BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency**

[Docket ID FEMA-2026-0002]

Final Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Flood hazard determinations, which may include additions or modifications of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or regulatory floodways on the Flood Insurance Rate Maps (FIRMs) and where applicable, in the supporting Flood Insurance Study (FIS) reports have been made final for the communities listed in the table below. The FIRM and FIS report are the basis of the floodplain management measures that a community is required either to adopt or to show evidence of having an effect in order to qualify or remain qualified for participation in the Federal Emergency Management Agency's

(FEMA's) National Flood Insurance Program (NFIP).

DATES: The date of November 13, 2026 has been established for the FIRM and, where applicable, the supporting FIS report showing the new or modified flood hazard information for each community.

ADDRESSES: The FIRM, and if applicable, the FIS report containing the final flood hazard information for each community is available for inspection at the respective Community Map Repository address listed in the tables below and will be available online through the FEMA Map Service Center at <https://msc.fema.gov> by the date indicated above.

FOR FURTHER INFORMATION CONTACT: David N. Bascom, Acting Director, Engineering and Modeling Division, Federal Insurance Directorate, Resilience, FEMA, 400 C Street SW, Washington, DC 20472, or (email) david.bascom@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the new or modified flood hazard information for each

community listed. Notification of these changes has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Acting Deputy Assistant Administrator, Federal Insurance Directorate, Resilience has resolved any appeals resulting from this notification.

This final notice is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the new or revised FIRM and FIS report available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.

The flood hazard determinations are made final in the watersheds and/or communities listed in the table below.

(Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

David M. Gudinas,

*Acting Deputy Assistant Administrator,
Federal Insurance Directorate, Resilience,
Federal Emergency Management Agency,
Department of Homeland Security.*

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency**

[Docket ID FEMA–2026–0562]

Assistance to Firefighters Grant Program; Fire Prevention and Safety Grants

AGENCY: Federal Emergency Management Agency (FEMA), Department of Homeland Security (DHS).

ACTION: Notice.

SUMMARY: Pursuant to the Federal Fire Prevention and Control Act of 1974, as amended, the Administrator of FEMA is publishing this notice describing the fiscal year (FY) 2025 Assistance to Firefighters Grant (AFG) and Fire Prevention and Safety (FP&S) grant programs application processes, deadlines and award selection criteria. This notice explains the differences, if any, between these guidelines and those recommended by representatives of the national fire service leadership during the annual meeting of the Criteria Development Panel (CDP), which was held September 9, 2025. The application period for the FY 2025 AFG Program was May 19, 2026, to June 22, 2026, and the FY 2025 FP&S Program was May 19, 2026, to June 22, 2026. The application periods were announced on the FEMA Fire Grant website at <https://www.fema.gov/grants/preparedness/firefighters>, as well as at <https://www.grants.gov>.

DATES: Grant applications for the FY 2025 AFG and FP&S Programs were accepted electronically through the FEMA Grants Outcomes (FEMA GO) system at <https://go.fema.gov>, from May 19, 2026, to June 22, 2026.

ADDRESSES: DHS/FEMA/Resilience/Grant Programs Directorate, Fire Grants Branch, 400 C St. SW, 3N, FEMA Headquarters, Washington, DC 20472–3635.

FOR FURTHER INFORMATION CONTACT: Paul Parsons, Branch Chief, Fire Grants Branch, 866–274–0960 or FireGrants@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The AFG program awards grants directly to fire departments, nonaffiliated emergency medical service (EMS) organizations, and state fire training academies (SFTA) to enhance the health and safety of first responders and improve their abilities

to protect the public from fire and fire-related hazards.

The FP&S program awards grants directly to eligible fire departments and national, regional, State, local, Territorial and Tribal governments and nonprofit organizations such as academic (e.g., universities), public health, occupational health, and injury prevention institutions to enhance the safety of the public and firefighters, by assisting fire prevention programs and supporting firefighter health and safety research and development. Eligible organizations must be operating in any of the 50 States, as well as the District of Columbia, the Commonwealth of the Northern Mariana Islands, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of Puerto Rico, or any federally recognized Tribal Nation.

Applications for the FY 2025 AFG and FP&S Programs were submitted and processed online at <https://go.fema.gov>. Before the application period opened, the FY 2025 AFG and FP&S notices of funding opportunity (NOFO) were published on FEMA's website at <https://www.fema.gov/grants/preparedness/firefighters>, as well as at www.grants.gov. FEMA's Fire Grants web page provides additional information and materials useful for FY 2025 AFG and FP&S applicants, including Frequently Asked Questions, Application Checklists, Self-Evaluation Sheets, and a Cost-Share Calculator, as well as Tips and Guidelines for FP&S R&D applications. FEMA received 8,426 AFG applications and \$291.6 million in funding to support approximately 1,800 AFG grant awards. FEMA also received 758 FP&S applications and \$32.4 million in funding to support approximately 100 FP&S grant awards.

Congressional Appropriations

Funding for the FP&S program is through the Assistance to Firefighters Grant (AFG) Program. For the FY 2025 AFG program, Congress appropriated \$324 million through the Full-Year Continuing Appropriations and Extensions Act, 2025, Public Law 119–4, 1101. From this amount, \$291.6 million will be made available for FY 2025 AFG awards, and \$32.4 million will be made available for FY 2025 FP&S awards, pursuant to 15 U.S.C. 2229, which states that not less than 10% of available grant funds each year must be awarded under the FP&S program. Funds appropriated for FY 2025 will be available for obligation and award until September 30, 2026. The Federal Fire Prevention and Control Act of 1974 further directs FEMA to administer AFG's appropriations according to the following requirements:

- *Career fire departments:* Not less than 25% of available grant funds.
- *Volunteer fire departments:* Not less than 25% of available grant funds.
- *Combination fire departments and departments using paid-on-call firefighting personnel:* Not less than 25% of available grant funds.
- *Open competition (career, volunteer, and/or combination fire departments and departments using paid-on-call firefighting personnel):* Not less than 10% of available grant funds awarded.
- *EMS providers including fire departments and nonaffiliated EMS organizations:* Not less than 3.5% of available grant funds awarded.
- *Nonaffiliated EMS providers:* Not more than 2% of the total available grant funds.
- *State Fire Training Academies (SFTAs):* Not more than 3% of available grant funds shall be collectively awarded to SFTA applicants, with a maximum of \$500,000 per applicant.
- *Vehicles:* Not more than 25% of available grant funds may be used for the purchase of vehicles; by policy and based on recommendations, FEMA intends to dedicate 10% of those vehicle funds for ambulances.

Background of the AFG Program

Since 2001, AFG has awarded approximately \$9 billion in grant funding to help firefighters and other first responders obtain critically needed equipment, protective gear, emergency vehicles, training, and other resources needed to protect the public and emergency personnel from fire and fire-related hazards. FEMA awards grants on a competitive basis to the applicants that best address the AFG program's priorities and provide the most compelling justification. Applications that best address AFG priorities, as identified in the Application Evaluation Criteria section below, are reviewed by a panel composed of fire service personnel. The AFG program has three program activities:

- Operations and Safety;
- Vehicle Acquisition; and
- Regional Projects.

The priorities for each activity are fully outlined in the funding notice.

Background of the FP&S Program

Since FY 2002, the FP&S program has provided nearly \$750 million in grant funding to provide critically needed resources to fire departments and nonprofit organizations to carry out fire prevention education and training, fire code enforcement, origin and cause investigation, firefighter safety and health programming, prevention efforts,
