A. Overview of Information Collection

Title of Information Collection: Multifamily Delinquency and Default Reporting System.

OMB Approval Number: 2502–0041.

OMB Expiration Date: July 31, 2026.

Type of Request: Revision of a currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: The regulations at 24 CFR 207.256, 207.256a, and 207.258 require a mortgagee to notify HUD when a mortgage payment is in default (more than 30 days past due), when a mortgagee has reinstated a loan, and to submit an election to assign a defaulted loan to HUD within a specified timeframe from the date of default. Regulation 24 CFR part 200 Subpart B requires lenders to submit delinquency, default, election to assign, and other related loan information statuses electronically to HUD. Lenders previously used the HUD–92426 form for these submissions, however, with the implementation of the regulation requiring electronic notification, the Multifamily Delinquency and Default Reporting System (MDDR) was established to replace the paper form HUD–92426. HUD uses the information as an early warning mechanism to work with project owners and lenders to develop a plan that will reinstate a loan and avoid an insurance claim. It also provides HUD staff with a mechanism for mortgagee compliance with HUD's loan servicing procedures and assignments.

Estimated Number of Respondents: 400.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Single Family Premiums Collections Subsystem-Upfront.

OMB Approval Number: 2502–0423.

Type of Request: Revision.

Form Number: N/A.

Description of the need for the information and proposed use: Single Family Premiums Collections Subsystem—Upfront (SFPCS–U) strengthens HUD's ability to manage and process upfront single-family mortgage insurance premium collections and corrections to submit data. It also improves data integrity for the Single Family Mortgage Insurance Program. FHA approved lenders use Automated Clearing House (ACH) applications for all transmissions with SFPCS–U. The collection of information is used to update HUD's Single Family Insurance System. The information collection is also used in calculating refunds due to former mortgagors of a portion of the unearned upfront mortgage insurance payment if mortgage insurance is terminated by conveyance to someone other than FHA and a claim for insurance is not presented for payment, by prepayment of the mortgage, or by voluntary agreement with FHA approval. Without this information the premium collection/monitoring process would be severely impeded, and program data would be unreliable. In general, lender respondents use the ACH applications to remit the upfront premium through SFPCS–U to obtain mortgage insurance.

Refund of one-time payment set forth by 24 CFR 203.283:

(a) The Commissioner shall provide for the refund to the mortgagor of a portion of the unearned MIP paid pursuant to § 203.280 if the contract of insurance covering the mortgage is terminated:

(1) By conveyance to one other than the Commissioner and a claim for the insurance benefits is not presented for payment (§ 203.315),

(2) By prepayment of the mortgage (§ 203.316), or

(3) By voluntary agreement with the approval of the Commissioner (§ 203.317).

(b) The Commissioner shall determine the amount of the premium refund by multiplying the amount the premium paid at the time the mortgage was insured by the applicable premium refund percentage for mortgages insured in the year the mortgage was endorsed for insurance. The Commissioner shall determine the applicable premium refund percentage for each year in an equitable manner and in accordance with sound financial and actuarial practice, taking into account:

(1) Projected salaries and expenses,

(2) prospective losses generated by insurance claims, and

(3) expected future payments of premium refunds.

Respondents: FHA approved lenders.

Estimated Number of Respondents: 1,080.

Estimated Number of Responses: 26,752.

Frequency of Response: 24.77.

Average Hours per Response: .15.

Total Estimated Burdens: $224,672.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Single Family Premiums Collections Subsystem-Upfront	1,080	24.77	26,752	.15	4,012	$56	$224,672
