Proposed Project

2026 Ebola Entry Screening, Monitoring, & Traveler Feedback (OMB Control No. 0920-1469, Exp. 10/31/2026)—Revision—National Center for Emerging and Zoonotic Infectious

Diseases (NCEZID), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Centers for Disease Control and Prevention (CDC), National Center for Emerging and Zoonotic Infectious Diseases (NCEZID), Division of Global Migration Health (DGMH) requests approval for a Revision of an existing information collection (OMB Control No. 0920-1469). Section 361 of the Public Health Service (PHS) Act (42 U.S.C. 264) authorizes the Secretary of Health and Human Services to make and enforce regulations necessary to prevent the introduction, transmission or spread of communicable diseases from foreign countries into the United States. Under its delegated authority, DGMH works to fulfill this responsibility through a variety of activities, including the operation of Port Health Stations at ports of entry and administration of foreign quarantine regulations; 42 Code of Federal Regulation part 71, specifically 42 CFR 71.20—Public health prevention measures to detect communicable disease.

This information collection concerns CDC's statutory and regulatory authority related to conducting public health screening of travelers upon arrival to the United States and assessing individual travelers for public health risk following a report of illness from a conveyance and CDC's responsibility to ensure the successful implementation of traveler monitoring to prevent the transmission or spread of communicable diseases into the United States. On May 18, 2026, CDC published an Order under the Public Health Service Act Suspending Introduction of Certain Persons From Countries Where a Communicable Disease Exists. The Order was amended on May 22, 2026. An Order continuing the suspension of the right to introduce specified foreign nationals into the United States was issued on June 21, 2026, July 13, 2026, and most recently on August 12, 2026. The order issued on August 12 will be in effect for 30 days. Exceptions are included for U.S. citizens, U.S. nationals, certain U.S. government personnel and military, case-by-case humanitarian or law enforcement exceptions, and Department of Homeland Security (DHS)-approved entry processes with CDC-documented mitigation protocols.

CDC relies on its federal partners in the Department of Homeland Security (DHS) to assist in the screening process because of their presence at the ports of entry. DHS will refer travelers that have been to Ebola outbreak areas to another location at the airport where CDC will
