BILLING CODE 9111-76-P

DEPARTMENT OF THE INTERIOR

Geological Survey

[Docket No. USGS-FACA-2026;
GX26EE000101100]

Call for Nominations to the National Geospatial Advisory Committee

AGENCY: U.S. Geological Survey, Interior.

ACTION: Call for nominations.

SUMMARY: The Department of the Interior (DOI) is seeking nominations to serve on the National Geospatial Advisory Committee (NGAC). The NGAC is a Federal Advisory Committee authorized through the Geospatial Data Act of 2018 (GDA), which operates in accordance with the Federal Advisory Committee Act (FACA). The NGAC provides advice and recommendations to the Secretary of the Interior through the Federal Geographic Data Committee (FGDC) related to management of Federal geospatial programs, development of the National Spatial Data Infrastructure, and the implementation of the GDA. The NGAC reviews and comments on geospatial policy and management issues and provides a forum for views of non-Federal stakeholders in the geospatial community.

DATES: Nominations must be postmarked by November 16, 2026.

ADDRESSES: Nominations should be sent to Ms. Megan Compton, U.S. Geological Survey, 5957 Lakeside Blvd., Indianapolis, IN 46278, or at ngacnominations@fgdc.gov.

FOR FURTHER INFORMATION CONTACT: Ms. Megan Compton, FGDC, USGS by mail

to Megan Compton, at 5957 Lakeside Blvd., Indianapolis, IN 46278; by email at ngacnominations@fgdc.gov; or by telephone 703-581-3332. Individuals in the United States who are deaf, blind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The NGAC conducts its operations in accordance with the provisions of the GDA and the FACA. It reports to the Secretary of the Interior through the FGDC and functions solely as an advisory body. The NGAC provides recommendations and advice to the DOI and the FGDC on policy and management issues related to the effective operation of Federal geospatial programs.

The NGAC includes up to 30 members, selected to achieve a balanced representation of the viewpoints of the various stakeholders involved in national geospatial activities. The NGAC membership is selected from among groups involved in the geospatial community, including States; Local governments; Regional governments; Tribal governments; Private sector entities; Geospatial information user industries; Professional associations; Scholarly associations; Non-profit organizations; Academia; Licensed geospatial data acquisition professionals; and Federal Government. NGAC members are appointed for terms of 3 years, with the terms of one-third of the members expiring each year. NGAC members may not serve more than two consecutive terms. However, after a 2-year break in service, members will be eligible for appointment.

Individual nominees may self-nominate or may be nominated by employers, associations, professional organizations, or other geospatial organizations. Nominations should include a resume providing an adequate description of the nominee's qualifications, including information that would enable the DOI to make an informed decision regarding meeting the membership requirements of the NGAC and permit the DOI to contact the nominee. Nominees are strongly encouraged to include supporting letters from employers, associations, professional organizations, and/or other organizations that indicate support by a meaningful constituency for the nominee.

Nominations will be reviewed by the FGDC, and additional information may be requested from nominees. Final selection and appointment of NGAC members will be made by the Secretary of the Interior. NGAC members serve at the discretion of the Secretary of the Interior.

The NGAC meets approximately three to four times per year. NGAC members will serve without compensation, but travel and per diem costs will be provided by the USGS. The USGS will also provide necessary support services to the NGAC.

Additional information about the NGAC and the nomination process is posted on the NGAC web page at www.fgdc.gov/ngac.

Notice of Inventory Completion: Museum of Us, San Diego, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Museum of Us has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after December 15, 2026.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects in this notice to Alisha Pico, NAGPRA Repatriation Manager, Museum of Us, 1350 El Prado, Balboa Park, San Diego, CA 92101, email apico@museumofus.org.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the Museum of Us,

and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing, at least, 51 individuals have been identified. The 1,025 associated funerary objects consist of multiple lots of ground stone, lithics, modified and unmodified faunal bone, modified and unmodified shell, soil samples, basketry fragments, and eco/biofacts.

Between 1937 and 1938, via excavations conducted by George Carter, Assistant Curator at the San Diego Museum (now Museum of Us), human remains and cultural items were removed from Point Sal (G-1/SBA-125) in Santa Barbara County, California. Although the Museum of Us no longer uses pesticides on cultural items, pesticide use did occur from the beginning of the Museum's founding in 1915 through the 1990s. There is no specific documentation to indicate pesticide use on these human remains and cultural items.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is clearly identified by the information available about the human remains and associated funerary objects described in this notice.

Determinations

The Museum of Us has determined that:

- The human remains described in this notice represent the physical remains of 51 individuals of Native American ancestry.
- The 1,025 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and the Santa Ynez Band of Chumash Mission Indians of the Santa Ynez Reservation, California.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after October 16, 2026. If competing requests for repatriation are received, the Museum of Us must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The Museum of Us is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: September 10, 2026

Melanie O'Brien,

Manager, National NAGPRA Program.

BILLING CODE 4312-52-P

DEPARTMENT OF THE INTERIOR

National Park Service

[N7482; NPS-WASO-NAGPRA-NPS0043736; PPWOCRADNO-PCU00RP14.R50000]

Notice of Intended Repatriation: Santa Rosa Junior College Multicultural Museum, Santa Rosa, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Santa Rosa Junior College Multicultural Museum (SRJCMM) intends to repatriate certain cultural items that meet the definition of sacred objects and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after October 16, 2026.

ADDRESSES: Send additional, written requests for repatriation of the cultural items in this notice to Santa Rosa Junior

College Multicultural Museum, 1501 Mendocino Avenue, Santa Rosa, CA 95401, email rminor@santarosa.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the SRJCMM, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of 29 cultural items have been requested for repatriation. The 29 sacred objects are 28 baskets and/or basketry hats and one string of Olivella Shell & Bugle trade beads.

Additional provenance research indicates that the objects entered the SRJC Multicultural Museum through a variety of donors, private collectors, families, museums, and historical organizations between 1980 and 2023. Several objects are believed to derive from the museum's original collections, likely acquired by founder Jesse Peter in the 1930s, although documentation is limited. Available records indicate that some objects were gifted or traded prior to their donation, including Object 101.104, which was reportedly acquired by Elise Starrett Elsner while living as a missionary in the Mojave Desert, and Object 115.027, described as a gift from an Indian acquaintance in the early 1930s. Other objects have documented transfers from the Sonoma County Historical Society, Museum of Sonoma County, Coddling Museum, and Mendocino County Museum. Provenance records for several objects remain incomplete and do not establish a continuous chain of custody.

Determinations

The Santa Rosa Junior College Multicultural Museum has determined that:

- The 29 sacred objects described in this notice are specific ceremonial objects needed by a traditional Native American religious leader for present-day adherents to practice traditional Native American religion, according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization.

- There is a reasonable connection between the cultural items described in this notice and the Bear River Band of the Rohnerville Rancheria, California.
