minimis and not based entirely on facts available, we continue to apply to CAS the weighted average of the net subsidy rates calculated for the mandatory respondents, which are based on the publicly-ranged sales data submitted by Lucchini and Metalcam.[5] This methodology is consistent with 19 CFR 351.109(g) and 351.109(f)(2)(ii).[6]

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to parties in this review within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Requirements

In accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(2), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review.[9] Commerce intends to issue assessment instructions to CBP no earlier than 35 days after publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.,* within 90 days of publication).

Cash Deposit Requirements

In accordance with section 751(a)(2)(C) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as follows: (1) the cash deposit rate for the companies listed above will be equal to the company-specific estimated individual countervailable subsidy rates determined in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) if both the producer and exporter of the subject merchandise have company-specific estimated subsidy rates assigned, and their rates differ, then the applicable cash deposit rate will be the higher of these two rates; (3) if either the producer or the exporter, but not both, of the subject merchandise has a company-specific estimated subsidy rate assigned, the applicable cash deposit rate will be that company's company-specific rate; and (4) the cash deposit rate for all other producers and exporters will continue to be 3.52 percent, the all-others subsidy rate established in the investigation.[10] These cash deposit requirements, effective upon publication of these final results, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Background

On September 2, 2026, Commerce published in the **Federal Register** the amended final results of the 2023–2024 administrative review of the AD order on PET resin from Oman.[1] In that notice, Commerce incorrectly stated that the amended final cash deposit rates would be effective on or after the date of publication of the notice of amended final results of review in the **Federal Register** rather than stating that they are effective on or after the date of publication of the notice of the final results of review in the **Federal Register**.

Steel Wire Garment Hangers From the People's Republic of China and the Socialist Republic of Vietnam: Preliminary Affirmative Determination of Circumvention of the Antidumping Duty Order on Steel Wire Garment Hangers From the People's Republic of China and the Antidumping and Countervailing Duty Orders on Steel Wire Garment Hangers From the Socialist Republic of Vietnam

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that imports of steel wire garment hangers (hangers), completed in Cambodia using: (1) steel wire or (2) steel wire and paper accessories, produced in the People's Republic of China (China) or the Socialist Republic of Vietnam (Vietnam), are circumventing the antidumping duty (AD) order on hangers from China, or the AD and countervailing duty (CVD) orders on hangers from Vietnam. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable September 22, 2026.

FOR FURTHER INFORMATION CONTACT: Braeden Lowe, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–9124.

SUPPLEMENTARY INFORMATION:

Background

On October 6, 2008 and February 5, 2013, Commerce published in the **Federal Register** the AD order on hangers from China,[1] and the AD and CVD orders on hangers from Vietnam, respectively.[2] On August 12, 2025, Commerce initiated country-wide circumvention inquiries pursuant to section 781(b) of the Tariff Act of 1930, as amended (the Act), to determine whether imports of hangers completed in Cambodia using: (1) steel wire or (2) steel wire and paper accessories, produced in China or Vietnam, are circumventing the *China Order* or the *Vietnam Orders* and, accordingly, should be covered by the scope of the *China Order* and the scope of the *Vietnam Orders.*[3] On December 31, 2025, Commerce identified Alpha Hanger (Cambodia) Co., Ltd (Alpha Hanger) as the sole mandatory respondent in these circumvention inquiries.[4]

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.[5] Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.[6] On March 9, June 2, August 31, and September 11, 2026, Commerce extended the time limit for completing the preliminary determinations of these inquiries by a total of 182 days.[7] Accordingly, the deadline for these preliminary determinations is now September 16, 2026. For a complete description of the events that followed the initiation of these circumvention inquiries, *see* the Preliminary Decision Memorandum applicable to the inquiry pertaining to the *China Order* and the Preliminary Decision Memorandum applicable to the inquiry pertaining to the *Vietnam Orders.*[8]
