

CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this rescission notice in the **Federal Register**.

Notification Regarding Administrative Protective Order (APO)

This notice serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of the APO materials or conversion to judicial protective order is hereby requested. Failure to comply with regulations and terms of an APO is a violation, which is subject to sanction.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: September 15, 2026.

Scot Fullerton,

*Acting Deputy Assistant Secretary for
Antidumping and Countervailing Duty
Operations.*

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket Number: 260909–0004]

Request for Information (RFI) on Future Needs for Medical Metrology and Standards for Medical Imaging, Devices, Diagnostics and Therapy

AGENCY: Physical Measurement Laboratory (PML), National Institute of Standards and Technology (NIST), U.S. Department of Commerce.

ACTION: Notice of public meeting; request for information (RFI).

SUMMARY: The National Institute of Standards and Technology (NIST) and the National Institute of Biomedical Imaging and Bioengineering (NIBIB), a part of the National Institutes of Health (NIH), are requesting input from stakeholders in order to gain a better understanding of the future needs for medical metrology and standards around medical imaging, devices, and diagnostics. This request for information is coordinated with a NIST/NIBIB Symposium on Medical Metrology and

Standards for American Healthcare and Commerce Medical Imaging, Devices, Diagnostics at the joint NIST/University of Maryland Institute (UMI) for Bioscience and Biotechnology Research (IBBR). The input received will inform a joint NIST and NIBIB medical metrology and standards roadmap, a document that will identify future needs for medical metrology and standards, identify major stakeholders, and provide guidance for future government programs.

DATES:

Symposium

The *NIST/NIBIB Symposium on Medical Metrology and Standards for American Healthcare and Commerce Medical Imaging, Devices, Diagnostics, and Therapy* will be held on Thursday, September 24, 2026, from 8:45 a.m. to 5:30 p.m. Requests to participate must be submitted via the symposium website at <https://www.nist.gov/news-events/events/2026/09/nistnibib-symposium-medical-metrology-and-standards-american-healthcare> no later than 5:00 p.m. Eastern Time on Friday, September 11, 2026 for in-person attendance, and 5:00 p.m. Eastern Time on Tuesday, September 22, 2026 for virtual attendance. To request to participate, go to the symposium website, click on “Register Here” button, and follow the instructions listed.

Comments in Response to Request for Information

Comments in response to this notice must be received on or before November 30, 2026, at 11:59 p.m. Eastern Time. Written comments in response to this notice should be submitted in accordance with the instructions in the **ADDRESSES** and **SUPPLEMENTARY INFORMATION** sections below. Submissions received after this date may not be considered.

ADDRESSES:

Symposium

Details about attending the NIST–NIBIB Symposium on Medical Metrology and Standards on September 24, 2026, can be found on the Symposium website at <https://www.nist.gov/news-events/events/2026/09/nistnibib-symposium-medical-metrology-and-standards-american-healthcare>. To register, go to the event website, click on “Register Here” button, and follow the instructions listed. Registrants will need to provide their full name, affiliation, email address, and whether they are attending virtually or in person. They will need to

indicate if they are an invited speaker, want to present a poster (and give a title of presentation), or need a display table. Optional emergency information and special needs can be specified.

Comments in Response To Request for Information

Comments can be submitted at www.regulations.gov following the instructions below:

Interested parties can submit electronic public comments via the Federal e-Rulemaking Portal.

1. Go to www.regulations.gov and enter NIST–2026–0133 in the search field;

2. Click the “Comment Now!” icon, complete the required fields, including the relevant docket number and title in the subject field; and

3. Enter or attach your comments.

Additional information on the use of www.regulations.gov, including instructions for accessing agency documents, submitting comments, and viewing the docket is available at www.regulations.gov/faq. If you require an accommodation or cannot otherwise submit your comments via www.regulations.gov, please contact NIST using the information in the **FOR FURTHER INFORMATION CONTACT** section below.

NIST will not accept comments for this notice by postal mail, email, or fax. To ensure that NIST does not receive duplicate copies, please submit your comments only once. Comments containing references, studies, research, and other empirical data that are not widely published should include copies of the reference materials.

NIST will also not accept comments accompanied by a request that part or all the material be treated confidentially because of its business proprietary nature or for any other reason. Therefore, do not submit confidential business information or otherwise sensitive, protected, or personal information, such as account numbers, Social Security numbers, or names of other individuals.

