SUPPLEMENTARY INFORMATION:

Background

On September 2, 2026, Commerce published in the **Federal Register** the amended final results of the 2023–2024 administrative review of the AD order on PET resin from Oman.¹ In that notice, Commerce incorrectly stated that the amended final cash deposit rates would be effective on or after the date of publication of the notice of amended final results of review in the **Federal Register** rather than stating that they are effective on or after the date of publication of the notice of the final results of review in the **Federal Register**.

Correction

In the **Federal Register** of September 2, 2026, in FR Doc 2026–17981, on page 56427, in the second column, replace the portion of the first sentence of the “Cash Deposit Requirements” section up until “(1)” with “The following cash deposit requirements are effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review in the **Federal Register**, as provided by section 751(a)(2)(C) of the Act:”

Steel Wire Garment Hangers From the People's Republic of China and the Socialist Republic of Vietnam: Preliminary Affirmative Determination of Circumvention of the Antidumping Duty Order on Steel Wire Garment Hangers From the People's Republic of China and the Antidumping and Countervailing Duty Orders on Steel Wire Garment Hangers From the Socialist Republic of Vietnam

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that imports of steel wire garment hangers (hangers), completed in Cambodia using: (1) steel wire or (2) steel wire and paper accessories, produced in the People's Republic of China (China) or the Socialist Republic of Vietnam (Vietnam), are circumventing the antidumping duty (AD) order on hangers from China, or the AD and countervailing duty (CVD) orders on hangers from Vietnam. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable September 22, 2026.

SUPPLEMENTARY INFORMATION:

Background

On October 6, 2008 and February 5, 2013, Commerce published in the **Federal Register** the AD order on hangers from China,¹ and the AD and CVD orders on hangers from Vietnam, respectively.² On August 12, 2025, Commerce initiated country-wide circumvention inquiries pursuant to section 781(b) of the Tariff Act of 1930, as amended (the Act), to determine whether imports of hangers completed

in Cambodia using: (1) steel wire or (2) steel wire and paper accessories, produced in China or Vietnam, are circumventing the *China Order* or the *Vietnam Orders* and, accordingly, should be covered by the scope of the *China Order* and the scope of the *Vietnam Orders*.³ On December 31, 2025, Commerce identified Alpha Hanger (Cambodia) Co., Ltd (Alpha Hanger) as the sole mandatory respondent in these circumvention inquiries.⁴

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.⁵ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁶ On March 9, June 2, August 31, and September 11, 2026, Commerce extended the time limit for completing the preliminary determinations of these inquiries by a total of 182 days.⁷ Accordingly, the deadline for these preliminary determinations is now September 16, 2026. Scope of the Orders

For a complete description of the scope of the *China Order* and the scope of the *Vietnam Orders*, see the China Inquiry PDM and the Vietnam Inquiry PDM, respectively.

Merchandise Subject to the Circumvention Inquiries

These circumvention inquiries cover hangers completed in Cambodia using either: (1) steel wire; or (2) steel wire and paper accessories produced in China or Vietnam, where the hangers are subsequently exported from Cambodia to the United States.

Methodology

Commerce is conducting these inquiries in accordance with section 781(b) of the Act and 19 CFR 351.226. We relied on facts available under section 776(a) of the Act, including, in part, facts available with adverse inferences under section 776(b) of the Act. For a complete description of the methodology underlying these preliminary determinations, see the Preliminary Decision Memoranda. A list of topics discussed in the Preliminary Decision Memoranda is included as Appendix I to this notice.

Preliminary Circumvention Determination

As detailed in the Preliminary Decision Memoranda, Commerce preliminarily determines that hangers completed in Cambodia using Chinese-origin or Vietnamese origin inputs, *i.e.*, steel wire or steel wire and paper accessories, are circumventing the *China Order* and the *Vietnam Orders*, each on a country-wide basis. As a result, in accordance with section 781(b) of the Act, we preliminarily determine that this merchandise should be included within the scope of the *China Order* and the scope of the *Vietnam Orders*. See the “Suspension of Liquidation and Cash Deposit Requirements” section below for details

regarding suspension of liquidation and cash deposit requirements.

Suspension of Liquidation and Cash Deposit Requirements

Based on the preliminary affirmative country-wide determinations of circumvention with respect to hangers exported from Cambodia, in accordance with 19 CFR 351.226(l)(2), we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation and require a cash deposit of estimated antidumping or countervailing duties on unliquidated entries of inquiry merchandise that were entered, or withdrawn from warehouse, for consumption, on or after August 12, 2025, the date of publication of the initiation of this circumvention inquiry in the **Federal Register**.

