Title of Collection: Federal Direct PLUS Loan Request for Supplemental Information.

OMB Control Number: 1845-0103.

Type of Review: Revision of a currently approved ICR.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 1,379,766.

Total Estimated Number of Annual Burden Hours: 689,883.

Abstract: The Federal Direct PLUS Loan Request for Supplemental Information serves as the means by which a parent applicant may provide certain information to a school that will assist the school in originating the borrower's Direct PLUS Loan award, as an alternative to providing this information to the school by other means established by the school. This is a request for a revision of the currently approved form.

The One Big Beautiful Bill Act (OBBBA) signed into law on July 4, 2025, made statutory changes to Sections 455(a), 455(d), 455(e), 455(g), and 455(q) that impact borrower eligibility, terms and conditions, and borrowers' rights and responsibilities for Direct PLUS Loans received on or after July 1, 2026.

The new regulations directly impact the Direct PLUS Loan Request. Namely, the regulations modify the annual and aggregate loan limits for Direct PLUS Loans for parent borrowers and eliminate a graduate or professional student's eligibility for new PLUS loans as of July 1, 2026.

Ross Santy,

Chief Data Officer, Office of Planning, Evaluation and Policy Development.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Stronger Connections Grant Program Annual Performance Report

AGENCY: Office of Elementary and Secondary Education (OESE), Department of Education (ED).

ACTION: Notice.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact La'Shawndra Scroggins, (202) 219-1617.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Title of Collection: Stronger Connections Grant Program Annual Performance Report.

OMB Control Number: 1810-0788.

Type of Review: Revision of a currently approved ICR.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 3,051.

Total Estimated Number of Annual Burden Hours: 6,270.

Abstract: The Bipartisan Safer Communities Act (BSCA) provided \$1 billion in funding to State educational agencies (SEAs), to be distributed under Title IV, Part A of the Elementary and Secondary Education Act of 1965 (ESEA). The BSCA specified that SEAs must make competitive subgrants to high-need local educational agencies

(LEAs), as determined by the SEA, for activities that support safe and healthy students under section 4108 of the ESEA. The U.S. Department of Education designated BSCA section 4108 funds as the Stronger Connections Grant (SCG) program.

This is a revised information-collection request for the SCG program's performance reporting requirement. Under the Education Department's General Administrative Regulations (EDGAR, Section 75.720), grantees must submit annual performance reports unless the Secretary allows less frequent reporting. Accordingly, this information collection request removes the annual reporting requirement and replaces it with a final report.

Additionally, this revised information collection request reduces the number of proposed data items to be collected from grantees in their final report. This change decreases reporting burden by 34,366 hours and ensures that SEA grantees provide only the critical information needed, including: (1) the identification of the LEAs awarded SCG funds, and (2) how the SEA and its LEAs used SCG funds. This proposed information collection request balances reducing burden on grantees while collecting the essential information included in Attachment A for non-unitary systems and Attachment B for unitary systems.