All submissions, including comments, attachments and other supporting materials, will become part of the public record and subject to public disclosure. All relevant comments received by the deadline will be posted at: <https://www.regulations.gov> under docket number NIST–2026–0133 without change or redaction.

FOR FURTHER INFORMATION CONTACT:

Stephen Russek, Project Leader:
Magnetic Imaging, 325 Broadway,
Boulder, CO; email: stephen.russek@nist.gov;
phone: 303–497–5097. Direct

media inquiries to NIST's Office of Public Affairs at (301) 975-2762.

Users of telecommunication devices for the deaf, or a text telephone may call the Federal Relay Service toll free at 1-800-877-8339. NIST will make the RFI available in alternate formats, such as Braille or large print, upon request by persons with disabilities.

SUPPLEMENTARY INFORMATION:

Background

Healthcare accounts for 18% of the GDP in the US and is projected to increase to 20.6% by 2034.¹ It is one of the most socially and commercially important sectors in our economy. Critical components of the healthcare infrastructure are the underlying measurements that are required for accurate screening and diagnostic evaluations and subsequent therapeutic planning and application. Metrology refers to the science of establishing precise reproducible measurements with well-defined uncertainties. A variety of measurement standards exist to ensure measurements are accurate, precise, comparable across all involved sites, and durable over time. Most of the standards are consensus standards established by a large body of stakeholders including professional societies and standards organizations. Government agencies, such as NIST, assist where primary traceability and validation are required.

To help ensure that future medical measurements and standards are developed appropriately and efficiently, a NIST/NIBIB Symposium on Medical Metrology and Standards for American Healthcare and Commerce Medical Imaging, Devices, Diagnostics will be held on September 24, 2026 at the joint NIST/UMD Institute for Bioscience and Biotechnology Research (IBBR), 9600 Gudelsky Dr, Rockville, MD 20850.

NIST, along with other government agencies, have hosted workshops in the past on different aspects of medical metrology resulting in highly cited documents.² With the advent of rapidly

advancing medical technology and artificial intelligence (AI), the future requirements for medical metrology and standards may change considerably. Agility and evolving standards may be required to address a rapidly changing US healthcare system. Better medical metrology and standards are expected to be an important component of the healthcare infrastructure allowing for improved and cost-effective healthcare.

Symposium

The NIST/NIBIB Symposium on Medical Metrology and Standards for American Healthcare and Commerce Medical Imaging, Devices, Diagnostics will be held as indicated in the **DATES** and **ADDRESSES** section. Requests to participate must be received via the symposium website at <https://www.nist.gov/news-events/events/2026/09/nistnibib-symposium-medical-metrology-and-standards-american-healthcare> no later than 5:00 p.m. Eastern Time on Friday, September 11, 2026 for in person attendance, and 5:00 p.m. Eastern Time on Tuesday, September 22, 2026 for virtual attendance. The symposium will be recorded and transcribed for internal NIST use only.

The NIST/NIBIB symposium is meant to be a general meeting with a wide selection of stakeholders. There will be invited speakers who have a very broad range of expertise and will include representatives from clinical sites, government, industry, professional societies, and academia. The goal of the speakers is to highlight the role of medical metrology and standards in their work, discuss future directions and challenges, and potentially show how their work overlaps with the broader medical metrology and standards framework needed for the US healthcare system. At the end of each session, there will be panel discussions where the speakers can address questions and discuss common themes. Between sessions, there will be a break and poster presentations from researchers, standards organizations, and companies providing medical metrology and standards.

The final agenda will be posted on the Symposium website <https://www.nist.gov/news-events/events/2026/09/nistnibib-symposium-medical-metrology-and-standards-american-healthcare> in a downloadable pdf file, along with directions to the IBBR site and suggested local accommodations. Information regarding the virtual

attendance link and parking vouchers will be sent to registrants after registration is completed.

All visitors attending the Symposium on the joint NIST/University of Maryland Institute (UMD) for Bioscience and Biotechnology Research (IBBR) site are required to pre-register to be admitted. Presentation of ID, driver's license or passport will be required to pick up badge and enter. Limited space is available on a first-come, first-served basis for anyone who wishes to attend in person. For detailed information please visit: <https://www.ibbr.umd.edu/events/visiting-ibbr>.

