BILLING CODE 4210–67–P**DEPARTMENT OF THE INTERIOR****Fish and Wildlife Service****[Docket No. FWS–HQ–ES–2026–3334;
FXES1113090FEDR–267–FF09E21000]****Endangered and Threatened Wildlife
and Plants; Initiation of 5-Year Status
Review for Black Caiman****AGENCY:** Fish and Wildlife Service,
Interior.**ACTION:** Notice of initiation of status
review.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), are initiating a 5-year status review for the black caiman (*Melanosuchus niger*), a large caiman species in South America, under the Endangered Species Act of 1973, as amended (Act). A 5-year status review is based on an assessment of the best scientific and commercial data available at the time of the review. We ask the public to submit to us at any time any new information relevant to the status of the black caiman.

DATES: To ensure consideration, we are requesting submission of new information no later than November 23, 2026. However, we will continue to accept new information about this listed species at any time.

ADDRESSES: For instructions on how and where to submit information for the black caiman, see the **SUPPLEMENTARY INFORMATION** section. Additional information on status reviews is available at <https://www.fws.gov/project/five-year-status-reviews>.

FOR FURTHER INFORMATION CONTACT: Rachel London, Manager, Branch of Delisting and Foreign Species, Ecological Services Program, U.S. Fish and Wildlife Service; 703–358–2171; rachel_london@fws.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION:**Why do we conduct 5-year status reviews?**

Under the Act, we maintain Lists of Endangered and Threatened Wildlife and Plants (which we collectively refer to as the List) in title 50 of the Code of Federal Regulations (CFR) at 50 CFR 17.11 (for wildlife) and 50 CFR 17.12 (for plants). Section 4(c)(2)(A) of the Act requires us to review each listed species' status at least once every 5 years. Our regulations at 50 CFR 424.21 require that we publish a notice in the **Federal Register** announcing species under active review. For additional information about 5-year status reviews, refer to our fact sheet at <https://www.fws.gov/project/five-year-status-reviews>. A list of all completed and currently active 5-year status reviews can be found at <https://ecos.fws.gov/ecp/report/species-five-year-review>.

What information do we consider in our reviews?

A 5-year status review considers the best scientific and commercial data available regarding the species at the time of the review. In conducting these reviews, we consider the best scientific and commercial data that have become available since the listing determination or most recent status review, such as:

1. Species' biology, including but not limited to population trends, distribution, abundance, demographics, and genetics;
 2. Habitat conditions, including but not limited to amount, distribution, and suitability;
 3. Conservation measures that have been implemented that benefit the species;
 4. Threat status and trends in relation to the five listing factors (as defined in section 4(a)(1) of the Act); and
 5. Other new information, data, or corrections, including, but not limited to, changes in taxonomy or nomenclature, identification of erroneous information contained in the List, and improved analytical methods.
- Any new information will be considered during the 5-year status review for the species.

Which species are under review?

This notice announces a 5-year status review for the black caiman, a large caiman species occurring in Bolivia, Brazil, Colombia, Ecuador, French Guiana, Guyana, and Peru. We published a final rule to list the black caiman as an endangered species under the Act on June 14, 1976. (41 FR 24062) For additional information on the species, see our website at <https://ecos.fws.gov/ecp/> and enter the species name in the search box.

Request for new information

To ensure that a 5-year status review is based on the best scientific and commercial data available, we request new information from all sources. If you submit information, please support it with documentation such as maps; bibliographic references; methods used to gather and analyze the data; and/or copies of any pertinent publications (e.g., scientific journal articles), reports, or letters by knowledgeable sources. Before including your address, phone number, email address, or other personal identifying information in your submission, you should be aware that your entire submission—including your personal identifying information—may be made publicly available at any time.

Authority

We publish this notice under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

BILLING CODE 4333–15–P**DEPARTMENT OF THE INTERIOR****Bureau of Land Management****[BLM NM FRN; A2407–014–004–065516;
#O2509–014–004–125222; LLNM004000;
NMOK–106719538]****Application for Withdrawal and
Opportunity for a Public Meeting;
Comanche County, Oklahoma****AGENCY:** Bureau of Land Management,
Interior.**ACTION:** Notice of application.

SUMMARY: The United States Department of the Army (Army) has filed an application with the Bureau of Land Management (BLM) requesting that the Secretary of the Interior (Secretary) withdraw 10.32 acres of public land in Comanche County, Oklahoma, subject to valid existing rights, and reserve the land for use of the Army for military purposes for 20 years. The purpose of the withdrawal is for military training at the Fort Sill military reservation. Publication of this notice initiates a 90-day public comment period and announces to the public an opportunity to request a public meeting on the Army's withdrawal application.

DATES: Comments must be received by December 21, 2026.

ADDRESSES: All comments or requests for a public meeting should be sent to

the BLM Oklahoma Field Office, ATTN: Christopher Langstaff, 201 Stephenson Parkway, Norman, OK 73072. Information regarding the proposed withdrawal application will be available at the BLM Oklahoma Field Office.

FOR FURTHER INFORMATION CONTACT:

Michael Rodriguez, Realty Specialist, BLM Oklahoma Field Office, telephone (405) 579-7196, email at michaelr@blm.gov; or you may contact the BLM office at the address noted above. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The Army has filed an application requesting that the Secretary withdraw and reserve approximately 10.32 acres of public land for a 20-year term for military training at Fort Sill in Comanche County, Oklahoma, subject to valid existing rights. Public land in Oklahoma is not subject to location or entry under the U.S. mining laws but the land would remain open to leasing under the mineral leasing laws. The approximately 10.32 acres of public land was previously withdrawn by Executive Order 8793 (6 FR 2943, June 18, 1941), as amended, and Public Land Order (PLO) No. 6183 (47 FR 9842, March 8, 1982), as extended by PLO No. 7518 (67 FR 11707, March 15, 2002), that expired March 7, 2022. This notice initiates a 90-day comment period on the proposed withdrawal application and announces to the public the opportunity to request a public meeting on the Army's withdrawal application. The application affects the following public land:

Golden Pass Townsite, Oklahoma

Requests for Repatriation

All of Blocks 15, 34, 35, and 36.

The area described is 10.32 acres in Comanche County, Oklahoma.

The use of a right-of-way, interagency agreement, or cooperative agreement would not provide adequate constraint for non-discretionary uses which could impede the Army's use of the specified lands. No additional water rights are needed to fulfill the purpose of this requested withdrawal. There are no suitable alternative sites as the withdrawal application area is

landlocked within the U.S. Army Fort Sill military base.

For a period of 90 days from the date of publication of this notice, all who wish to submit comments, suggestions, or objections in connection with the Army's withdrawal application may present their views in writing to the BLM Oklahoma Field Manager at the address listed above (see **ADDRESSES**).

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives of officials of organizations or businesses, will be made available for public inspection in their entirety.

This application will be processed in accordance with the regulations at 43 CFR 2300.

(Authority: 43 U.S.C. 1714)

Gera Ashton,

Acting State Director.

You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the PRA and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on September 25, 2025 (90 FR 46251). No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of
