DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Opportunity for Public Comment on Property Release at the Mobile Regional Airport Mobile, Alabama

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of intent to rule on land release request.

SUMMARY: The FAA is considering a request from the Mobile Airport Authority (MAA) to waive the requirement that 0.4034± acres of airport property located in the northern area of the Mobile Regional Airport and along the northeast corner of Foster Road and Tanner Williams Road in Mobile, Alabama, be used for aeronautical purposes.

DATES: Comments must be received on or before October 13, 2026.

ADDRESSES: Comments on this notice may be mailed or delivered in triplicate to the FAA to the following address: Jackson Airports District Office, Attn: Brian Hendry, Community Planner, Jackson Airports District Office, 10 Canebrake Blvd., Suite 100, Flowood, MS 39232.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mobile Airport Authority, Attn: Mr. Don Shepley, Business Development Manager, Post Office Box 88004, Mobile, AL 36608.

FOR FURTHER INFORMATION CONTACT: Brian Hendry, Community Planner, Jackson Airports District Office, 10 Canebrake Blvd., Suite 100, Flowood, MS 39232, (769) 268–6979. The land release request may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA is reviewing a request by the Mobile Airport Authority to release approximately 0.4034± acres of airport property at Mobile Regional Airport (MOB) under the provisions of Title 49, U.S.C. 47153(c). The FAA determined

that the request to release property at Mobile Regional Airport (MOB) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this notice. The property will be purchased by the County of Mobile which is purchasing the land for a roadway widening project at the northeast corner of the intersection of Foster Road and Tanner Williams Road. The property is located north of the main airport property and due north of Runway 18 end. In accordance with 49 U.S.C. 47107(c)(2)(B)(i), the airport will receive fair market value for the property, and the net proceeds from the sale of this property will be used for maintenance and improvements at the Mobile Regional Airport (MOB).

Any person may inspect the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon request, inspect the request, notice and other documents germane to the request in person at the Mobile Airport Authority (MAA).

Issued in Jackson, Mississippi on September 8, 2023.

William Schuller,

Acting Manager, Jackson Airports District Office, Southern Region.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Petition for Authorization To Exceed Mach 1

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of decision to grant an authorization to exceed Mach 1.

SUMMARY: This notice summarizes the petition Hermeus Corporation submitted to FAA requesting a special flight authorization as provided for in FAA regulations. The notice also provides for public awareness of FAA's decision to grant Hermeus Corporation's request. FAA is not requesting comments on the petition or FAA's decision regarding the petition because a special flight authorization petition to exceed Mach 1 follows a separate regulatory process.

DATES: The grant of the special flight authorization to exceed Mach 1 is effective August 20, 2026.

FOR FURTHER INFORMATION CONTACT: David Senzig, Office of Environment and Energy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; 781–238–7034, david.a.senzig@faa.gov.

SUPPLEMENTARY INFORMATION:

Petitioner: Hermeus Corporation.

Applicable Sections of 14 CFR: Sections 91.817 and 91.818.

Description of Relief Sought: Hermeus Corporation seeks relief to allow certain flight tests to exceed Mach 1.

On May 22, 2026, Hermeus Corporation, Atlanta, GA (Hermeus), petitioned FAA to allow Hermeus to operate a civil aircraft that is expected to exceed Mach 1 speeds during flight testing. Hermeus submitted subsequent revisions to this petition with the final revision received on August 20, 2026. Specifically, Hermeus requested to conduct developmental flight test operations of an experimental aircraft, the Quarterhorse Mark 2.2 (Mk 2.2) Unmanned Aircraft System (UAS), over the White Sand Missile Range (WSMR) inside Restricted Areas R–5111 A–D and R–5107 located in New Mexico. The petitioner requested authorization for up to six supersonic test flights by August 20, 2027. The proposed operations would occur at or above 24,000 ft Mean Sea Level during daytime hours.

To satisfy its environmental requirements, in a decision dated August 20, 2026, FAA relied on and adopted the Department of the Army's categorical exclusion determination which was based on the Army's Record of Environmental Consideration (REC) for the petitioner's request for the special flight authorization for the Quarterhorse Program Aircraft at WSMR. FAA determined that proposed supersonic test flights would not significantly affect the quality of the human environment.

FAA finds the request by the petitioner is well within the intent of 14 CFR 91.818. As such, FAA granted Hermeus' petition for this special flight authorization to exceed Mach 1. Authority to exceed Mach 1 during the testing of the Hermeus Mk 2.2 experimental aircraft is limited to the conditions and limitations stated in the special flight authorization.