NIST provides reasonable accommodation to individuals with disabilities where appropriate. If you are a person who requires a reasonable accommodation, please make requests in advance for sign language interpretation, assistive listening devices, or other reasonable accommodation to Sabina Mohan, Conference Program Specialist, sabina.mohan@nist.gov, no later than 5:00 p.m. Eastern Time on September 11, 2026, so appropriate arrangements can be made. Determinations for reasonable accommodation will be made on a case-by-case basis.

Request for Information

In this notice, NIST and NIBIB seek information from organizations, companies, and individuals who are impacted by medical metrology and standards in the areas of Medical Imaging, Devices, Diagnostics and Therapy as well as any other interested stakeholders.

Respondents need not address all topic areas described in this notice, though all responses should specify which statements are being responded to. All relevant responses that comply with the requirements listed in the **DATES** and **ADDRESSES** sections of this RFI will be considered.

NIST and NIBIB seek information on the following topic areas, including but not limited to:

- Areas where there is a need for improved medical measurements relating to medical imaging, devices, diagnostics and therapy and how we can provide the needed standards and validation of these measurements.
- Identification of future medical standards efforts for new measurement areas that may not be currently addressed.

- Suggested changes to the medical metrology and standards process to allow improved and cost-effective healthcare in a time of rapidly changing technology and incorporation of AI.

BILLING CODE 3510–13–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XG062]

South Atlantic Fishery Management Council—Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Meeting of the South Atlantic Fishery Management Council's Snapper Grouper Advisory Panel.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold a meeting of the Snapper Grouper Advisory Panel (AP) October 6–8, 2026.

DATES: The Snapper Grouper AP will meet from 1 p.m. on October 6, 2026, until 12 p.m. on October 8, 2026.

ADDRESSES:

Meeting address: The meeting will be held at the Drury Plaza Hotel North Charleston, 2934 West Montague, North Charleston, SC 29418; phone (843) 938–1503. *Council address:* South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405. The meeting will also be available via webinar. See **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Michael Schmidtke, Fishery Scientist, SAFMC; phone (843) 302–8433 or toll free (866) SAFMC–10; FAX (843) 769–4520; email: mike.schmidtke@safmc.net.

SUPPLEMENTARY INFORMATION: Meeting information, including the agenda, overview, briefing book materials, and an online public comment form will be posted on the Council's website at: <https://safmc.net/advisory-panel-meetings/> 2 weeks prior to the meeting. The meeting is open to the public and available via webinar as it occurs. The webinar registration link will be available from the Council's website. Public comment will also be taken during the meeting.

The agenda for the Snapper Grouper AP meeting includes discussions of

developing amendments to the Fishery Management Plan (FMP) for the Snapper Grouper Fishery of the South Atlantic Region: Amendment 60 (commercial permit and trip efficiency), Amendment 44 (yellowtail snapper and mutton snapper), and Regulatory Amendment 38 (headboat vessel limits). The AP will provide input and recommendations on these amendments for the Council's consideration.

The AP will also develop a fishery performance report and evaluate the stock risk rating for red grouper. The AP will also receive updates on other ongoing Council projects and initiatives and address other items as needed.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see **ADDRESSES**) 5 days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 16, 2026.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XG025]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Ad Hoc Marine Planning Committee (MPC) will hold an online public meeting.

DATES: The online meeting will be held Friday, October 2, 2026, from 9 a.m. to 5 p.m. Pacific Time, or until business for the day has been completed.

ADDRESSES: This meeting will be held online. Specific meeting information, including a proposed agenda and directions on how to attend the meeting and system requirements, will be provided in the meeting announcement on the Pacific Council's website (see <https://www.pcouncil.org>).

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, Oregon 97220–1384.

FOR FURTHER INFORMATION CONTACT: For general inquiries: Kerry Griffin, Staff Officer, Pacific Council, (503) 820–2409.

For technical assistance in accessing the meeting: Mr. Hayden York, hayden.york@pcouncil.org, 503–820–2424.

SUPPLEMENTARY INFORMATION: The purpose of this online meeting is for the MPC to consider current marine planning issues, including oil and gas leasing, NOAA Aquaculture Opportunity Areas, deep-sea mineral mining, and other ocean development or planning activities that may impact commercial or recreational fishing and West Coast fishing dependent communities. The MPC will provide a report in the Advanced Briefing Book for the Pacific Council's November 2026 meeting.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Hayden York (see **FOR FURTHER INFORMATION CONTACT**) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 16, 2026.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
