September 21, 2026.

On March 9, 2026, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² a proposed rule change to establish stop-limit complex orders as a type of complex order and to establish the Stop-Limit Complex Order Auction as a type of auction mechanism to facilitate auctions for stop-limit complex orders. The proposed rule change was published for comment in the **Federal Register** on March 26, 2026.³ The Commission received no comments regarding the proposed rule change.

On May 5, 2026, pursuant to Section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to approve or disapprove the proposed rule change.⁵ On June 24, 2026, the Commission instituted proceedings under Section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change.⁷

Section 19(b)(2) of the Act⁸ provides that, after initiating proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change,

The proposed rule change was published for comment in the **Federal Register** on March 26, 2026.⁹ The 180th day after publication of the proposed rule change is September 22, 2026. at specified times during a distribution of securities. Persons otherwise covered by this rule may seek to use several applicable exceptions such as a calculation of the average daily trading volume of the securities in distribution, documenting an estimate of the probability of default for distributions of certain nonconvertible securities, the maintenance of policies regarding information barriers between their affiliates, and the maintenance of a written policy regarding general compliance with Regulation M for de minimis transactions.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-106442; File No. SR-NYSETEX-2026-36]

Self-Regulatory Organizations; NYSE Texas, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7.10 Clearly Erroneous Executions

September 21, 2026.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on September 14, 2026, the NYSE Texas, Inc. (“NYSE Texas” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7.10 (“Clearly Erroneous Executions”) in light of the Commission's approval of Overnight Protected Bands for 23/5 Trading. The proposed rule change is available on the Exchange's website at www.nyse.com and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE Texas, Inc. (“NYSE Texas” or the “Exchange”) proposes to amend

proposes to amend Rule 7.10 (“Clearly Erroneous Executions”) in light of the Commission's approval of Overnight Protected Bands under the LULD Plan for 23/5 Trading.

Background

In conjunction with the industry's plans for the introduction of trading 23 hours a day, 5 days a week (“23/5 Trading”), the Operating Committee of the Plan to Address Extraordinary Market Volatility (“LULD Plan”) filed proposed Amendment 27 to the LULD Plan, which proposed to establish price band protections during overnight trading hours (“Overnight Price Bands”).⁴ The Operating Committee proposed that the Overnight Price Bands would initially be temporary static bands 20% above and below two reference points, and that after implementation, the Operating Committee would evaluate the performance of such Overnight Price Bands and propose appropriate changes in a new plan amendment.⁵ On August 5, 2026, the Commission approved the proposal.⁶

In light of the Commission's approval of these changes to the LULD Plan, the Exchange now proposes several amendments to Rule 7.10 regarding Clearly Erroneous Executions. In general, the rule describes the process a market participant may use to request cancellation of a transaction that was “clearly erroneous.” The current rule's central premise is that if LULD Price Bands under the LULD Plan were available and correct at the time the transaction was executed, the transaction is not eligible for clearly erroneous review. Specifically, Rule 7.10(c)(1) currently provides that “[i]f the execution time of the transaction(s) under review is during the Core Trading Session, the transaction will not be reviewable as clearly erroneous” except in certain limited circumstances, including when (A) the transaction is in an NMS stock that is not subject to the LULD Plan (*e.g.*, rights and warrants), (B) the transaction was executed at a time with LULD Price Bands were unavailable or trading should have been prevented due to a regulatory halt or other halt, or (C) several other limited
