

Commission's existing requirements. In addition, the NET 911 Act directs the Commission to issue regulations by no later than October 21, 2008 that ensure that interconnected VoIP providers have access to any and all capabilities they need to satisfy that requirement.

On October 21, 2008, the Commission released a *Report and Order* (2008 Order), FCC 08–249, WC Docket No. 08–171, that implements certain key provisions of the NET 911 Act. As relevant here under the Paperwork Reduction Act (PRA), the Commission requires an owner or controller of a capability that can be used for 911 or E911 service to make that capability available to a requesting interconnected VoIP provider under certain circumstances. In particular, an owner or controller of such capability must make it available to a requesting interconnected VoIP provider if that owner or controller either offers that capability to any commercial mobile radio service (CMRS) provider or if that capability is necessary to enable the interconnected VoIP provider to provide 911 or E911 service in compliance with the Commission's rules. The information collection requirements contained in this collection guarantee continued cooperation between interconnected VoIP service providers and Public Safety Answering Points (PSAPs) in complying with the Commission's E911 requirements.

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice; request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of

information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

DATES: Written PRA comments should be submitted on or before November 23, 2026. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418–2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–XXXX.

Title: Amendment of Part 90 of the Commission's Rules; Information for 4.9 GHz Band Manager Selection Process (PS Docket No. 07–100; FCC 24–114).

Form No.: N/A.

Type of Review: New collection.

Respondents: Business or other for profit; not-for-profit institutions; state, local or tribal government.

Number of Respondents and Responses: 10 respondents; 10 responses.

Estimated Time per Response: 120 hours.

Frequency of Response: One-time reporting requirement.

Obligation to Respond: Required to obtain or retain benefits (47 CFR 90.1217). Statutory authority for this information collection is contained in 4(i), 11, 303(g), 303(r), 332(c)(7), and 337(f) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 161, 303(g), 303(r), 332(c)(7), and 337(f), unless otherwise noted.

Total Annual Burden: 1,200 hours.

Total Annual Cost: No Cost.

Needs and Uses: In the Seventh Report and Order in WP Docket No. 07–100, the Commission adopted a Band Manager framework to coordinate operations in the 4.9 GHz band (4940–4990 MHz), optimize public safety use, and facilitate the integration of the latest commercially available technologies,

including 5G, for the benefit of public safety users. In the Eighth Report and Order in WP Docket No. 07–100, the Commission established a new Section 90.1217 which enumerated the duties of the Band Manager.

The Commission directed the Public Safety and Homeland Security Bureau and the Wireless Telecommunications Bureau to establish a 4.9 GHz Selection Committee to advise the Bureaus on selecting a Band Manager for the 4.9 GHz band. The Committee will review proposals from persons or entities seeking to serve as Band Manager and to hold the Band Manager overlay license. These persons or entities will provide the 4.9 GHz Selection Committee with information demonstrating how they propose to perform the functions enumerated in the Commission's rules and Orders.

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice; request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information

collection burden on small business concerns with fewer than 25 employees.

DATES: Written PRA comments should be submitted on or before November 23, 2026. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION: The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

OMB Control Number: 3060–1194.

Title: AM Station Modulation Dependent Carrier Level (MDCL) Notification Form; FCC Form 338.

Form Number: FCC Form 338.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions.

Number of Respondents and Responses: 15 respondents and 15 responses.

Estimated Hours per Response: 1 hour.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 15 hours.

Total Annual Costs: No cost.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this information collection is contained in sections 154(i), 303, 310 and 533 of the Communications Act of 1934, as amended.

Needs and Uses: FCC Form 338, AM Station Modulation Dependent Carrier Level (MDCL) Notification Form is used by AM broadcasters to implement MDCL technologies without prior authorization, by electronic notification within 10 days of commencing MDCL operations. In addition to the standard general contact information, FCC Form 338 solicits minimal technical data, as well as the date that MDCL control operations commenced.

In October 2015, the Commission adopted its proposal for wider implementation of MDCL control technologies and amended section

73.1560(a) of the rules. 47 CFR 73.1560(a)(1) is consequentially covered by this information collection. This rule specifies the limits on antenna input power for AM stations. AM stations using MDCL control technologies are not required to adhere to these operating power parameters. The rule provides that an AM station may commence MDCL control technology without prior Commission authority, provided that within ten days after commencing such operation, the AM station licensee submits an electronic notification of commencement of MDCL operation using FCC Form 338.

The Commission is now requesting a three year extension for this collection from the Office of Management and Budget (OMB).

Information Collection Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice; request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it can further reduce the information collection burden for small business concerns with fewer than 25 employees.

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before October 22, 2026.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comment must be submitted into www.reginfo.gov per the

above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Cathy Williams at (202) 418–2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called “Currently Under Review,” (3) click on the downward-pointing arrow in the “Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.
