

institutional investors. Wider access to market data promotes informed investment decisions, enhances market efficiency, and supports the Exchange Act's goals of investor protection and fair and efficient markets. The Exchange does not view external distributors as competitors for its real-time feed offerings; rather, distributors serve as essential conduits that expand delivery of Cboe real-time market data to end users who do not have the technical capability or commercial need to connect directly to Cboe's individual market data feeds. This is particularly important for the retail community, as retail investors typically access market data through vendors rather than purchasing it directly from exchanges. By offering the proposed Data Vendor Program, the Exchange enables distributors to deliver competitively priced, comprehensive market data to a broader audience, thereby enhancing—not burdening—competition in the market data landscape.

For the foregoing reasons, the Exchange does not believe that the proposed rule change imposes any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act²⁹ and paragraph (f) of Rule 19b-4³⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing,

including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-CboeBYX-2026-032 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-CboeBYX-2026-032. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the filing will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-CboeBYX-2026-032 and should be submitted on or before October 9, 2026.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³¹

Sherry R. Haywood,

Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-106377; File No. SR-NYSENAT-2026-25]

Self-Regulatory Organizations; NYSE National, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7.12 Concerning the Resumption of Trading Following a Level 3 Market-Wide Circuit Breaker Halt in Connection With the Industry's Expansion of Trading Hours to 23 Hours Per Day, 5 Days Per Week

September 15, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on September 4, 2026, NYSE National, Inc. ("NYSE National" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7.12 ("Trading Halts Due to Extraordinary Market Volatility") concerning the resumption of trading following a Level 3 market-wide circuit breaker halt in connection with the industry's expansion of trading hours to 23 hours per day, 5 days per week. The proposed rule change is available on the Exchange's website at www.nyse.com and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

³¹ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE National, Inc. ("NYSE National" or the "Exchange") proposes to amend Rule 7.12 ("Trading Halts Due to Extraordinary Market Volatility") concerning the resumption of trading following a Level 3 market-wide circuit breaker ("MWCB") halt ("Level 3 Market Decline") in connection with the industry's expansion of trading hours to 23 hours per day, 5 days per week ("23/5 Trading"). Some exchanges, including the Exchange's affiliate exchange, NYSE Arca, Inc. ("NYSE Arca"), are planning to offer overnight trading,³ and as a result, the uniform Level 3 Market Decline rules of each exchange are being modified, as explained further below.

Background

The MWCB mechanism under Rule 7.12 provides an important, automatic mechanism that is invoked to promote stability and investor confidence during a period of significant stress when U.S. securities markets experience extreme broad-based declines. All U.S. equity exchanges and FINRA (collectively, the self-regulatory organizations or "SROs") adopted uniform rules relating to the MWCB mechanism in 2012, which are designed to slow the effects of extreme price movement through coordinated trading halts across U.S. securities markets when severe price declines reach levels that may exhaust market liquidity.⁴ Such market-wide circuit breakers provide for trading halts in all U.S. cash equity and equities options markets during a severe market decline as measured by a single-day decline in the S&P 500 Index during regular trading hours.

Pursuant to Rule 7.12, a market-wide trading halt will be triggered if the S&P 500 Index declines in price by specified percentages from the prior day's closing price of that index. Currently, the triggers are set at three circuit breaker thresholds: 7% (Level 1), 13% (Level 2), and 20% (Level 3). A market decline

that triggers a Level 1 or Level 2 halt after 9:30 a.m. ET and before 3:25 p.m. ET would halt market-wide trading for 15 minutes, while a similar market decline at or after 3:25 p.m. ET would not halt market-wide trading. If a Level 3 Market Decline occurs at any time during the trading day, trading in all stocks will halt on the Exchange for the remainder of the trading day, and will resume the following trading day at 7:00 a.m. ET.

