SUPPLEMENTARY INFORMATION:

Proposal to renew the following currently approved collection of information:

1. *Title:* Summary of Deposits.

OMB Number: 3064–0061.

Affected Public: FDIC-insured depository institutions.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN

[OMB No. 3064–0061]

Information collection (IC) (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Average time per response (HH:MM)	Annual burden (hours)
1. Summary of Deposits, 12 CFR 304.3(c) (Mandatory)	Reporting (Annual)	3,651	1	03:00	10,953
Total Annual Burden (Hours)					10,953

Source: FDIC.

General Description of Collection: The Summary of Deposits (SOD) is the annual survey of branch office deposits as of June 30 for all FDIC-insured institutions, including insured U.S. branches of foreign banks. All FDIC-insured institutions that operate a main office and one or more branch locations (including limited service drive-thru locations) as of June 30 each year are required to file the SOD Survey. Insured branches of foreign banks are also required to file. All data collected on the SOD submission are available to the public. The survey data provides a basis for measuring the competitive impact of bank mergers and has additional use in research on banking. There is no change in the substance or methodology of this information collection. The change in burden is due solely to a decrease of 657 in the estimated number of respondents, from 11,610 annual respondents in the currently approved information collection to the current estimate of 10,953.

Request for Comment

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[Assistance Listing Number: 93.576]

Announcement of the Intent To Award a Single-Source Cooperative Agreement to International Rescue Committee in New York, New York

AGENCY: Refugee Program Bureau, Office of Refugee Resettlement (ORR), Administration for Children and Families (ACF), Department of Health and Human Services (HHS).

ACTION: Notice of issuance of a single-source cooperative agreement.

SUMMARY: The ACF, ORR, Refugee Program Bureau announces the intent to solicit and award a single-source cooperative agreement up to $20,000,000 to International Rescue Committee (IRC), in New York, New York, for the National Virtual Program for Professional Advancement. The proposed project period is September 30, 2026, through September 29, 2027. Under this initiative, IRC will use its nationwide virtual service delivery model to provide professional advancement services to up to 1,334 eligible refugees who arrived in the United States between September 1, 2026, and September 30, 2026.

DATES: The proposed period of support is September 30, 2026, through September 29, 2027.

FOR FURTHER INFORMATION CONTACT: Miro Marinovich, Office of Refugee Resettlement, Administration for Children and Families, 330 C Street SW, Washington, DC 20201. Telephone: (202) 729–3638; Email: *miro.marinovich@acf.hhs.gov.*

SUPPLEMENTARY INFORMATION: ORR intends to solicit and award a cooperative agreement to IRC for the National Virtual Program for Professional Advancement (NVPPA). The proposed action will provide up to $20,000,000 to IRC to establish and implement a nationwide virtual service model.

Under this initiative, IRC's national Economic Empowerment team will serve up to 1,334 eligible refugees who arrived in the United States before between September 1, 2026, and September 30, 2026. Services will be available virtually nationwide, regardless of a participant's location or initial resettlement agency, and will include outreach, orientation, intake, eligibility verification, Career Development Planning, navigation, job readiness and pathway-specific training, direct financial assistance, job development, and job placement support. IRC will track enrollment, services, disbursements, and employment outcomes.

Of the $20,000,000 supplement, up to $16,008,000 will go towards direct financial assistance for the costs of education and training of as much as $12,000 per participant for 1,334 eligible refugees. The remaining $3,992,000 will support IRC staffing, supplies, and associated indirect costs. Eligible direct financial assistance will include tuition; degree, certification, licensing, and examination costs; credential evaluation; textbooks and software; uniforms and safety gear; transportation; child care; required equipment; and a vehicle when an approved Career Development Plan establishes that the purchase is necessary for a career goal.

IRC will use its existing national virtual infrastructure and apply eligibility, career planning, documentation, vendor verification, direct payment, reporting, and enrollment contingency controls. Payments generally will be made directly to vendors or training providers; staff will confirm that each expense aligns with an approved Career Development Plan; vendors will be verified as licensed or accredited; and IRC will report against defined enrollment and spending thresholds.

The proposed model addresses geographic barriers to assistance, unrecognized foreign credentials, and limited funds for career-related costs that can leave qualified refugees in survival employment below their skill level. It is intended to help participants recover prior professions or build new career pathways, support household self-sufficiency, and reduce geographic disparities in access to career services.

ORR proposes to solicit and award IRC because it can use its existing national virtual infrastructure and established program and stewardship controls, supporting a faster, more expansive launch than site-based programs.

Timely issuance is important because eligible clients are arriving throughout September 2026. The funding must be provided before the end of the fiscal year for IRC to begin serving eligible refugees on September 30, 2026. The proposed cooperative agreement through September 29, 2027, will allow IRC to set up and implement the nationwide virtual model.

Statutory Authority: Under section 8 U.S.C. 1522(c) of the Refugee Act, ORR is authorized to make grants to and contracts with public or private nonprofit agencies to assist refugees in obtaining the skills necessary for economic self-sufficiency.

Elizabeth Leo,

Grants Policy Branch Chief, Office of Grants Policy, Office of Administration.