Accordingly, because Commerce preliminarily finds that inquiry merchandise is circumventing the *China Order* and *Vietnam Orders*, imports of such merchandise are subject to cash deposit requirements. As explained below, Commerce is preliminarily finding that no exporter of hangers from Cambodia is eligible to certify that its hangers are produced using steel wire or steel wire and paper accessories sourced from another country (*i.e.*, that the hanger inputs are not from China or Vietnam). However, we are establishing a certification program and allowing parties (excluding parties to which Commerce has applied adverse facts available) to certify that entries of hangers exported from Cambodia were produced using Chinese, rather than Vietnamese, steel wire or steel wire and paper accessories. In order to certify that shipments were not subject to the *Vietnam Orders*, the importer and exporter will be required to provide documentation to CBP at the time of entry supporting the claim that the steel wire or steel wire and paper accessories were sourced from China. Should we determine at a later date (*e.g.*, in a certification review) that a party has demonstrated that it should be allowed to certify that the origin of the steel wire or the steel wire and paper accessories are neither Chinese nor Vietnamese, Commerce intends to release certification language and establish such a certification program at that time.

Consistent with our recent determinations,⁹ where AD/CVD orders

from two countries (*i.e.*, China and Vietnam) potentially apply to an entry, Commerce intends to instruct CBP to suspend the entry and collect cash deposits at the rates applicable to the *Vietnam Orders* (*i.e.*, the AD cash deposit rate established for the Vietnam-wide entity (220.68 percent) and the CVD cash deposit rate established for all other companies (31.58 percent)) under the following third-country case numbers: A-555-812 (Vietnam AD), and C-555-813 (Vietnam CVD).

For entries of hangers from Cambodia for which both the exporter and importer have certified in Commerce’s dual circumvention certification program that the merchandise was produced using Chinese-origin steel wire or steel wire and paper accessories, Commerce intends to direct CBP to suspend liquidation and require a cash deposit at the AD cash deposit rate established for hangers from China under the following third-country case number: A-555-918.

For unliquidated entries (and entries for which liquidation has not become final) of hangers from Cambodia that were entered, or withdrawn from warehouse on or after August 12, 2025, and made prior to the publication of this preliminary determination, the importer will need to file a post-summary correction with CBP in accordance with CBP’s regulations, regarding conversion of such entries from non-AD/CVD type entries to AD/CVD type entries (*e.g.*, from type 01 to type 03). Importers must report those AD/CVD entries using the third-country case numbers identified above and post the required cash deposits for estimated antidumping and countervailing duties.

Public Comment

Pursuant to 19 CFR 351.226(f)(4), case briefs or other written comments should be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date of the publication of this notice. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline for case briefs. Parties who submit case or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior preliminary determinations, we have encouraged interested parties to provide a public executive summary of their brief that should be limited to five pages total, including footnotes. In these inquiries, we instead request that

Determination of Circumvention of the Antidumping and Countervailing Duty Orders on Steel Wire Garment Hangers from the Socialist Republic of Vietnam”, dated concurrently with, and hereby adopted by, this notice (Vietnam Inquiry PDM) (collectively, Preliminary Decision Memoranda).

⁹ See, *e.g.*, *Light-Walled Rectangular Pipe and Tube from the Republic of Korea: Final Affirmative Determination of Circumvention of the Antidumping Duty Order*, 88 FR 77266 (November 9, 2023), where Commerce suspended the entry and collected cash deposits at the highest available rate for entries that were found to be circumventing multiple orders.

interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs. Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this proceeding. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice in the **Federal Register**, filed electronically via ACCESS. Hearing requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants and whether any participant is a foreign national; and (3) a list of the issues to be discussed. Issues raised in the hearing will be limited to issues raised in the respective comments. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined and will notify the parties through ACCESS. Parties should confirm the date, time, and location of the hearing two days before the scheduled date.

All submissions, including affirmative and rebuttal comments, as well as hearing requests, should be filed using ACCESS. An electronically filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time on the established deadline.

Verification

Because the examined respondent in these circumvention inquiries did not provide information requested by Commerce, and Commerce preliminarily determines the respondent to have been uncooperative, we will not conduct verification.

U.S. International Trade Commission (ITC) Notification

Consistent with section 781(e) of the Act, Commerce will notify the ITC of this preliminary determination to include the merchandise subject to this circumvention inquiry within the *China Order* and the *Vietnam Orders*. Pursuant

to section 781(e) of the Act, the ITC may request consultations concerning Commerce's proposed inclusion of the inquiry merchandise. If, after consultations, the ITC believes that a significant injury issue is presented by the proposed inclusion, it will have 60 days from the date of notification by Commerce to provide written advice.

Notification to Interested Parties

This determination is issued and published in accordance with sections 781(b) of the Act 19 CFR 351.226(g)(1).

Dated: September 17, 2026.

Christian L. Bush,

Acting Deputy Assistant Secretary for Policy and Negotiations.

