

issued by NMFS. Regulations also require the owner and operator of a vessel that is chartered to fish recreationally for, take, retain, or possess, any management unit species in these monuments to hold a valid permit issued by NMFS. The fishing vessel must be registered to the permit. The charter business must be established legally in the permit area where it will operate. Charter vessel clients are not required to have a permit.

The permit application collects basic information about the permit applicant, type of operation, vessel, and permit area. NMFS uses this information to confirm the identity of the applicant and determine permit eligibility. The information is important for understanding the nature of the fishery and its participants. It also aids in the enforcement of fishing regulations within the monuments.

Regulations also require the vessel operator to report a complete record of catch, effort, and other data on a NMFS log sheet. The vessel operator must record all requested information on the log sheet within 24 hours of the completion of each fishing day. The vessel operator also must sign, date, and submit the form to NMFS within 30 days of the end of each fishing trip. NMFS uses the information provided in the log sheets to monitor fishing activities, evaluate and assess the status of fish stocks, and determine whether changes in management are needed to sustain the productivity of the fishery and conserve marine resources.

Title: Off-Exchange Foreign Currency Transactions (OMB Control No. 3038–0062). This is a request for an extension of a currently approved information collection.

- Regulation 5.12(a) requires RFED applicants to submit a Form 1–FR–FCM concurrently with their registration application.

¹ 44 U.S.C. 3506(c)(2)(A).

- Regulation 5.12(b) requires registered RFEDs to file a Form 1–FR–FCM on a monthly and annual basis.
- Regulation 5.12(g) states that, in the event that an RFED cannot file its Form 1–FR–FCM for any period within the time specified in Regulation 5.12(b), the RFED may file an application for an extension of time with its self-regulatory organization.
- Regulation 5.13(a) requires RFEDs and FCMs to provide monthly account statements to their customers.

- Regulation 5.23 requires RFEDs, FCMs and IBs to notify the Commission

regarding bulk transfers and bulk liquidations of customer accounts.

The rules establish reporting and recordkeeping requirements that are necessary to implement the provisions of the Food, Conservation, and Energy Act of 2008² regarding off-exchange transactions in foreign currency with members of the public.
