PacifiCorp; Notice of Intent To Prepare an Environmental Assessment

On December 16, 2025, PacifiCorp filed an application for an exemption from licensing for the existing 6.7-megawatt Ashton Hydroelectric Project No. 2381. The project is located on the Henry's Fork of the Snake River, in Fremont County, Idaho.

In accordance with the Commission's regulations, on June 15, 2026, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA Notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an environmental assessment (EA) on the application to relicense the project.¹

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502–6595 or OPP@ferc.gov.

The application will be processed according to the following schedule. The EA will be issued for a 30-day comment period. Revisions to the schedule may be made as appropriate.

Milestone	Target Date
Commission issues EA	June 30, 2027.

Any questions regarding this notice may be directed to Amy Chang by telephone at (202) 502–6154 or by email at amy.chang@ferc.gov.

Seefeld Corporation; Notice of Waiver Period for Water Quality Certification Application

In a filing made on September 4, 2026, the Seefeld Corporation (exemptee) submitted to the Federal Energy Regulatory Commission (Commission) a copy of an email from the Washington Department of Ecology documenting receipt of the exemptee's Clean Water Act section 401(a)(1) water quality certification application, in conjunction with the above captioned project. Pursuant to Section 5.23(b) of the Commission's regulations,¹ we hereby notify the Washington Department of Ecology of the following:

Date of Receipt of the Certification

Request: September 3, 2026.

Reasonable Period of Time to Act on the Certification Request: One year (September 3, 2027).

If the Washington Department of Ecology fails or refuses to act on the water quality certification request on or before the above date, then the agency certifying authority is deemed waived pursuant to section 401(a)(1) of the Clean Water Act, 33 U.S.C. 1341(a)(1).
