This notice corrects a typographical error with respect to the timing for the preliminary determination by the U.S. International Trade Commission (ITC).

#### SUPPLEMENTARY INFORMATION:

##### Background

On September 14, 2026, Commerce published in the **Federal Register** the initiation of the LTFV investigations on linear hydraulic cylinders from Canada,

China, India, Korea, and Mexico.<sup>1</sup> In the *Initiation Notice*, Commerce incorrectly stated that the ITC will make its preliminary determination within 25 days after the date the petitions were filed.

#### Correction

In the **Federal Register** of September 14, 2026, in FR Doc. 2026–18706, on page 58065, in the second column, correct the text under the section titled “Preliminary Determination by the ITC” to read as follows:

The ITC will preliminarily determine, within 25 days after the date on which the ITC receives notice from Commerce of initiation of the investigations, whether there is a reasonable indication that imports of linear hydraulic cylinders from Canada, China, India, Korea, and/or Mexico are materially injuring, or threatening material injury to, a U.S. industry.<sup>2</sup> A negative ITC determination for any country will result in the investigation being terminated with respect to that country.<sup>3</sup> Otherwise, these LTFV investigations will proceed according to statutory and regulatory time limits.

#### Notice to Interested Parties

This notice is issued and published in accordance with sections 732 and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.203(c).

#### **Methodology**

Commerce is conducting this investigation in accordance with section 731 of the Act. For a full description of the methodology underlying the preliminary determination, *see* the Preliminary Decision Memorandum.

#### **All-Others Rate**

Sections 733(d)(1)(ii) and 735(c)(5)(A) of the Act provide that in the preliminary determination Commerce shall determine an estimated all-others rate for all exporters and producers not individually examined. This rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act.

In this investigation, Commerce calculated estimated weighted-average dumping margins for Evyap Sabun Malaysia Sdn. Bhd. (Evyap) and Palm-Oleo Sdn. Bhd. (Palm-Oleo) that are not zero, *de minimis*, or based entirely on facts otherwise available. Commerce calculated the all-others rate using a weighted average of the estimated weighted-average dumping margins calculated for the examined respondents using each company’s publicly-ranged values for the merchandise under consideration.<sup>6</sup>
