[Docket No. CP26–543–000]

Southeast Supply Header, LLC; Notice of Schedule for the Preparation of an Environmental Assessment for the Tupelo Trail Project

On June 15, 2026, Southeast Supply Header, LLC (SESH) filed an application in Docket No. CP26–543–000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(c) of the Natural Gas Act to install, replace, modify, and operate certain natural gas compressor station facilities. The proposed project is known as the Tupelo Trail Project (Project) and would provide up to 110,000 dekatherms per day of natural gas to the Plant Daniel electric generation facility in Jackson County, Mississippi.

On June 30, 2026, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.¹

Schedule for Environmental Review

Issuance of EA—February 12, 2027
90-day Federal Authorization Decision
Deadline²—May 13, 2027

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

SESH proposes to install, replace, modify, and operate compression

facilities and related appurtenances at existing compressor stations in George and Jefferson Davis Counties, Mississippi, and Richland Parish, Louisiana. The Tupelo Trail Project would consist of the following activities:

- installing a new compressor unit powered by a 23,470-horsepower Titan 130 natural gas turbine and related appurtenances at the existing Lucedale Compressor Station in George County, Mississippi;
- replacing an existing compressor with a new compressor at the Lucedale Compressor Station;
- replacing the existing engine on Compressor Unit 2 at the Gwinville Compressor Station in Jefferson Davis County, Mississippi;
- uprating compressor units and increasing compression at the Delhi, Gwinville, and Lucedale Compressor Stations by modifying software controls that limit horsepower;
- and performing associated appurtenant activities.

Background

On July 22, 2026, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Tupelo Trail Project* (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the Notice of Scoping, the Commission received comments from the U.S. Fish and Wildlife Services' Louisiana Ecological Services Office and the U.S. Environmental Protection Agency. The primary issues raised by the commenters concern air quality effects; waste disposal; and the use of the Information for Planning and Consultation tool for protected species effects determinations. All substantive comments will be addressed in the EA.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

For public inquiries and assistance with making filings such as interventions, comments, or requests for

rehearing, contact the Office of Public Participation at (202) 502–6595 or OPP@ferc.gov.

Additional information about the Project is available from the FERC website (www.ferc.gov). Using the “eLibrary” link, select “General Search” from the eLibrary menu, enter the selected date range and “Docket Number” excluding the last three digits (i.e., CP26–543), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208–3676, TTY (202) 502–8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

[Docket No. IC26–32–000]

Commission Information Collection Activities (Ferc–555); Comment Request; Extension

AGENCY: Federal Energy Regulatory Commission.

ACTION: Notice of information collection and request for comments.

SUMMARY: In compliance with the requirements of the Paperwork Reduction Act of 1995, the Federal Energy Regulatory Commission (Commission or FERC) is soliciting public comment on the currently approved information collection, FERC–555: Preservation of Records for Public Utilities and Licensees, Natural Gas and Oil Pipeline Companies (OMB Control No. 1902–0098) which will be submitted to the Office of Management and Budget (OMB) for a review of the information collection requirements. There are no proposed changes to the record keeping requirements. The 60-day notice period ended on September 8, 2026, with no comments received.

DATES: Comments on the collection of information are due October 16, 2026.

ADDRESSES: Send written comments on FERC–555 to OMB through https://www.reginfo.gov/public/do/PRA/icrPublicCommentRequest?ref_nbr=202607-1902-008. You can also

¹ For tracking purposes under the National Environmental Policy Act, the unique identification number for documents relating to this environmental review is EAXX–019–20–000–1786619661.

² The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by federal law.