FAA's decision to grant a special flight authorization in response to Hermeus' petition and the applicable FAA environmental review document is available on FAA's website. FAA is posting grants of special flight

authorizations and applicable FAA environmental review documents on this website. These documents may be found at: https://www.faa.gov/about/office_org/headquarters_offices/apl/aee/env_policy/sfa_supersonic.

Issued in Washington, DC, on September 8, 2026.

Julie Marks,

Executive Director, Office of Environment and Energy (AEE-1).

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. FAA-2026-11158]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Federal Aviation Regulation Part 119—Certification: Air Carriers and Commercial Operators

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The information collected reflects requirements necessary under parts 135, 121, and 125 to comply with Federal Aviation Regulation part 119—Certification: Air Carriers and Commercial Operators. The FAA will use the information it collects and reviews to ensure compliance and adherence to regulations and, if necessary, to take enforcement action on violators of the regulations.

DATES: Written comments should be submitted by November 10, 2026.

ADDRESSES: Please send written comments:

By Electronic Docket: www.regulations.gov (Enter docket number into search field).

By mail: Sandra L. Ray, 1187 Thorn Run Road, Suite 200, Coraopolis, PA 15108.

By fax: 412-239-3063.

FOR FURTHER INFORMATION CONTACT:

Sandra L. Ray by email at: Sandra.ray@faa.gov; phone: 412-546-7344

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a)

Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0593.

Title: Federal Aviation Regulation part 119—Certification: Air Carriers and Commercial Operators.

Form Numbers: 8400-6.

Type of Review: Renewal of an information collection.

Background: The request for clearance reflects requirements necessary under parts 135, 121, and 125 to comply with part 119. 49 U.S.C. 44702 is the FAA's general certificate-issuance authority. It says the Administrator may issue numerous types of certificates—including airman, type, production, airworthiness, airport, air agency, and air carrier operating certificates—and establishes general requirements for applications and certificate issuance.

Title 49 U.S.C. 44705 is the specific statute governing air carrier operating certificates. It tells the FAA when an air carrier certificate shall be issued: after investigation, when the applicant is properly and adequately equipped and capable of operating safely. It also specifies what the certificate must contain.

The FAA will use the information it collects and reviews to ensure compliance and adherence to regulations and, if necessary, to take enforcement action on violators of the regulations.

Respondents: 38 New Entrant Air Carrier and Commercial Operators.

Frequency: Once.

Estimated Average Burden per Response: 3 hour per response.

Estimated Total Annual Burden: \$191,212.16.

Issued in Washington, DC, on September 9, 2026.

Sandra L. Ray,

Aviation Safety Inspector, AFS-260.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Final Federal Agency Actions on Proposed Transportation Project in California

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of limitation on claims for judicial review.

SUMMARY: The FHWA, on behalf of the California Department of Transportation (Caltrans), is issuing this notice to announce actions taken by Caltrans that are final agency actions. These actions relate to the proposed Interstate 505 Vaca Valley Parkway Corridor Multimodal Improvement Project in Solano County, California. Caltrans in partnership with the City of Vacaville is proposing to provide interchange and local roadway improvements along Interstate 505 at the Vaca Valley Parkway on and off ramps. The Project would replace three intersections with roundabouts and introduce new bicycle and pedestrian connections across the corridor to help improve traffic, pedestrian and bicycle operations.

DATES: By this notice, the FHWA, on behalf of Caltrans, is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal Agency actions on the listed highway project will be barred unless the claim is filed on or before February 8, 2027. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

ADDRESSES: The Environmental Assessment with a Finding of No Significant Impact and additional project documents can be viewed and downloaded from the project website at: <https://dot.ca.gov/caltrans-near-me/district-4/d4-popular-links/d4-environmental-docs#solano> or by contacting Caltrans District 4 Environmental, 111 Grand Avenue, Oakland, CA 94612, during normal business hours from 8 a.m. to 5 p.m. (Pacific Time), Monday through Friday, except State holidays.

FOR FURTHER INFORMATION CONTACT:

Nathan Roberts, Environmental Scientist, (510) 418-3347, Nathan.roberts@dot.ca.gov.

SUPPLEMENTARY INFORMATION: Effective July 1, 2007, and as subsequently renewed on May 27, 2022, the FHWA assigned, and Caltrans assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327.
