BILLING CODE 4167-05-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA-2025-0311; OMB No. 1660-0070]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; National Fire Department Registry

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice of extension and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA invites the general public to take this opportunity to comment on an extension of a currently approved information collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the use of a form to collect data for the development and continuation of the National Fire Department Registry.

DATES: Comments must be submitted on or before October 16, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular

information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address FEMA-Information-Collections-Management@fema.dhs.gov or Craig Rollins, Supervisory Program Specialist, National Fire Data Center, United States Fire Administration, FEMA, (202) 710-1836, and craig.rollins@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Fire Prevention and Control Act of 1974 (Pub. L. 93-498, 15 U.S.C. 2201-2235) provides for the gathering and analyzing of data as deemed useful and applicable for fire departments. The U.S. Fire Administration (USFA) receives many requests from fire service organizations and the general public for information related to fire departments, including the total number of departments, number of stations per department, population protected, and number of firefighters. The USFA also has a need for this information to guide programmatic decisions and produce mailing lists for USFA publications.

Recommendations for the creation of the fire department census database came out of a Blue Ribbon Panel’s review of the USFA. The report included a review of the structure, mission, and funding of the USFA, future policies, programmatic needs, course development and delivery, and the role of the USFA to reflect changes in the fire service. As a result of those recommendations, the USFA is working to identify all fire departments in the United States to develop a database that includes information related to demographics, capabilities, and activities of fire departments nationwide. In the fall of 2016, the USFA renamed the census to the National Fire Department Registry.

This proposed information collection previously published in the **Federal**

Register on February 11, 2026, at 91 FR 6233 with a 60-day public comment period. No comments were received. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

BILLING CODE 9111-76-P

DEPARTMENT OF THE INTERIOR

Geological Survey

[Docket No. USGS-FACA-2026;
GX26EE000101100]

Call for Nominations to the National Geospatial Advisory Committee

AGENCY: U.S. Geological Survey, Interior.

ACTION: Call for nominations.

SUMMARY: The Department of the Interior (DOI) is seeking nominations to serve on the National Geospatial Advisory Committee (NGAC). The NGAC is a Federal Advisory Committee authorized through the Geospatial Data Act of 2018 (GDA), which operates in accordance with the Federal Advisory Committee Act (FACA). The NGAC provides advice and recommendations to the Secretary of the Interior through the Federal Geographic Data Committee (FGDC) related to management of Federal geospatial programs, development of the National Spatial Data Infrastructure, and the implementation of the GDA. The NGAC reviews and comments on geospatial policy and management issues and provides a forum for views of non-Federal stakeholders in the geospatial community.

DATES: Nominations must be postmarked by November 16, 2026.

ADDRESSES: Nominations should be sent to Ms. Megan Compton, U.S. Geological Survey, 5957 Lakeside Blvd., Indianapolis, IN 46278, or at ngacnominations@fgdc.gov.

FOR FURTHER INFORMATION CONTACT: Ms. Megan Compton, FGDC, USGS by mail

to Megan Compton, at 5957 Lakeside Blvd., Indianapolis, IN 46278; by email at ngacnominations@fgdc.gov; or by telephone 703-581-3332. Individuals in the United States who are deaf, blind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The NGAC conducts its operations in accordance with the provisions of the GDA and the FACA. It reports to the Secretary of the Interior through the FGDC and functions solely as an advisory body. The NGAC provides recommendations and advice to the DOI and the FGDC on policy and management issues related to the effective operation of Federal geospatial programs.

The NGAC includes up to 30 members, selected to achieve a balanced representation of the viewpoints of the various stakeholders involved in national geospatial activities. The NGAC membership is selected from among groups involved in the geospatial community, including States; Local governments; Regional governments; Tribal governments; Private sector entities; Geospatial information user industries; Professional associations; Scholarly associations; Non-profit organizations; Academia; Licensed geospatial data acquisition professionals; and Federal Government. NGAC members are appointed for terms of 3 years, with the terms of one-third of the members expiring each year. NGAC members may not serve more than two consecutive terms. However, after a 2-year break in service, members will be eligible for appointment.

Individual nominees may self-nominate or may be nominated by employers, associations, professional organizations, or other geospatial organizations. Nominations should include a resume providing an adequate description of the nominee's qualifications, including information that would enable the DOI to make an informed decision regarding meeting the membership requirements of the NGAC and permit the DOI to contact the nominee. Nominees are strongly encouraged to include supporting letters from employers, associations, professional organizations, and/or other organizations that indicate support by a meaningful constituency for the nominee.

Nominations will be reviewed by the FGDC, and additional information may be requested from nominees. Final selection and appointment of NGAC members will be made by the Secretary of the Interior. NGAC members serve at the discretion of the Secretary of the Interior.

The NGAC meets approximately three to four times per year. NGAC members will serve without compensation, but travel and per diem costs will be provided by the USGS. The USGS will also provide necessary support services to the NGAC.

Additional information about the NGAC and the nomination process is posted on the NGAC web page at www.fgdc.gov/ngac.
