DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Stipulation and Order of Settlement Under the Toxic Substances Control Act

On September 9, 2026, the Department of Justice lodged a proposed Stipulation and Order of Settlement with the United States District Court for the Southern District of New York in the lawsuit entitled *United States of America v. Estate of Harry D. Silverstein*, Civil Action No. 26 Civ. 7752.

The United States' complaint seeks injunctive relief pursuant to the Toxic Substances Control Act ("TSCA") and the Residential Lead-Based Paint Hazard Reduction Act of 1992 ("RLBPHRA"),

from the Estate of Harry D. Silverstein ("Silverstein"), relating to Silverstein's failure to make required disclosures to tenants in fourteen residential buildings entering into new and certain renewal leases about lead-based paint in their apartment as required by the Lead Disclosure Rule (24 CFR part 35, subpart A, and 40 CFR part 745, subpart F). After Silverstein passed away, his estate (the "Estate") continued to own and manage the residential buildings and again routinely violated lead paint safety regulations. Additionally, the United States seeks relief under TSCA for Silverstein's and the Estate's failures to comply with safe work practices and related requirements during renovations as required by the Renovation, Repair, and Painting Rule (40 CFR part 745, subpart E). The Stipulation and Order of Settlement requires the Estate to pay a \$4.0 million administrative penalty to the United States under TSCA and the RLBPHRA.

The publication of this notice opens a period for public comment on the Stipulation and Order of Settlement. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America v. Estate of Harry D. Silverstein*, D.J. Ref. DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Final Supplemental Consent Decree Under the Clean Water Act

On September 9, 2026, the Department of Justice lodged a proposed final supplemental consent decree with the United States District Court for the District of North Dakota in the lawsuit entitled *United States of America and State of North Dakota v. Belle Fourche Pipeline Company*, Civil Action No. 1:22–00089–DLH–CRH.

The lawsuit seeks injunctive relief and civil penalties for violations of the Clean Water Act, the Pipeline Safety Laws, and North Dakota state law arising from the failure of Belle Fourche Pipeline Company's Bicentennial Pipeline approximately 17.4 pipeline miles west of the Skunk Hill station, in Billings County, North Dakota, on or about December 1, 2016, resulting in the discharge of oil into an unnamed tributary to Ash Coulee Creek (the "Ash Coulee spill"). Except for certain claims relating to remediation of the Ash Coulee spill site, referred to as the "Reserved Remediation Claims," the claims in the lawsuit were resolved by a Partial Consent Decree entered on October 2, 2023.

The proposed final supplemental consent decree would resolve the Reserved Remediation Claims and requires Belle Fourche Pipeline Company ("Defendant") to implement a Remediation Work Plan to address environmental impacts resulting from the Ash Coulee Spill. Subject to certain reservations, entering into and fully complying with the proposed final supplemental consent decree will also resolve Plaintiffs' claims, through the date of lodging, for any discharges or releases to surface water relating to the Ash Coulee Spill.

The publication of this notice opens a period for public comment on the final supplemental consent decree. Comments should be addressed to the Assistant Attorney General, Energy and Natural Resources Division, and should refer to *United States and State of North Dakota v. Belle Fourche Pipeline Company*, D.J. Ref. No. 90–5–1–1–11262/2. All comments must be
