In light of this upcoming transition, the Exchange proposes to amend the list of Included Data Products in Colocation Note 4 and the list of feeds available over the NMS network in Colocation Note 5 to refer to these data feeds by their actual names, CTS and CQS.

This is a non-substantive change. Only the names of the data feeds on the lists in Colocation Notes 4 and 5 would change. There would be no change to the data feeds themselves, nor would there be any change to their inclusion as Included Data Products or feeds available over the NMS network.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.¹⁰ Specifically, the proposal is consistent with Section 6(b)(5) of the Act¹¹ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest.

The Exchange believes the proposed rule change would protect investors and the public interest and perfect the mechanism of a free and open market and a national market system by adding transparency and specificity to the rule. In light of the upcoming transition to the CT Plan, the Exchange believes that market participants may be confused if the lists in Colocation Notes 4 and 5 continue to refer to the CTS and CQS data feeds as “CTA” and “CQ,” potentially prompting questions about whether the data feeds themselves will be changing. The Exchange believes investors and the public interest would

be protected by revising the list in advance of such transition to refer to these data feeds by their correct names, CTS and CQS.

As noted above, this is a non-substantive change. Only the names of the data feeds on the lists in Colocation Notes 4 and 5 would change. There would be no change to the data feeds themselves, nor would there be any change to their inclusion as Included Data Products or feeds available over the NMS network.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposal will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of Section 6(b)(8) of the Act.¹² Rather than impacting competition, the proposed changes are non-substantive and would enhance the specificity and transparency of the rule.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹³ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings

to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Copies of the filing will be available for inspection and copying at the principal office of the Exchange.
