Abstract: Under the claims procedures in 40 CFR part 307 of the National Contingency Plan (NCP), a party must obtain EPA approval to take response actions, and subsequently, to make a claim for reimbursement from the Hazardous Substance Superfund. The forms used for these purposes are: (1) Application for Preauthorization of a CERCLA Response Action and (2) Claim for CERCLA Response Action. Both forms are in need of reinstatement and, once approved, will be publicly available on EPA's website and may be submitted to EPA via email.

Form Numbers: OMB Control Number 2050-0106; EPA Form Numbers 2075-3 and 2075-4

Respondents/affected entities: Persons seeking preauthorization and subsequent reimbursement of claims for necessary costs incurred for response actions; States or political subdivisions

subject to an agreement reached pursuant to section 122(b)(1) of CERCLA.

Respondent's obligation to respond: Required to obtain or retain a benefit per CERCLA 111(a)(2) and 112 and 40 CFR part 307.

Estimated number of respondents: 2 (annually)

Frequency of response: Only occurs when entity seeks pre-approval or claims reimbursement.

Total estimated burden: 161 hours (per year). Burden is defined at 5 CFR 1320.03(b). This includes the submission of one pre-authorization form from one respondent (estimated at 110 hours) and one claim reimbursement form submitted by one respondent (estimated at 51 hours).

Total estimated cost: \$11,828.67 (per year), which includes no annualized capital or operation & maintenance costs.
