SECURITIES AND EXCHANGE COMMISSION

[OMB Control No. 3235–0102]

Agency Information Collection Activities; Proposed Collection; Comment Request; Extension: Tender Offer-Regulation 14D and Regulation 14E, Schedule 14D–9

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval. The Commission also is requesting approval from OMB to designate this existing collection of information (OMB Control No. 3235–0102) as a “common form” for purposes of PRA submissions¹ because the Board of Governors of the Federal Reserve System uses this information collection (under OMB Control No. 7100–0091).

Regulation 14D (17 CFR 240.14d–1 through 240.14d–11) and Regulation

14E (17 CFR 240.14e–1 through 240.14e–8) and related Schedule 14D–9 (17 CFR 240.14d–101) require information intended to help security holders determine how to respond to tender offers. The information required by Schedule 14D–9 is mandatory, and Schedule 14D–9 filings are publicly available on the Commission’s Electronic Data Gathering, Analysis, and Retrieval (“EDGAR”) system. We estimate that Schedule 14D–9 is filed once per year by approximately 54 respondents, for a total of approximately 54 responses annually. We estimate that respondents incur 65.14 burden hours per Form 10–K response, for a total annual reporting burden of 3,518 hours (65.14 burden hours per response × 54 responses). We estimate that respondents incur \$117,252 cost burden per Schedule 14D–9 response, for a total annual cost burden of \$6,331,608 (\$117,252 cost burden per response × 54 responses).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Please direct your written comments on this 60-Day Collection Notice to Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Tanya Ruttenberg via email to PaperworkReductionAct@sec.gov by November 13, 2026.

Dated: September 9, 2026.

[Release No. 34–106309; File No. SR–NASDAQ–2026–016]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Designation of a Longer Period for Commission Action on Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To List and Trade Shares of the VanEck JitoSQL ETF Under Nasdaq Rule 5711(d) (Commodity-Based Trust Shares)

September 9, 2026.

On March 10, 2026, the Nasdaq Stock Market LLC (“Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b–4 thereunder,² a proposed rule change to list and trade shares of the VanEck

The Common Forms Module [in ROCIS] allows a ‘host’ agency to obtain [OMB] approval of an information collection for use by one or more ‘using’ agencies. After OMB grants approval, any prospective using agency that seeks to collect identical information for the same purpose can obtain approval to use the ‘common form’ by providing its agency-specific information to OMB (e.g., burden estimates and number of respondents). . . . The host agency will indicate in the **Federal Register** notices that it is requesting approval of a common form and, if known, identify other agencies that may use the information collection. Both the **Federal Register** notices and the ICR should account only for the burden imposed by the host agency’s use of the common form. Once the host agency has received approval from OMB, any agency will be able to request OMB approval for its use of the common form in ROCIS by providing its agency specific information to OMB (e.g., burden estimates and number of respondents). Additional public notice by those agencies will not be required.”)

JitoSOL ETF under Nasdaq Rule 5711(d) (Commodity-Based Trust Shares). The proposed rule change was published for comment in the **Federal Register** on March 20, 2026.³

On May 1, 2026, pursuant to Section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁵ On June 17, 2026, the Commission initiated proceedings under Section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change.⁷

Section 19(b)(2) of the Act⁸ provides that, after initiating proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The proposed rule change was published for comment in the **Federal Register** on March 20, 2026.⁹ The 180th day after publication of the proposed rule change is September 16, 2026. The Commission is extending the time period for approving or disapproving the proposed rule change for an additional 60 days.

The Commission finds that it is appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider the proposed rule change and the issues raised therein. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,¹⁰ designates November 15, 2026, as the date by which the Commission shall either approve or disapprove the

proposed rule change (File No. SR–NASDAQ–2026–016).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–106299; File No. SR–CboeBYX–2026–031]

Self-Regulatory Organizations; Cboe BYX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fee Schedule To Update the Definition of “Trading Platform”

September 9, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on September 1, 2026, Cboe BYX Exchange, Inc. (the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe BYX Exchange, Inc. (the “Exchange” or “BYX”) proposes to amend its Fee Schedule to update the definition of “Trading Platform.” The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Commission’s website (<https://www.sec.gov/rules/sro.shtml>), the Exchange’s website (https://www.cboe.com/us/equities/regulation/rule_filings/byx/), and at the principal office of the Exchange.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed

any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the definition of “Trading Platform” set forth in the Definitions section of its Fee Schedule. The existing definition enumerates three categories of execution venue—a registered National Securities Exchange, an Alternative Trading System, and an Electronic Communications Network. The Exchange now seeks to amend this definition to add an additional category—namely, a similar order-matching execution venue or decentralized platform (including blockchain-based or tokenized environments)—so that the term also captures other venues that perform functionally equivalent order-matching and execution. The current and proposed amended definitions are set forth below.

Current Definition: “A Trading Platform is any execution platform operated as or by a registered National Securities Exchange (as defined in Section 3(a)(1) of the Exchange Act), an Alternative Trading System (as defined in Rule 300(a) of Regulation ATS), or an Electronic Communications Network (as defined in Rule 600(b)(23) of Regulation NMS).”

Proposed Amended Definition: “A Trading Platform is any execution platform operated as or by a registered National Securities Exchange (as defined in Section 3(a)(1) of the Exchange Act), an Alternative Trading System (as defined in Rule 300(a) of Regulation ATS), an Electronic Communications Network (as defined in Rule 600(b)(23) of Regulation NMS), or a similar order-matching execution venue or decentralized platform (including blockchain-based or tokenized environments).”

The change is intended to capture changes in the evolving landscape of market structure and trading technology, including the increasing use of functionally equivalent order-matching venues that operate outside the three enumerated categories. For example, under the current definition, a platform operated as or by a registered