Proposal

The Exchange now proposes to amend Rule 7.12 to reflect extended trading hours under 23/5 Trading. On December 6, 2026, several exchanges, including NYSE Arca, intend to offer new overnight trading sessions that would be available from 9:00 p.m. ET to 4:00 a.m. ET, significantly increasing their hours of operation in response to customer demand.

As discussed, consistent with the uniform rules in place across all SROs, current Rule 7.12(b)(ii) provides that if a Level 3 Market Decline occurs at any time during the trading day, the Exchange shall halt trading in all stocks on the Exchange for the remainder of the trading day. Currently, that means that the earliest that any exchange would re-open trading after a Level 3 Market Decline is 4:00 a.m. ET the following day, since no SROs are open for trading before 4:00 a.m. ET.

Unless amended, when 23/5 Trading is launched, the current rule's reference to halting "for the remainder of the trading day"⁵ would require SROs participating in 23/5 Trading to re-open trading at an earlier time, *i.e.*, 9:00 p.m. ET on the same calendar day, when those SROs' systems would generally become available for overnight trading. The Exchange does not believe that this is an expected or desired result and is therefore amending this rule in coordination with the other SROs such that trading on any SRO will not resume until 4:00 a.m. ET or later on the following trading day, consistent with current market practice. This proposed rule change is therefore not intended to make any substantive changes to the MWCB mechanism. Rather, the proposed rule change would preserve the current resumption time following a Level 3 Market Decline.

To effect this change, the Exchange proposes to delete the language in Rule 7.12(b)(ii) that provides that trading in all stocks will halt on the Exchange "for the remainder of the trading day" if a Level 3 Market Decline occurs at any time during the trading day, and replace

it with new language that explicitly provides that trading in all stocks would halt on the Exchange until 4:00 a.m. ET or later on the following trading day.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁷ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The MWCB mechanism described in Rule 7.12 is an important, automatic mechanism that is invoked to promote stability and investor confidence during periods of significant stress when U.S. securities markets experience extreme broad-based declines. The proposed rule change, when applied uniformly by all SROs, would ensure that the current 4:00 a.m. ET resumption time following a Level 3 halt continues to apply under 23/5 Trading, notwithstanding current rule text implying that the resumption time would coincide with the start of overnight trading on SROs operating an overnight session.

Rather than leave the rule in place as is, which would result in an earlier resumption time than originally contemplated when the rule was adopted, the Exchange, the other U.S. equity exchanges, and FINRA met alongside industry representatives to determine the appropriate resumption time. Following those discussions, the collective decision was made to retain the 4:00 a.m. ET resumption time, notwithstanding the fact that an earlier resumption time would be possible with the introduction of 23/5 Trading. The proposed rule change codifies this decision into the Exchange's rules. The Exchange understands that the other SROs will also be filing similar proposed rule changes. As a result, the market as a whole, including on- and off-exchange, will continue to be subject to harmonized rules for the resumption of trading following a Level 3 Market Decline.

While the SROs had previously decided to tie the resumption time following a Level 3 halt to the earliest SRO opening time, the upcoming transition to 23/5 Trading raises various concerns that warrant a change from the current approach.

First, the Exchange notes that the MWCB mechanism was designed to

³ See, e.g., Securities Exchange Act Release No. 105532 (May 21, 2026), 91 FR 31509 (May 27, 2026) (SR-NYSEARCA-2026-53) ("NYSE Arca 23/5 Trading Notice"). The Exchange does not intend to implement 23/5 Trading at this time.

⁴ See Securities Exchange Act Release No. 67090 (May 31, 2012), 77 FR 33531 (June 6, 2012) (SR-BATS-2011-038; SR-BYX-2011-025; SR-BX-2011-068; SR-CBOE-2011-087; SR-C2-2011-024; SR-CHX-2011-30; SR-EDGA-2011-31; SR-EDGX-2011-30; SR-FINRA-2011-054; SR-ISE-2011-61; SR-NASDAQ-2011-131; SR-NSX-2011-11; SR-NYSE-2011-48; SR-NYSEAmex-2011-73; SR-NYSEArca-2011-68; SR-Phlx-2011-129) ("MWCB Approval Order").

