examined sales to the total quantity of those sales.[27] To determine whether an importer-specific, per-unit assessment rate is *de minimis,* in accordance with 19 CFR 351.106(c)(2), we also will calculate an importer-specific *ad valorem* ratio based on estimated entered values. If an individually examined respondent's weighted-average dumping margin is zero or *de minimis* or where an importer-specific *ad valorem* assessment rate is zero or *de minimis,* we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.[28]

For the respondents that were not selected for individual examination in this administrative review but qualified for a separate rate, the assessment rate will be equal to the weighted-average dumping margins calculated for the mandatory respondents consistent with section 735(c)(5)(A) of the Act. Consequently, the rate established for the non-individually examined companies is an *ad valorem* rate of 34.91 percent.

For entries that were not reported in the U.S. sales database submitted by the mandatory respondents during this review, Commerce will instruct CBP to liquidate such entries at the Vietnam-wide rate.

For the companies listed in Appendix II for which the review is being rescinded, Commerce will instruct CBP to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit rate for estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue rescission instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**.

For the final results, if we continue to treat the four companies identified in the ''Separate Rates'' section above as part of the Vietnam-wide entity, we will instruct CBP to apply an *ad valorem* assessment rate of 60.03 percent to all entries of subject merchandise during the POR which were exported by those companies.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.,* within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from Vietnam entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) for the companies listed above, which have a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis,* then zero cash deposit will be required); (2) for previously investigated or reviewed Vietnam and non-Vietnam exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Vietnam exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the existing rate for the Vietnam-wide entity of 60.03 percent; and (4) for all non-Vietnam exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Vietnam exporter that supplied that non-Vietnam exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4) and 19 CFR 351.221(b)(4).

Dated: September 8, 2026.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Methionine From Spain: Final Results of Antidumping Duty Administrative Review; 2023–2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Adisseo España S.A., the sole producer and exporter subject to this administrative review, made sales of methionine from Spain at less than normal value during the period of review (POR) September 1, 2023, through August 31, 2024.

DATES: Applicable September 14, 2026.

SUPPLEMENTARY INFORMATION:

Background

On March 12, 2026, Commerce published the *Preliminary Results* for the 2023–2024 administrative review of the antidumping duty order on methionine from Spain [1] and invited interested parties to comment.[2] The sole mandatory respondent in this review is Adisseo España S.A. (Adisseo).[3] On July 7, 2026, Commerce extended the deadline for the final results of this review by 53 days.[4] On August 31, 2026, Commerce extended the deadline an additional seven days.[5] As a result, the deadline for the final results is September 8, 2026.

For a complete description of the events that occurred since the *Preliminary Results, see* the Issues and Decision Memorandum.[6] The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Commerce is conducting this administrative review in accordance with section 751(a) of Tariff Act of 1930, as amended (the Act).

Scope of the Order [7]

The merchandise covered by the *Order* is methionine from Spain. For a complete description of the scope of the *Order, see* the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties are addressed in the Issues and Decision Memorandum and are listed in the appendix to this notice.

Changes Since the Preliminary Results

Based on our analysis of the comments received from interested parties regarding the *Preliminary Results,* we made certain changes to the weighted-average dumping margins calculated for Adisseo. For a discussion of these changes, *see* the Issues and Decision Memorandum.

Final Results of Administrative Review

For these final results, we determine that the following weighted-average dumping margins exist for the POR, September 1, 2023, through August 31, 2024:

Producer/exporter	Weighted-average dumping margin (percent)
Adisseo España S.A	8.20

Disclosure

Commerce intends to disclose to interested parties the calculations performed in connection with the final results of review within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with these final results of review.[8] Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which the entered value was reported. Where the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis,* we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's ''automatic assessment'' practice will apply to entries of subject merchandise during the POR produced or exported by Adisseo for which Adisseo did not know that the merchandise it sold to the intermediary (*e.g.,* a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate established in the LTFV investigation (*i.e.,* 37.53 percent [9]) if there is no rate for the intermediate company(ies) involved in the transaction.[10]

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.,* within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the company listed above will be equal to the weighted-average dumping margin that is established in the ''Final Results of Review''; (2) for previously investigated or reviewed companies not subject to this review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 37.53 percent *ad valorem,* the all-others rate established in the LTFV investigation.[11] These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5) and 19 CFR 351.213(h)(1).

Dated: September 8, 2026.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Common Alloy Aluminum Sheet From Taiwan: Final Determination of No Shipments; 2024–2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that C.S. Aluminium Corporation (CSAC) made no shipments of common alloy aluminum sheet (CAAS) during the period of review (POR), April 1, 2024, through March 31, 2025.

DATES: Applicable September 14, 2026.

FOR FURTHER INFORMATION CONTACT: Sarah Keith, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0264.

SUPPLEMENTARY INFORMATION:

Background

On May 14, 2026, Commerce published the *Preliminary Results* of this administrative review in the **Federal Register** and invited comments from interested parties.[1] We received no comments from interested parties on the *Preliminary Results,* and we made no changes from the *Preliminary Results.* Accordingly, no decision memorandum accompanies this notice, and the *Preliminary Results* are hereby adopted as these final results. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order [2]

The product covered by the scope of the *Order* is aluminum sheet from Taiwan. For a full description of the scope of the *Order, see* the *Preliminary Results.*

Final Determination of No Shipments

In the *Preliminary Results,* Commerce preliminarily determined that CSAC had no shipments of subject merchandise during the POR.[3] No party commented on our preliminary no shipments determination for CSAC in the *Preliminary Results.* Therefore, for the final results, Commerce continues to find that CSAC had no shipments during the POR.

Disclosure

Normally, Commerce discloses to interested parties the calculations of the final results of an administrative review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have not calculated any dumping margins in this review, there are no calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined in these final results of this review, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise during the POR. Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for examined sales to each importer to the total entered value of those sales. Where an importer-specific assessment rate is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. In accordance with Commerce's ''automatic assessment'' practice, for entries of subject merchandise that entered the United States during the POR that were produced by CSAC for which it did not know that its merchandise was destined to the United States, Commerce will instruct CBP to liquidate unreviewed entries at the all-others rate (*i.e.,* 17.50 percent),[4] if there is no rate for the intermediate company(ies) involved in the transaction.[5]

Because we have determined that CSAC had no shipments of subject
