Federal Register

Vol. 91, No. 176

Monday, September 14, 2026

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Doc. No. AMS-ST-26-1750]

Notice of Request for Extension of a Currently Approved Information Collection

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Agricultural Marketing Service's (AMS) intention to request approval from the Office of Management and Budget for an extension of, and revision to, the currently approved information collection National Bioengineered Food Disclosure Standard (the Standard).

DATES: Comments on this notice must be received by November 13, 2026 to be assured of consideration.

ADDRESSES: Interested persons are invited to submit comments concerning this notice by using the electronic process available at <http://www.regulations.gov>. Comments may also be filed with the Docket Clerk, 1400 Independence Ave. SW, Room 2069—South, Washington, DC 20250; or by fax: (202) 260-8369. All comments should reference the docket number AMS-ST-26-1750, the date, and the page number of this issue of the **Federal Register**. All comments submitted in response to this notice will be posted without change, including any personal information provided, at <http://www.regulations.gov> and will be included in the record and made available to the public. All comments received will also be available for public inspection during regular business hours at the address above.

FOR FURTHER INFORMATION CONTACT: Fiona Pexton, Acting Director, Food

Labeling and Compliance Division, Science & Technology Program, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence Ave. SW, Room 2069—South, Washington, DC 20250; telephone: (202) 720-4486; email: befooddisclosure@usda.gov.

SUPPLEMENTARY INFORMATION:

Title: National Bioengineered Food Disclosure Standard.

OMB Number: 0581-0315.

Expiration Date of Approval: November 30, 2026.

Type of Request: Extension of a Currently Approved Information Collection.

Abstract: The U.S. Department of Agriculture (USDA) administers the Agricultural Marketing Act of 1946 (title II of the Act of August 14, 1946). Public Law 114-216 amended the Agricultural Marketing Act of 1946, directing the Secretary of Agriculture to establish the National Bioengineered Food Disclosure Standard (7 CFR 66) for disclosing certain foods that are bioengineered or contain bioengineered ingredients. The final rule (National Bioengineered Food Disclosure Standard (7 CFR 66) fulfils USDA's need to establish requirements and procedures to carry out the new standard. Public Law 114-216 also addressed Federal preemption of State and local genetic engineering labeling requirements and specifies that certification of food under USDA's National Organic Program (7 CFR 205) were considered sufficient to make claims about the absence of bioengineering in the food. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), AMS is publishing this 60-day notice on reporting and recordkeeping requirements related to the National Bioengineered Food Disclosure Standard. This collection represents a total burden of 353,952 hours.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 2.3 hours per response.

Respondents: Importers, food manufacturers, and food retailers.

Estimated Number of Respondents: 155,098.

Estimated Total Annual Responses: 155,098.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 353,952 hours.

Comments are invited on: (1) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Erin Morris,

Administrator, Agricultural Marketing Service.