⁵ See Rule 7.12(b)(ii).

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(5).

provide a cooling-off period where market participants would be provided with additional time to evaluate the market events that led to the decline before determining how to position their trading activity for the next day. With the introduction of 23/5 Trading and the start of overnight trading on some SROs at 9:00 p.m. ET, however, this cooling-off period could be materially shortened, reducing one of the key benefits that the MWCB mechanism was designed to provide in the first place. Rather than shorten the cooling-off period and risk this benefit, the Exchange believes the market would be better served by a change to the length of the associated trading halt that mirrors current market practice. Under the proposed rule, as is the case today, after a Level 3 halt, all SROs would reopen trading at 4:00 a.m. ET or later, and no SRO would offer an overnight trading session starting on the day of a Level 3 halt.

Second, overnight trading may be subject to different liquidity and participation considerations than the current pre-market sessions that start at or after 4:00 a.m. ET. Notably, while retail investors have expressed interest in overnight trading, the Exchange expects that institutional investors will take more time to transition to a round-the-clock model. However, such institutional participation may be of heightened importance following a Level 3 halt, as these investors are likely to have views on the underlying market events that led to the Level 3 Market Decline in the first place. The Exchange is concerned that opening during hours that such participants do not normally trade may impact the quality of price discovery at a time of significant market volatility. Waiting until 4:00 a.m. ET to resume trading would facilitate broader participation and therefore price discovery.

Finally, the Exchange notes that the Commission recently approved an amendment to the Plan to Address Extraordinary Market Volatility (“LULD Plan”) that would establish new price protections from 9:00 p.m. ET to 4:00 a.m. ET.⁸ While these price bands would help to assure a fair and orderly market during normal market conditions, it is possible that they would instead prevent normal price discovery following a Level 3 Market Decline. Rather than allowing trading to

resume with such price bands in effect, which would represent a change from the current trading reopening following a Level 3 Market Decline, the Exchange believes that requiring SROs to wait until 4:00 a.m. ET or later to resume trading would ensure that price discovery can occur unimpeded during pre-market trading, as it does today, which may further inform prices going into the opening auction and regular market hours trading following a Level 3 halt.

Given the factors discussed above, the Exchange believes that trading in all securities on the Exchange should not resume before 4:00 a.m. ET on the trading day after a Level 3 halt. This decision, which the Exchange understands will also be reflected in the rules of the other SROs, would promote a fair and orderly market at a time of significant market volatility, and thereby protect investors and the public interest. In addition, while the actual Level 3 resumption time would not be changing in practice—as proposed, the current resumption time and future resumption time would both be 4:00 a.m. ET at the earliest—the Exchange believes that it is appropriate to amend its rules to ensure that its rules reflect the upcoming changes due to 23/5 Trading. Without this change, market participants may mistakenly believe that the Exchange intends for trading to reopen on overnight trading exchanges at 9:00 p.m. ET following a Level 3 halt. The proposed rule change would therefore facilitate operational transparency while providing for a fair and orderly market.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act because the proposal would ensure the continued, uninterrupted operation of a consistent mechanism to halt trading across U.S. securities markets. Further, the Exchange understands that the other SROs intend to file proposed rule changes to ensure a consistent resumption time at 4:00 a.m. or later ET across markets. Thus, the proposed rule change will help to ensure consistency across market centers without implicating any competitive issues.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and subparagraph (f)(6) of Rule 19b–4 thereunder.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR–NYSENAT–2026–25 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549–1090.

⁹ 15 U.S.C. 78s(b)(3)(A)(iii).

