B. Need and Uses

This justification supports a new information collection to comply with Executive Order (E.O.) 14392, Ensuring

Truthful Advertising of Products Claiming to be Made in America and to revitalize American manufacturing and promote American workers (91 FR 13201, March 13, 2026). The E.O. requires agencies review the compliance of “Made in America” representations for products and report false representations to the Department of Justice. Information collected in response to this new clause will allow GSA to meet this mandate. This clearance covers the information that GSA contractors and offerors on the Federal Supply Schedule (FSS) may voluntarily submit if their products qualify as “FSS domestic end products” as defined in the General Services Acquisition Regulation (GSAR) clause 552.238–130. The proposed clause contains a fillable table where contractors may make their certification and provide the following information: 1. product name, 2. manufacturer part number, and 3. manufacturer name. This certification is voluntary and not required.

GSA intends to issue rulemaking to provide the opportunity for the public to comment on the policy to implement E.O. 14392 in the GSAR.

C. Annual Reporting Burden

Public reporting burden for GSAR clause 552.238–130, is estimated to average 0.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The annual reporting burden is estimated as follows:

Total annual responses: 18,255.

Preparation hours per response: 0.5.

Total response burden hours: 9,128.

Obtaining Copies of Proposals:

Requesters may obtain a watermarked “DRAFT” copy of the supporting statement via the Federal eRulemaking portal at [regulations.gov](https://www.regulations.gov) and searching for Docket ID “GSA–GSA–2026–0497.” Select the document titled “Supporting Statement: 3090–XXXX–GSA Voluntary FSS Domestic End Product Certification on GSA Federal Supply Schedule, GSAR clause: 552.228–130—DRAFT” located under Supporting and Related Materials.