Certification Program Requirements

The importer is required to complete and maintain the applicable importer certification, and maintain a copy of the applicable producer certification, and retain all supporting documentation for both certifications. With the exception of the entries described below, the importer certification must be completed, signed, and dated by the time the entry summary is filed for the relevant entry.

If the producing company and the exporting company are the same, the importer, or the importer's agent, must submit the importer's certification, the producer/exporter certification, and documentation demonstrating that the country-of-origin of the (1) steel wire or (2) steel wire and paper accessories used in the production of the exported steel wire garment hangers was Chinese. Such certifications and documentation must be submitted to CBP at the time that the entry summary is filed by uploading these documents into the document imaging system (DIS) in the Automated Customs Environment (ACE).

If the producing company and the exporting company are different, the importer, or the importer's agent, must submit the importer's certification, the

producer's certification, and documentation demonstrating the Chinese-origin of the (1) steel wire or (2) steel wire and paper accessories used in the production of the exported steel wire garment hangers. Such certifications and documentation must be submitted to CBP at the time that the entry summary is filed by uploading these documents into DIS in ACE.

Where the importer uses a broker to facilitate the entry process, the importer should obtain the entry summary number from the broker. Agents of the importer, such as a broker, however, are not permitted to certify on behalf of the importer. Consistent with CBP's procedures, an importer shall identify certified entries by using the importer's additional declaration (record 54), AD/CVD Certification Designation (type code 6) when filing an entry summary.¹⁰

Where the producer and the exporter are the same entity, the producer/exporter is required to complete and maintain the applicable producer/exporter certification and provide the importer with a copy of that certification and all supporting documentation (e.g., invoice, purchase order, production records, etc.). With the exception of the entries described below, the producer certification must be completed, signed, and dated by the time of shipment of the relevant entry. The producer/exporter certification should be completed by the party producing and exporting the steel wire garment hangers that were manufactured in Cambodia to the United States.

Where the producer and exporter are different entities, (1) the producer is required to complete and maintain the applicable producer certification and provide the importer with a copy of that certification and all supporting documentation (e.g., invoice, purchase order, production records, etc.), and (2) the exporter is required to complete and maintain the applicable exporter certification and provide the importer with a copy of that certification and all supporting documentation (e.g., invoice, purchase order, production records, etc.).

Additionally, the claims made in the certifications and supporting documentation are subject to verification by Commerce or CBP. Importers and producers are required to maintain the certifications and supporting documentation until the later of: (1) the date that is five years after the latest entry date of the entries covered by the certification; or (2) the date that is three years after the conclusion of any litigation in the United States courts regarding such entries.

For all steel wire garment hangers that were entered, or withdrawn from warehouse, for consumption during the period August 12, 2025 (the date of publication of the initiation of these circumvention inquiries), through 45 days from the date on which Commerce published its preliminary circumvention findings in the **Federal Register**, where the entry has not been

¹⁰ See Cargo System Messaging Service #59384253, dated February 12, 2024; see also *Announcing an Importer's Additional Declaration in the Automated Commercial Environment Specific to Antidumping/Countervailing Duty Certifications*, 89 FR 7372 (February 2, 2024).

liquidated (and entries for which liquidation has not become final), the importer and producer certifications should be completed and signed as soon as practicable, but not later than 45 days of the date on which Commerce published its preliminary circumvention findings in the **Federal Register**. The importer's certification, the producer's certification, the commercial invoice, and documentation supporting the country of origin of the steel wire or type of input if not steel wire used to produce the steel wire garment hangers should be uploaded to the DIS in ACE as soon as practicable, but not later than 45 days of the date on which Commerce published its preliminary circumvention findings in the **Federal Register**. For such unliquidated entries made prior to the publication of these preliminary determinations which are suspended under the antidumping and countervailing duty orders, the importer or producer each have the option to complete a blanket certification covering multiple entries, individual certifications for each entry, or a combination thereof.

As discussed in the Preliminary Decision Memoranda, this dual circumvention certification program is not available for companies to which Commerce has applied facts available with adverse inferences. Accordingly, as discussed in the Preliminary Decision Memoranda, Commerce preliminarily determines that Alpha Hanger, Everbrit and Kaining are ineligible to certify that any entries of hangers are made of Chinese-origin (1) steel wire or (2) steel wire and paper accessories.

Interested parties may comment on these certification requirements, and on the certification language contained in this notice in their case briefs.

N. I understand that failure to maintain the required certification and supporting documentation, or failure to substantiate the claims made herein, or not allowing CBP and/or Commerce to verify the claims made herein, may result in a *de facto* determination that all entries to which this certification applies are within the scope of the antidumping duty (AD) and countervailing duty (CVD) orders on steel wire garment hangers from Vietnam. I understand that such finding will result in:

(i) suspension of liquidation at the AD and CVD rates applicable to the Vietnam Order of all unliquidated entries (and entries for which liquidation has not become final) for which these requirements were not met;