¹⁰ 17 CFR 240.19b–4(f)(6). In addition, Rule 19b–4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁸ See Securities Exchange Act Release No. 106042 (August 5, 2026), 91 FR 51515 (August 10, 2026) (Order Granting Approval of the Twenty-Seventh Amendment to the National Market System Plan to Address Extraordinary Market Volatility to Establish Temporary Price Band Protections in Overnight Trading).

All submissions should refer to file number SR-NYSENAT-2026-25. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the filing will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-NYSENAT-2026-25 and should be submitted on or before October 9, 2026.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-106373; File No. SR-CboeEDGA-2026-028]

Self-Regulatory Organizations; Cboe EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Introduce a Data Vendor Program

September 15, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 8, 2026, Cboe EDGA Exchange, Inc. (the "Exchange" or "EDGA") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGA Exchange, Inc. (the "Exchange" or "EDGA") proposes to

introduce a Data Vendor Program, which includes introducing a new defined term of Data Vendor, along with other clarifying changes. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Commission's website (<https://www.sec.gov/rules/sro.shtml>), the Exchange's website (https://www.cboe.com/us/equities/regulation/rule_filings/edga/), and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to (i) introduce a definition of Data Vendor; (ii) codify the existing definition (as defined in the Exchange's applicable North American Market Data Policies) of Extranet Service Provider; (iii) codify an existing practice that permits an External Distributor of both Cboe One Summary and Cboe One Premium to be liable only for the External Distribution Fee for Cboe One Premium; and (iv) create a program for Data Vendors in order to incentivize Data Vendors to build out the applicable feeds and make them commercially available to subscribers.³ The proposed program will provide fee waivers (as described below) for External Distribution Fees for Data Vendors for the Cboe One Summary Feed and Cboe One Premium Feed.

Proposed Definitions

In connection with this proposed program, the Exchange first proposes to adopt a definition for a specific category of participants. Specifically, the

Exchange proposes to establish the term "Data Vendor" to mean "an External Distributor that (i) is actively engaged, as part of its primary business objective, in the solicitation of unaffiliated third-party Distributors to redistribute a transformed Market Data Product; (ii) does not maintain a brokerage relationship with Users in connection with the receipt or use of the applicable Market Data Product; and (iii) is not an Extranet Service Provider." As part of this new definition, and as further described below, the Exchange proposes to codify the existing definition of Extranet Service Provider within the Cboe Global North American Market Data Policies to be within its Fee Schedule.

The Exchange has also established objective, verifiable criteria for determining eligibility as a Data Vendor. The following criteria, which will be reflected in the Exchange's Fee Schedule, must be satisfied: (1) the External Distributor must identify itself as a Data Vendor in publicly available marketing materials; (2) the External Distributor must transform the applicable Market Data Product before redistribution, which may include aggregation across multiple data sources, normalization into a consistent format, enrichment with reference data or analytics, or repackaging into a proprietary delivery mechanism (e.g., terminal, API, or proprietary feed); (3) the External Distributor must redistribute the applicable transformed Market Data Product to downstream Distributors as part of a paid commercial offering; (4) the External Distributor must not maintain a brokerage relationship with any User to whom it distributes the applicable Market Data Product; (5) the External Distributor must not be an Extranet Service Provider; and (6) the External Distributor must be actively engaged in the solicitation of unaffiliated third-party Distributors to subscribe to and redistribute the applicable transformed Market Data Product. Upon request, the External Distributor must provide a written attestation certifying compliance with the foregoing criteria. The Exchange may request supporting documentation, including but not limited to Distributor subscriber lists, revenue breakdowns by recipient type, and descriptions of the transformations applied to the Market Data Product. These objective eligibility criteria ensure that the Data Vendor Program is equitably applied to all similarly situated market participants.

¹¹ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ The Exchange initially submitted the proposed rule change on July 1, 2026 (SR-CboeEDGA-2026-023). On July 15, 2026, the Exchange withdrew that filing and submitted SR-CboeEDGA-2026-024. On September 8, 2026, the Exchange withdrew that filing and submitted this filing.
