Needs and Uses: The Commission adopted an Order on Reconsideration (FCC 00-297) revising its collocation rules to further strengthen them in response to a petition for partial reconsideration or clarification of the *Advanced Services First Report and Order* (FCC 99-48). This information collection is used by the Commission, state commissions, and competitive carriers to facilitate the deployment of advanced services and other

telecommunications services in implementation of section 251(c)(6) of the Communications Act of 1934, as amended. The number of respondents, annual responses, and annual burden hours have decreased due to a decrease in the current total number of active incumbent local exchange carriers who may have to respond to this information collection.
