[Docket No. CP26-527-000]

Columbia Gas Transmission, LLC; Notice of Schedule for the Preparation of an Environmental Assessment for the Majorsville-Heard Storage Complex Abandonment Project

On May 21, 2026, Columbia Gas Transmission, LLC filed an application in Docket No. CP26-527-000 requesting Authorization pursuant to Section 7(b) of the Natural Gas Act to abandon certain natural gas pipeline facilities. The proposed project is known as the Majorsville-Heard Storage Complex Abandonment Project (Project) and would eliminate Columbia's need for continued operating and maintenance of facilities that are no longer required to meet Columbia's current firm service obligations.

On June 5, 2026, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the

Project and the planned schedule for the completion of the environmental review.¹

Schedule for Environmental Review

Issuance of EA—November 30, 2026
90-day Federal Authorization Decision

Deadline²—February 28, 2027

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

Columbia proposes to abandon the Heard Storage Field, the Majorsville Shallow Storage Field, and the Majorsville Deep Storage Field, including all associated facilities and base gas, located in Marshall County, West Virginia and Greene and Washington Counties, Pennsylvania. Specifically, Columbia proposes to abandon 57 injection/withdrawal wells, 14 observation wells, the Majorsville Compressor Station, and all associated pipelines and aboveground appurtenances.

Background

On June 30, 2026, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Majorsville-Heard Storage Complex Abandonment Project* (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. The Commission received no comments in response to the Notice of Scoping.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview>

¹ For tracking purposes under the National Environmental Policy Act, the unique identification number for documents relating to this environmental review is EAXX-019-20-000-1785328565.

² The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by federal law.
