include the merchandise subject to this circumvention inquiry within the *Orders.* Pursuant to section 781(e) of the Act, the ITC may request consultations concerning Commerce's proposed inclusion of the inquiry merchandise. If, after consultations, the ITC believes that a significant injury issue is presented by the proposed inclusion, it will have 60 days from the date of notification by Commerce to provide written advice.

Notification to Interested Parties

This determination is issued and published in accordance with section 781(d) of the Act and 19 CFR 351.226(g)(1).

Dated: September 17, 2026.

Steven Presing,

Executive Director for Policy and Negotiations.

Forged Steel Fluid End Blocks From Italy: Final Results of Countervailing Duty Administrative Review; 2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that certain producers and exporters of forged steel fluid end blocks (FEBs) from Italy received countervailable subsidies during the period of review (POR) January 1, 2024, through December 31, 2024.

DATES: Applicable September 22, 2026.

FOR FURTHER INFORMATION CONTACT: Ted Pearson or Stefan Smith AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2631 or (202) 482–4342, respectively.

SUPPLEMENTARY INFORMATION: On April 9, 2026, Commerce published in the **Federal Register** the *Preliminary Results* of this administrative review and invited comments from interested parties.[1] For a detailed description of the events that occurred since the *Preliminary Results, see* the Issues and Decision Memorandum.[2] The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Scope of the Order [3]

The products covered by the scope of the *Order* are forged steel fluid end blocks. For a full description of the scope of the *Order, see* the Issues and Decision Memorandum.

Analysis of Comments Received

Commerce addressed all issues raised in interested parties' case and rebuttal briefs in the Issues and Decision Memorandum. A list of the issues raised by parties, to which Commerce responded in the Issues and Decision Memorandum, is provided in the appendix to this notice.

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, we determine that there is a subsidy, *i.e.,* a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.[4] For a complete description of the methodology underlying all of Commerce's conclusions, including our reliance, in part, on facts otherwise available, including adverse facts available, pursuant to sections 776(a) and (b) of the Act, *see* the Issues and Decision Memorandum.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding the *Preliminary Results,* and for the reasons explained in the Issues and Decision Memorandum, we made certain changes to the calculations for Lucchini Mame Forge S.p.A. (Lucchini) and non-selected companies for these final results of review. However, no changes were made to the methodology used in the *Preliminary Results* for Metalcam S.p.A. (Metalcam). Further, we are applying facts available, with adverse inferences, to Officina Meccanica Roselli S.r.l. (Roselli). For a more detailed discussion of comments, *see* the Issues and Decision Memorandum.

Companies Not Selected for Individual Review

The statute does not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(e)(2) of the Act. However, Commerce's regulation at 19 CFR 351.109(g) states that Commerce will determine the rate for non-selected companies by following the process set forth in 19 CFR 351.109(f)(1)–(2), which generally parallels the process for determining the all-others rate in an investigation under section 705(c)(5) of the Act. Section 705(c)(5)(A)(i) of the Act and 19 CFR 351.109(f)(1) instruct Commerce, as a general rule, to calculate the all-others rate equal to the weighted average of the countervailable subsidy rates established for exporters and producers individually investigated, excluding any zero or *de minimis* countervailable subsidy rates, and any rates determined entirely on the basis of facts available.

Cogne Acciai Speciali S.p.A. (CAS) is a non-selected company under review with reviewable entries, and not found to be cross-owned with a mandatory respondent. Because the rates calculated for the mandatory respondents, Lucchini and Metalcam, were above *de*

[4] *See* sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

minimis and not based entirely on facts available, we continue to apply to CAS the weighted average of the net subsidy rates calculated for the mandatory respondents, which are based on the publicly-ranged sales data submitted by Lucchini and Metalcam.[5] This methodology is consistent with 19 CFR 351.109(g) and 351.109(f)(2)(ii).[6]

Final Results of the Administrative Review

We find the following net countervailable subsidy rates exist for the period January 1, 2024, through December 31, 2024:

Company	Subsidy rate (percent *ad valorem*)
Lucchini Mame Forge S.p.A.[7]	15.94
Metalcam S.p.A.[8]	10.89
Officine Meccaniche Roselli S.r.l	45.53
Review-Specific Rate for Non-Selected Company	
Cogne Acciai Speciali S.p.A	14.55

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to parties in this review within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Requirements

In accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(2), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review.[9] Commerce intends to issue assessment instructions to CBP no earlier than 35 days after publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.,* within 90 days of publication).

Cash Deposit Requirements

In accordance with section 751(a)(2)(C) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as follows: (1) the cash deposit rate for the companies listed above will be equal to the company-specific estimated individual countervailable subsidy rates determined in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) if both the producer and exporter of the subject merchandise have company-specific estimated subsidy rates assigned, and their rates differ, then the applicable cash deposit rate will be the higher of these two rates; (3) if either the producer or the exporter, but not both, of the subject merchandise has a company-specific estimated subsidy rate assigned, the applicable cash deposit rate will be that company's company-specific rate; and (4) the cash deposit rate for all other producers and exporters will continue to be 3.52 percent, the all-others subsidy rate established in the investigation.[10] These cash deposit requirements, effective upon publication of these final results, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

The final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: September 17, 2026.

Steven Presing,

Executive Director for Policy and Negotiations.

Polyethylene Terephthalate Resin From the Sultanate of Oman: Amended Final Results of Antidumping Duty Administrative Review; 2023–2024; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published a notice in the **Federal Register** of September 2026, in which Commerce amended the final results of the 2023–2024 administrative review of the antidumping duty (AD) order on polyethylene terephthalate resin (PET
