SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–106407; File No. SR–NYSE–2026–46]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7.10 Clearly Erroneous Executions

September 17, 2026.

Pursuant to Section 19(b)(1)[1] of the Securities Exchange Act of 1934 (''Act'')[2] and Rule 19b–4 thereunder,[3] notice is hereby given that on September 14, 2026, New York Stock Exchange LLC (''NYSE'' or the ''Exchange'') filed with the Securities and Exchange Commission (the ''Commission'') the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7.10 (''Clearly Erroneous Executions'') in light of the Commission's approval of Overnight Protected Bands for 23/5 Trading. The proposed rule change is available on the Exchange's website at *www.nyse.com* and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

New York Stock Exchange LLC (''NYSE'' or the ''Exchange'') proposes to amend Rule 7.10 (''Clearly Erroneous Executions'') in light of the Commission's approval of Overnight Protected Bands under the LULD Plan for 23/5 Trading.

Background

In conjunction with the industry's plans for the introduction of trading 23 hours a day, 5 days a week (''23/5 Trading''), the Operating Committee of the Plan to Address Extraordinary Market Volatility (''LULD Plan'') filed proposed Amendment 27 to the LULD Plan, which proposed to establish price band protections during overnight trading hours (''Overnight Price Bands'').[4] The Operating Committee proposed that the Overnight Price Bands would initially be temporary static bands 20% above and below two reference points, and that after implementation, the Operating Committee would evaluate the performance of such Overnight Price Bands and propose appropriate changes in a new plan amendment.[5] On August 5, 2026, the Commission approved the proposal.[6]

In light of the Commission's approval of these changes to the LULD Plan, the Exchange now proposes several amendments to Rule 7.10 regarding Clearly Erroneous Executions. In general, the rule describes the process a market participant may use to request cancellation of a transaction that was ''clearly erroneous.'' The current rule's central premise is that if LULD Price Bands under the LULD Plan were available and correct at the time the transaction was executed, the transaction is not eligible for clearly erroneous review. Specifically, Rule 7.10(c)(1) currently provides that ''[i]f the execution time of the transaction(s) under review is during the Core Trading Session, the transaction will not be reviewable as clearly erroneous'' except in certain limited circumstances, including when (A) the transaction is in an NMS stock that is not subject to the LULD Plan (*e.g.,* rights and warrants), (B) the transaction was executed at a time with LULD Price Bands were unavailable or trading should have been prevented due to a regulatory halt or other halt, or (C) several other limited
